## Fiscal Year 2023-24

# Annual Budget

Fiscal year beginning July 1, 2023

## City Council

Mayor: Bruce Houdesheldt

Vice Mayor: Krista Bernasconi

Councilmembers: Scott Alvord  
Tracy Mendonsa  
Pauline Roccucci

City Manager: Dominick Casey

Submitted by the City Manager  
To the Mayor and City Council on May 19, 2023

Final adoption by City Council on June 21, 2023

**Prepared By Finance Staff**

Dennis Kauffman, Assistant City Manager/Chief Financial Officer

Scott Pettingell, Assistant Finance Director

Nancy Rothlisberger, Budget Manager

Natalya Lakhno, Budget Analyst

Alexandra Marquez, Budget Analyst

Paula Sabo, Budget Analyst

Lisa Gist, Finance Manager

Terry Bradley, Management Assistant

# City Manager's Budget Message

## AS ECONOMY REBALANCES, UNCERTAINTY PERSISTS

Higher highs and lower lows have characterized the economic swings that have occurred since the onset of the pandemic and the rebound that followed. Looking ahead, we anticipate a rebalancing of the economy, which will lead to a new set of expectations around stability.

In the meantime, predictability remains somewhat elusive, given the factors causing concern:

- The pace of inflation has accelerated and the federal government began raising interest rates after an extended period of historically low rates.
- Supply chain issues, from material sourcing to manufacturing to distribution, continue and could be exacerbated by geopolitical concerns.
- Labor shortages of the past year have started to give way to a slower hiring pace and layoffs, illustrating the compressed timeline of extremes that we've been experiencing.
- Geopolitical events, including Russia's invasion of Ukraine last year, and tensions between the U.S. and China over Taiwan, continue to have economic impacts.

- The effects of wild and unprecedented weather patterns are damaging and have intensified the focus on ways to mitigate climate change.

These factors permeate to the local level and combine with others that add complexity to the City's ability to deliver services. Within the City organization, we find that it's never easy to balance the needs of the future with the needs of today. As demands on our resources continue to grow, we must thoughtfully and carefully grow to meet them. I believe in this proposed budget we have done that. Larger trends have an impact at the city level and the following themes became clear in reviewing the budget requests from City departments:

- **Talent loss** has resulted from a competitive labor market and an expanded ability to work remotely has enticed staff to take jobs elsewhere. The pension benefits that once incentivized longevity were changed by the California Public Employees' Pension Reform Act (PEPRA) legislation in 2013, and we're seeing shorter tenures in some areas. Pandemic fatigue accelerated retirement plans for some staff.
- **Recruitment challenges** have arisen, also due to the competition in the labor market for staff. Attracting specialty positions is getting increasingly difficult. This puts more burden on existing staff and delays

# City Manager's Budget Message

our ability to focus and deliver on new and expanded priorities.

- **Inflation** is increasing the costs of contracts for materials and services, reducing the availability of funds for other items.
- **Supply chain disruption** has caused delays in development and operations throughout the community, from obtaining transformers to power new subdivisions to obtaining parts needed to operate a water feature at a new park.
- **Increasing regulations and looming deadlines** for compliance are adding costs and complexity to the way we plan and operate.
- **Aging infrastructure** for which replacement costs were underfunded during the Great Recession needs attention.

On a positive note, several factors have strengthened Roseville's ability to withstand the circumstances:

## General Fund surplus

- **Underspending** in the General Fund as our staff uses the same high level of scrutiny in purchasing decisions, no matter the economic circumstances.
- **Historically higher sales tax revenues** from the pandemic rebound last year allowed the City to fund reserve funds to higher levels to weather economic headwinds.
- **Higher property tax revenues** due to higher home prices, continued development, and a competitive housing market fueled by low-interest rates and the ability to work remotely. Even though interest rates have increased, housing prices have held steady and the yearlong lag before the effects of the housing market are felt by cities provides time for planning.

