			dining facilities.
Anonymous Participant	09/22/04	Survey	Great city planning.
Anonymous Participant	09/22/04	Survey	Services such as power, water, electricity, are affordable and reliable.
Anonymous Participant	09/22/04	Survey	Roseville still has a 'small town' atmosphere, but this is changing do to growth. Its possible to keep it this way with proper growth planning.

Anonymous Participant	09/22/04	Survey	Roseville is large enough to provide the services I need but small enough to feel comfortable living here.
Anonymous Participant	09/22/04	Survey	It's an execellent place to raise my four children. I cannot wait for ground breaking for the new library in west Roseville.
Anonymous Participant	09/22/04	Survey	Roseville is in an almost perfect location for excellent living. The major problem facing us, and you, is to somehow control the very rapid growth. Because of it's location it will continue to attract more and more people. That will continue to create major problems for the planners and managers. But it is absolutely mandatory to keep the growth under control. You may never be able to limit growth. But you can plan for it and keep the increase in growth organized and manageable.
Anonymous Participant	09/22/04	Survey	neighborhood parks and public safety.
Anonymous Participant	09/22/04	Survey	Rosevile is a friendly, clean, well maintained & managed city that attracts families that want a safe & wholesome place to live.

Anonymous Participant	09/22/04	Survey	High real estate values if you are selling.
Anonymous Participant	09/22/04	Survey	Mahany and Maidu parks and the aquatic center.
Anonymous Participant	09/22/04	Survey	I still feel very safe in Roseville. It still maintains some of the small town community atmosphere I grew up in, although this is changing rapidly. The Hospital Fund grants are of major importance in helping members of the community. I would like to see some way of increasing the principle in order to be able to increase the grants...perhaps some type of a 'Roseville Day' with numerous activities and fund raisers being held to benefit the Hospital Fund. The Music in the Park program is also a treasure...perhaps the snack bar could be opened by volunteers to raise additional funds.
Anonymous Participant	09/22/04	Survey	Well planned city with little crime and few slum neighborhoods.
Anonymous Participant	09/22/04	Survey	The active and effective response by the employees of the city to problems and concerns of the citizens of Roseville.

Anonymous Participant	09/22/04	Survey	High quality public facilities, such as the sports center and the aquatic center.
Anonymous Participant	09/22/04	Survey	Moving here from the San Fernando Valley in L.A., I'm most impressed by the planning that goes into the development...wide streets, traffic-sensitive lights, lots of parks etc. I try to watch City Council meetings and sometimes Planning Commission meetings. Anonymous Participant	09/22/04	Survey	There are many routes to get places. Plenty of choices for dining and shopping. I like that the City runs the utilities.

Anonymous Participant	09/22/04	Survey	love the summer saunders aquatic center
Anonymous Participant	09/22/04	Survey	The schools.
Anonymous Participant	09/22/04	Survey	It used to be a 'small town', that is what we liked about it. Now, it's growing too fast. We are lucky, though, we are in a cul-de-sac and the traffic can't get any closer to us.

Anonymous Participant	09/22/04	Survey	The city has and continues to present clean and orderly look that appeals to the reasons to live here.
Anonymous Participant	09/22/04	Survey	very little violence. Not too many gangs. Safe for kids to walk places in most areas.

Anonymous Participant	09/22/04	Survey	Many opportunities. Everything nearby. Probably don't need more shopping. Roadways, bikeways well maintained.
Anonymous Participant	09/22/04	Survey	low crime rate
Anonymous Participant	09/22/04	Survey	Convenient shopping; nice neighborhoods; clean well maintained city; family friendly; public safety;
Anonymous Participant	09/22/04	Survey	A feeling of security. We have excellent, although in my opinion understaffed, police and fire protection.
Anonymous Participant	09/22/04	Survey	I appreciate the wide variety of activities that are available however they are only available to those who can afford them! For me, living in 'central' Roseville, it still has the feel of a smaller community and the people who are involved in community are people I tend to respect for their commitment to Roseville and the people of Roseville. I think we are becoming a 'layered' city with much wealth and little concern for those who are low-middle and low income people or families. To retain the diversity and the healthy community that comes with that diversity, will be a challenge.

Anonymous Participant	09/22/04	Survey	I like the improvements in the down town and old town area. All of the City Departments are very good and are quick to respond.
Anonymous Participant	09/22/04	Survey	Roseville has wonderful city services (libraries, parks, police, fire, waste mngt., etc.).
Anonymous Participant	09/22/04	Survey	The socioeconomic demographics of the area well above most communities. I believe that this results from: recruiting quality businesses such as HP,NEC,health care providers (e.g., Kaiser, Sutter, etc), a varity of financial institutions and firms,and others;a waive of well educated and financially secure retirees moving to the area; and, upper end housing development that only better endowed persons can afford (a community plus in my opinion, even if it might be considered elitist). Such demographics produces a lower crime rate,little graffity, better maintainance of neighborhoods and business establishments, greater interest in and growth of all of the arts and theater, more interest and volunteerism in local government, schools and charities, and so on.
Anonymous Participant	09/22/04	Survey	Roseville Electric. They are great!
Anonymous Participant	09/22/04	Survey	I believe that open space and nature areas have been a major focus over the past few years. Having come from LA I find that the open space is critical
Anonymous Participant	09/22/04	Survey	This is a growing community that is trying to maintain a small community atmosphere.
Anonymous Participant	09/22/04	Survey	The city is clean, well planned out, and there are lots of local businness and shopping to meet the needs of the residents.
Anonymous Participant	09/22/04	Survey	The planning has made the city easy to navigate, safe to use with wide roads and recreation areas in residential areas Everything can be done in Roseville-shopping, education, healthcare, recreation, pet care, etc.
Anonymous Participant	09/22/04	Survey	Central location between the mountains and the ocean.
Anonymous Participant	09/22/04	Survey	A well rounded community that is not run by special interest groups.
Anonymous Participant	09/22/04	Survey	Family and Community activities
Anonymous Participant	09/22/04	Survey	The 'small-town feel' continues even with the growth the city has experienced in the past 10 years. The revitilization of the Downtown area is critical to preserving the small town feel.
Anonymous Participant	09/22/04	Survey	In the five years I have lived here, Roseville has built up considerably. Generally speaking the city planning appears to be well thought out.
Anonymous Participant	09/22/04	Survey	Generally, the community is well run, but the traffic problems facing growing commercial growth are completely inadequate, and not being addressed with efficiency, nor urgency. Either have the current traffic engineers get the job done, or hire competent help.
Anonymous Participant	09/23/04	Survey	FAIRLY GOOD MANAGEMENT
Anonymous Participant	09/23/04	Survey	Although it's grown a lot since I moved here 13 years ago, Roseville still has the feel of a smaller community, one in which the input of residents is valued.

