**Roseville Utility Exploration Center**
*(inside Mahany Regional Park)*
1501 Pleasant Grove Blvd.
Roseville, CA 95747
916.746.1550
Open Tuesday - Saturday, 10 a.m. - 5 p.m.

The Utility Exploration Center is an environmental learning center supported by the City's Environmental Utilities and Roseville Electric Utility departments. Our tours and programs focus on **energy efficiency, water efficiency, watershed protection** and **waste reduction**. Our programs offer age-appropriate exploration of our exhibit hall, LEED certified building , and award-winning programming in our technology lab.

**BOOK YOUR TOUR TODAY!**

To find out more or to book your tour, visit roseville.ca.us/**explore**.

## Exhibit Hall Tours

Our **one hour** guided tours of the exhibit hall will be customized to fit your group's interests and learning levels. Choose from any or all of our three areas of interest for your tour: energy efficiency, solid waste reduction/recycling and water efficiency/watershed protection. We will design a tour with you to fit your group's needs.

**$3.50 per person (minimum charge $35)**

## HANDS-ON EXHIBITS

The Exploration Center features six major exhibits within the 3,200 sq.ft. gallery space. Current exhibits include a three-foot diameter revolving video globe, the Planet Protectors Green Home Makeover and the interactive game show Green or Not Green. Challenge other visitors to find out how much they know about utility operations, water and energy efficiency and opportunities to use fewer resources and save money!

## Community and Youth Groups

The Exploration Center provides customized programming for a wide variety of organizations. We offer programs for youth groups including the Boy Scouts and Girl Scouts, high school and college level students, churches and other community groups.

Our programs range in length from one to two hours and focus on topics including energy and water efficiency, waste reduction and watershed protection. Whether you are working towards another hard-earned badge or looking to make your community a better place to live, our experienced staff can provide you with an exciting program designed for your group.

**$3.50/person - 1 hr. tour | $4.00/person - 1.5 hr. tour**
**$4.50/person - 2 hr. tour**

***minimum charges apply to groups smaller than 10***

## LEED Building Tours

Take a **one hour** tour of Placer County's first Gold Leadership in Energy and Environmental Design (LEED) Certified facility. See the recycled and repurposed materials that make up the Martha Riley Library and Utility Exploration Center within Mahany Park.

**$3.50 per person (minimum charge $35)**

### FREE Add-On for All Tours

### Zero-Waste Lunch Dump

Bring your lunches and eat in the outside courtyard (or indoors on rainy days). After lunch, we will conduct a "lunch dump" where participants explore and categorize what they tossed in the trash after lunch. Some of the leftover food is fed to our worms in our worm composting bin.

**Allow 45 minutes to 1 hour after your tour for lunch and this FREE add-on activity.**