## Fully funded reserves

- Measure B sales tax revenue, new revenues from Measure C hotel tax revenue, and a conservative approach to budgeting have contributed to Roseville's ability to fully fund our reserves in accordance with Council policies. This further strengthens our ability to withstand the inevitable, cyclical economic downturn.

## Federal funding

- Roseville has invested the **\$17.6 million in one-time funds** from the American Rescue Plan Act of 2021 to assist with City and community needs, including

making \$1 million available to area non-profits through the competitive annual grant cycle administered by the Grants Advisory Commission.

## Economic Development

- Global semiconductor manufacturer Bosch announced on April 27, 2023 its plans to acquire assets of the U.S. chipmaker TSI Semiconductors (TSI), based in Roseville and expand its semiconductor business with silicon carbide chips. Over the next years, Bosch intends to invest more than \$1.5 billion in the Roseville site and convert the TSI Semiconductors manufacturing facilities to state-of-the-art processes. This will bring hundreds of new, high-wage jobs to Roseville, attract other ancillary businesses, and reinforces the significant asset of the City has in owning its own electric utility.

## Proactive planning

- We had the highest-ever temperatures on record in September 2022, followed five months later by some of the coldest and wettest conditions our region has seen in decades. The Council's consistent support for infrastructure improvements over the years made our community resilient in the face of both extremes.
  - o We kept the power on for the vast majority of the time in both circumstances for nearly all customers.
  - o Our Federal Emergency Management Agency (FEMA) Class 1 Flood Rating improvements ensured that flooding impacts were minimal.
  - o Our proactive efforts with aquifer storage and recovery the past two decades and relationships with state and federal regulators helped Roseville take advantage of banking excess water in our aquifers for dry times.
- We've had nearly a full year of a hybrid work schedule for eligible city positions. It continues to be a high priority benefit for recruiting new candidates in a highly competitive labor market and is working well.
- Roseville voters approved a 4 percent (6 percent to 10 percent) increase in the hotel tax to bring the City on par with or still below most cities in California. This was the first increase since 1975 in Roseville, and important as we continue to invest significantly in amenities that our visitors use.
- We continue to advocate strongly at the federal and state levels on legislation and regulations that are being developed at what seems like warp speed

# City Manager's Budget Message

sometimes. Our Council is adamant about protecting local control, promoting public safety, and providing value in our reliable delivery of utility services. This requires a level of attentiveness, a strong track record, and key relationships.

- Cyberattacks on nearby communities remind us of the importance of vigilance in this area for operational continuity and community trust.
- In December 2022, Roseville transitioned for the first time to a rotational mayorship per the voters' approval of charter amendments in 2020.
- Our organization has evolved due to significant turnover at all levels of the organization with retirements and other changes. We are intensifying our focus on organizational culture to ensure we remain an employer of choice and a place where people can grow both personally and professionally.

## COUNCIL PRIORITIES FY2023-24

### Council updates priorities in its four-year strategic plan

In October 2019, the City Council held a public workshop to set the long-term vision for our City and our top priorities for FY2020-21 through FY2023-24. Annual updates to the plan are held each spring during the budget development process for the upcoming fiscal year.

A sign of a well-developed strategic plan is its ability to withstand the test of time and changing circumstances.

This proved true throughout the wild extremes and unpredictable challenges that arose in the four years of this plan, whether they were economic, social, or environmental. The strategic plan has remained relevant and an important policy document to guide budget decisions.

Following are the priorities and strategies that emerged from the Council's February 2023 workshop, at which it updated the final year of the plan to reflect changing circumstances, work accomplished and underway, and evolving focus areas.

### Maintain a safe and healthy community

- Ensure public safety service levels are maintained with facilities and staffing, and real-time crime monitoring, as the City grows.
- Continue City efforts to reduce homelessness while collaborating and advocating regionally as appropriate.

