Guidelines for Proposed Street Names:

1. The duplication of existing street names within the boundaries of the City and all of Placer County shall not be permitted.
2. The use of similar sounding street names shall not be permitted.
3) The use of street names that are difficult to pronounce, hyphenated, include apostrophes, or exceed maximum space requirements for street signs as defined by the City of Roseville Construction Standards, Section 7-18 page ST-16, shall not be permitted.
4) In two word street names beginning with the single word 'Mount', the word 'Mount' shall always be abbreviated to 'Mt', followed by the full second street name (i.e. Mt Baldy Dr). All street name signs shall be consistent with the approved street name.
5) The use of numerical street names in combination with a standard street name shall not be permitted (i.e. – 400th Waterfront St).
6) Directional prefixes (north, south, east, west) are permitted when used together with an existing street name to identify the extension of that street. Only streets classified as minor or major arterials are permitted the use of directional prefixes, as defined in the City street classes, located in the City of Roseville Construction Standards, Section 7, page ST-2. All directional prefixes shall be abbreviated after the first letter. All street name signs shall be consistent with the approved street name (i.e. - **N** Sunrise Av). The use of one-word or one-word combined directional street names shall not be permitted (i.e. – North St and Northstar Rd)
7) Only recognized street types as listed in the City's Addressing Guidelines, Section XIII.A – Appendix - Situs Address Standard, shall be used.
8) Street types shall be consistent with their definitions as listed in the City's Addressing Guidelines, Page 19, Section XIII.B – Appendix – Street Type Definitions.
