Welcome to the City of Roseville!

You are now part of the One Big Bin program

One Big Bin is recycling and disposal made easy. Please place all of your recyclable materials such as cardboard, aluminum, plastic and paper, along with your trash, in the black can provided. The recyclable items will be removed during the sorting process after collection.

We also provide a green can for your yard waste. The green container is serviced every other week on your pick up day. The contents are taken to a composting facility and converted to premium compost material.