- Continue inclusiveness, equality and justice efforts for all in partnership with the community.

### Remain fiscally responsible in a changing world

- Balance utility services and customer rates, given legislative mandates and rising costs.
- Seek ways to reduce pension liabilities to maintain high-quality services.

### Enhance economic vitality

- Advance sports tourism strategy, including Roseville Soccer Complex.
- Support conditions that attract, promote and retain retail, commercial, and industrial opportunities that have a positive fiscal impact.
- Consider strategic reserves and other funding for vacant storefronts, façade improvements, corridor rehabilitation and other opportunities to adapt to changing economic conditions.
- Implement Economic Development Strategy.

### Invest in well-planned infrastructure and growth

- Reinvest in core neighborhoods.
- Increase funding for capital rehabilitation to prevent erosion of infrastructure.
- Prioritize completion of Roseville Soccer Complex and crucial corridors.
- Maintain investment in water resiliency and increase capacity of the electric utility.
- Seek increased regional and local transportation funding and revenues.

### Support community engagement and advocacy

- Remain focused on community engagement and education about City services and the budget.
- Explore opportunities to engage increasingly diverse audiences in relevant ways.
- Increase outreach to and engagement with younger populations.
- Explore volunteer opportunities for employees.
- Help county, state, and federal policymakers understand key City issues, including local decision-making.

# City Manager's Budget Message

## Deliver exceptional City services

- Explore ways to strengthen code enforcement efforts, including graffiti and blight abatement.
- Remain an employer of choice through expanded recruitment and attraction efforts, a focus on retention, and a strong culture.
- Implement greater community-based and volunteer cleanups.
- Implement a new and more efficient way to process increasing Public Records Act requests.

## Overview of the past year's accomplishments

As the City Council refines the Strategic Plan each year, an important part of its assessment is reviewing work to date on the previous year's plan. Following is an overview of accomplishments related to last fiscal year's strategic plan:

### Maintain a safe and healthy community

#### Maintain public safety staffing levels and implement real-time crime center

- Hired 10 new police officers.
- Implemented the first phase of the real-time crime center, with license plate reader cameras, additional staff, and monitors to leverage the use of technology to reduce crime in Roseville.

### Address homelessness

- The Placer Regional Homeless Response team has major focus areas consisting of Permanent Supportive Housing, Communications, Public Safety and Social Services, and Emergency Housing and Crisis Services. This process was designed to utilize representation from South Placer jurisdictions (both professional staff and elected officials) to help drive the final recommendations. The final recommendations would then be presented to the various elected bodies for their input, culminating with their support, approval, or rejection.
- At the City level, a multi-department Homeless Response Team comprised of staff from the Police Social Services Unit, the Housing Division, the Parks, Recreation & Libraries Department, and Government Relations meets regularly and coordinates responses to the array of needs that arise with the goal of obtaining and providing the necessary resources to prevent and address homelessness.

## Strengthen inclusiveness, equality, and justice for all in our community

- Continued sponsorship of Conversations on Racial Healing, MLK Walk, site visits, and Lunch and Learn sessions for staff.
- Ongoing Invest Health partnership with the Health Education Council to raise health equities and reduce disparities among residents in the City's core neighborhoods and throughout Roseville has increased investment in infrastructure and funding for facilities and services.

## Other safety and health priority projects completed

- Community Grants: Since July 2022, the City has awarded a total of \$629,681 to numerous non-profit organizations to support 34 different community projects and programs aligned with social determinants of health. The grant funds were comprised of Citizens' Benefit Fund, American Rescue Plan Act, and Roseville Employees Annual Charitable Hearts (REACH) funds. These grants continue to be a valuable way to partner with community-based organizations to provide the needed services and resources that contribute to and enhance Roseville's quality of life.