Anonymous Participant	09/23/04	Survey	We mainly chose to live in Roseville becasue of the schools.
Anonymous Participant	09/23/04	Survey	The planning of new communities with schools, parks, and roads are well thought out, the expansion of the outlying areas are planned appropriately, however, the expansion is too rapid.

Anonymous Participant	09/23/04	Survey	It's a clean city with good services and parks and recreation facilities.
Anonymous Participant	09/23/04	Survey	having all the available services such as shopping, parks, senior and youth activities. Only problem is traffic and getting to these activities.

Anonymous Participant	09/23/04	Survey	Everything is readily available, i.e., recreational activities; dining; cultural; etc.
Anonymous Participant	09/23/04	Survey	Roseville has everything large cities offer plus easy access to government leaders,
Anonymous Participant	09/23/04	Survey	Good water
Anonymous Participant	09/23/04	Survey	Its so clean and safe to live here. I dont want to see it all jammed up with traffic and trash due to too many homes and people. We need some wide open spaces to enjoy and let nature enjoy them as well. Let Sacramento be the local metropolitan city with all the crime, traffic and people
Anonymous Participant	09/23/04	Survey	I appreciate the cities requests for input from residents and also the implementation of many of the ideas.
Anonymous Participant	09/23/04	Survey	new businesses, clean look, safety
Anonymous Participant	09/23/04	Survey	Parks and recreation has great classes, programs, exercise facilities, etc.
Anonymous Participant	09/23/04	Survey	I enjoy living and working in Roseville. It is a well planned community. There seems to be a store on every conner now. Convenience is good.
Anonymous Participant	09/23/04	Survey	I believe Roseville has retained its All American City atmosphere. I live in a wholesome community where I feel safe, and I can't envision any other community in which I would want my grandchild raised.
Anonymous Participant	09/23/04	Survey	beautiful park facilities at Maidu close proximity to shopping/retail and recreation
Anonymous Participant	09/23/04	Survey	Still has the semblance of being a community not just another suburban area. Has close by major shopping areas, community college and medical facilities. Like the Maidu facility. Good diversity in population demographics - some families, some seniors, etc.
Anonymous Participant	09/23/04	Survey	It is a clean well maintained community with good fire and police protection. It's a good community in which to live.
Anonymous Participant	09/23/04	Survey	I appreciate the excellent public schools.
Anonymous Participant	09/23/04	Survey	I love Roseville, but again, the growth is too fast, and traffic is a nightmare! With Del Webb, we have more senior citizens coming up our way, and I'm sure they, along with me, do not like have to fear for our lives every time we get into our cars to go to the store, or anywhere else in town.

Anonymous Participant	09/23/04	Survey	Climate, Cost of living, Excellent shopping and recreational opportunities and good schools for my grandkids.
Anonymous Participant	09/23/04	Survey	It is a place where I feel safe and secure for myself and children. A fun place to live.

Anonymous Participant	09/23/04	Survey	Roseville is unique in that many of it's residents can live and work in the same city due to the many varied businesses. Many communities in this area such as Carmichael have more residental than business and most people commute. I work in Citrus Heights which is only a 7 mile commute. When you look at traffic, air and water quality, having businesses available for your poplulation to work in is a plus. I rarely have to leave Roseville, almost everything is here, restaurants, stores and services. That is also a definate plus. I really liked the new Roseville magazine that advertises Roseville. I always try to purchase in Roseville when at all possible.

Anonymous Participant	09/24/04	Survey	It seems that if our family needs to do some shopping or purchase something thatwe do not need to leave the Roseville area. Previously, we had to travel to find a shopping mall or specific stores. Now that we have been living in Roseville it is more convenient.
Anonymous Participant	09/24/04	Survey	Roseville has what it needs to offer 'city' living, yet in my neighborhood, near Junction/Foothill, there is a friendly, safe environment that you would expect in a small town. A nice combination of city/sub-urban life.
Anonymous Participant	09/24/04	Survey	The wide streets, variety of stores, restaurants, and entertainment. In addition, the health facilities. No need to go to Sacramento! I remember those days. I am a native of Roseville.

Anonymous Participant	09/24/04	Survey	Once a relatively quiet, peaceful rural town, Roseville is fast becoming a busy, rushing, urban snarl of spreading pavement, structures and traffic. It's still the best of the worst of growth in cities around us. The challenge is keeping Roseville from morphing into another tasteless, brassy, urban field of shopping malls and Wal-Marts.

Anonymous Participant	09/25/04	Survey	I have enjoyed the consistant care and attention the city gives to the people and their neighborhoods. I noticed the differance in attitude and actions towards the community the first days I lived here. It is apparent that Roseville wants to carry itself at a higher standard. I greatly appreciate that attitude.
