

Fire Department
 401 Oak Street, #402
 Roseville, California 95678-2649

Aboveground Storage Tank Permit Application

A permit shall be obtained from the Fire Department prior to installing, removing or modifying any aboveground fuel tank system. Submit a completed application and a check in accordance with the Roseville Fire Department Fee Schedule. For new installations, a state fee of \$49.00 must be added unless this general oversight fee is paid in connection with other permits.

Installation of tanks will be in accordance with the California Fire Coded (CFC) Chapter 34. Fuel tanks for temporary use at construction sites shall comply with CFC section 3406.2 and the guidelines noted on the website for tanks at construction sites. A permit shall also be obtained from the Roseville Building Department for electrical work, and when fuel tanks weigh more than 400 pounds. A duplicate set of installation plans shall include anchorage, bracing, engineering calculations, materials of construction, dual wall and/or secondary containment specifications, set-backs to property lines, buildings and building openings.

An owner/operator of a single tank with a capacity in excess of 1,320 gallons or containers with a combined aggregate quantity of 1,320 gallons or more is also subject to the state Aboveground Petroleum Storage Act. *(Contact the State Water Resources Control Board for more information.)* Aboveground tanks used for dispensing gasoline into motor vehicles are subject to requirements for Phase I or Phase II vapor recovery. *(Contact Placer County Air Pollution Control District for more information)*