## Remain fiscally responsible in a changing world

### Explore new and diverse revenue streams to ensure those who use city services help fund them

- Measure C passed with 72 percent of the vote in Roseville. The City's transient occupancy tax (TOT) hadn't been raised since 1974 and will help provide services to the growing number of visitors and residents, especially when the Roseville Soccer Complex opens. The TOT increase is anticipated to generate an additional \$3-4 million annually for the City's General Fund.

## Balance utility services, unfunded legislative mandates, costs and customer rates

- After an unusual seven-year period without electric rate increases, market and regulatory forces necessitated rate and nexus studies. Data showed a need for rate increases to offset rising costs and ensure long-term reliability for our electric, water, and wastewater utilities.

## Increase funding for capital rehabilitation to prevent erosion of infrastructure

- Increased capital rehabilitation investment, with an update to the City's capital rehabilitation funding policy,

# City Manager's Budget Message

to ensure our City-owned assets remain safe and operational for our community and staff. The policy was updated to add street maintenance funding, and to increase the annual incremental funding for the program.

## Seeking ways to reduce pension liabilities to maintain high-quality services

- Updated pension funding policy to include a Section 115 pension trust and appropriated \$8 million to the new trust fund in the adopted budget, along with the City's second Additional Discretionary Payment of \$6 million.

## Seek increased transportation funding (outside of the General Fund)

- Continued working with Placer County Transportation Planning Agency (PCTPA) on ways to generate additional revenue for regional transportation infrastructure needs, educate stakeholders and raise awareness of the funding challenges with new requirements for a local source of matching funds to obtain state and federal funding for transportation projects.
- PCTPA has a small budget to continue educating the public about the funding requirements. Needs include:
  - I-80/Highway 65 interchange
  - Local projects and road maintenance
  - Highway 65 widening
  - Yet-to-be-built Placer Parkway connecting Highways 65 and 99
  - Baseline Road widening
  - If a local funding source in the form of a half-cent sales tax were approved, the plan would be to bond against the tax to construct some of these improvements immediately.
- Federal and State Grant Funding
  - Roseville is not positioned well to receive state and federal funding based upon many of the new requirements for funding, including low-income and disadvantaged community requirements.
  - Chances of receiving funding are unlikely for any of our road improvements that do not meet some special need, like multi-modal or hazard mitigation.

## Enhance economic vitality

### Advance sports tourism, including destination-type amenities

- Plans are complete and strategies are in place to utilize the planned 10-field Roseville Soccer Complex to strengthen the region's position in sports tourism. The complex will focus on a blend of local, regional and national tournaments to drive visitors to the community, while also playing a vital role in serving local sports clubs' and organizations' need for space designed and dedicated for this type of use.

### Support conditions that promote and retain retail, commercial, and industrial opportunities to include Baseline Marketplace

- Costco is in the process of obtaining updated entitlement documents and off-site plans necessary for their current proposal at Baseline Marketplace.
- Other employers are siting their operations and significantly expanding their workforce in Roseville.

### Consider strategic reserves and other funding for job growth incubators, vacant storefronts, façade improvements and other economic development opportunities

- **Business Accelerators:** Roseville Venture Lab, a public-private partnership between the City of Roseville and Growth Factory, a nonprofit startup accelerator with an accompanying venture fund, opened in September 2022 at 316 Vernon Street. It will help residents to access entrepreneurial resources to bring their ideas to life through innovation challenges, Roseville Rising business cohort, meetings, events, and drop-in coworking.
- **Job Growth:** This past year we saw significant job growth occur with two notable Roseville businesses. **Quick Quack** expanded its headquarters by moving its manufacturing to Roseville where the company will design and fabricate car wash components. This move brings more than 60 jobs to the City, including software and hardware engineering roles, with more jobs planned as the business continues to expand. **Penumbra** opened its facility in the Roseville Innovation Park in 2018, occupying 157,500 square feet with 250 employees. Penumbra has continued to grow, expanding its lease in 2021, occupying 254,000 square feet, and currently employing over 600 employees, adding over 350 new jobs since its opening.

# City Manager's Budget Message

- **Façade Improvements:** Last year, two façade grants were awarded for \$10,000 each for a total of \$20,000. The recipients were Daniellos at 229 Vernon Street and the Roseville Eagles at 124 Vernon Street. Since 2020, the program has awarded \$65,000 in grants under two rounds of funding to various projects, including Bunz Co, Randy Peters, L and D Sustainability, and Trax, to name a few. With the recent approval of the Commercial Corridor Project Plans, an expansion of the Façade Improvement Rebate Program could stimulate investment and support property and business owners committed to enhancing the aesthetic of their buildings and the overall appearance of these commercial corridors.

## Finalize Economic Development Strategy

- Completed and being implemented.

## Invest in well-planned infrastructure

### Reinvest in core neighborhoods with a focus on Weber Park

- Progress continues on Weber Park. The design is complete and a public meeting was held on December 6, 2022 with more than 20 residents in attendance. There was overwhelming support for the updated park design, which lowers the park's topography to provide greater visibility through the park and includes picnic areas, an expanded children's play area, and a walking loop around the park with exercise stations. The updated park design was posted on the Parks, Recreation & Libraries webpage for four weeks, seeking additional public comment. The comment period ended on January 13, 2023. The updated park design was presented for approval by the Parks & Recreation Commission in February, followed by the request for Council approval. Much of 2023 will consist of developing construction documents, with the park's groundbreaking planned for Spring 2024. The new Weber Park is expected to open in Spring 2025.

### Prioritize completion of long-field sports complex and commercial corridors

- Progress continues on the Roseville Soccer Complex, with groundbreaking expected in the first half of 2023. The complex will include 10 lighted artificial turf fields; two plaza areas with restrooms, picnic areas, and concessions; and a universally accessible playground. The fields will be available by reservation only and will host local team practices and games, and regional/national tournaments. The universally accessible playground will be open to the public, and the complex is expected to open in Spring 2025. Staff have

completed a pro forma for complex operations and are currently communicating with potential anchor tenants. A complex naming sponsor as well as individual field sponsors will be solicited to provide additional revenues to support complex operations.

- After extensive community outreach, the City of Roseville developed three specific plans to facilitate commercial reinvestment and redevelopment, housing, and streetscape beautification. In December 2022, the City Council approved the Douglas-Harding, Douglas-Sunrise, and Atlantic Street Specific Plans, which are now available for investment, focusing on process streamlining and other plan features.

## Water and power projects

### Roseville Electric

- Two of the most significant electric distribution system improvements are the replacement of our 12kV switchgear at the Cirby Substation, as the existing equipment has reached the end of its useful life, and the upgrade and extension of the 12kV overhead and underground cables to increase our distribution system capacity.
- Electric expects to install \$5.6 million of developer-funded new electric system infrastructure in FY2022-23. The infrastructure includes underground cables, vaults, panels, switches, and transformers to connect new customer services.
- Replacement and upgrade of Roseville Energy Park duct firing mechanical and electrical system components, which increases steam output, producing additional electricity in the steam turbine generator.

### Environmental Utilities

- The Utility Exploration Center is scheduled for interior exhibit enhancements. The total project cost is estimated at \$2.1 million, and construction is scheduled to begin in 2023.
- The Utility Operations Center will provide facilities and services for the City's Waste Services and Water utilities. This includes a materials recovery facility (MRF), vehicle maintenance building, and heavy-duty vehicle charging infrastructure. The total project budget is \$60 million, and construction is estimated to begin in 2024.
- The design and construction of a new operations and laboratory building at the Dry Creek Wastewater Treatment Plant will begin during the summer of 2023 with an estimated cost of \$6 million.

# City Manager's Budget Message

## Pilot on-demand transportation option

- On-demand, app-based public transit service within Roseville at \$3.75 per person per ride (\$2.50 for Americans with Disabilities Act (ADA)/Paratransit passengers).

## Support community engagement and advocacy

### Remain focused on community engagement and education about City services and budget

- Measure C outreach, the Budget in Brief, and the City's website offer extensive information on the City budget along with the Open Roseville website.

### Explore opportunities to engage increasingly diverse audience

- Offering materials and surveys in Spanish, providing meeting space, and participating in community cultural festivals and walks, the partnership between City and Health Education Council's Invest Health continues to foster dialogue and collaboration on needs in core neighborhoods.

### Increase outreach to the youth

- Roseville Rising for youth, job fairs and workforce programs with Roseville Joint Union High School District, internship opportunities, participation on boards and commissions and Neighborhood Santa.

### Explore volunteer opportunities for employees

- Through The City's Invest Health partnership, staff is helping distribute meals to low-income seniors every month. Staff also has conducted food drives for Placer Food Bank; sock drives to help foster youth, domestic abuse survivors, and homeless people; pet supplies drives for the Society for the Prevention of Cruelty to Animals (SPCA); and art and craft supplies drives to help children in extended hospital stays.

## Deliver exceptional City services

### Explore ways to strengthen code enforcement efforts, graffiti and blight abatement

- Hired a code enforcement officer and embedded them in our Police Social Services Unit for faster response times. We additionally coordinated multiple cross-departmental teams to address graffiti and blight in high-profile or problematic areas.
- Hired a new deputy city attorney whose duties include a greater focus on code enforcement issues and establishing a criminal prosecution program.

### Remain an employer of choice

- Prioritized organizational culture and leadership, by launching initiatives including a new mentoring

program and welcome program, revamping the Pride of Roseville recognition event, implementing robust employee engagement activities and events including an annual ping pong and cornhole tournament, an ice cream social, and the award-winning Art of Public Service canvas project.

### Implement greater community based and volunteer clean ups

- Conducted five community-wide cleanups in a successful partnership with the Roseville Coalition of Neighborhood Associations (RCONA) and Waste Services, which will continue this fiscal year.

### Implement a new and more efficient way to process public record requests

- Streamlined the City's current internal records request process pending the implementation of a new software solution.
- Plan to evaluate whether the Customer Relationship Management (CRM) system will accommodate efficient processing of public records requests. If not, staff will develop a request for proposals (RFP) to select a software application.

## FISCAL OVERVIEW

The City conservatively budgets to maintain service levels delivered to residents and businesses while strategically increasing or expanding services as growth and demand warrant. With its primary tax revenues recovered from the pandemic-induced recession, the City remains focused on managing labor costs, maintaining its reserves, addressing its underfunded pension liabilities, accelerating funding to its capital rehabilitation program, and pursuing new revenue opportunities.

In Roseville, sales tax revenue growth has slowed, with a forecasted increase of about 2 percent in sales tax revenues in FY2023-24. With a steeper increase in sales tax revenues last year than other cities, Roseville appears to have rebounded faster, accelerating our arrival in the next phase of the economic cycle. Growth is expected to continue, but at a pace that is more reminiscent of pre-pandemic years. Helping to offset that expected slower growth is the addition of an expected \$3-4 million annually in TOT after Roseville voters approved a 4 percent TOT increase (from 6 to 10 percent) in 2022. This new rate puts Roseville in the mid-range of TOT rates throughout the state. The 6 percent rate had been in place for 47 years, while the number of hotels increased from 4 to 17 in our City, putting additional demands on public services.

# City Manager's Budget Message

Several economic development efforts are helping to fill those hotel rooms. The new \$63 million Roseville Soccer Complex will break ground this year and is expected to draw significant sports tourism. This complex will add to Roseville's existing sports tourism amenities, including major aquatics, softball, volleyball, and basketball complexes. Youth sports have proven to be a recession-proof industry over time, as families take advantage of opportunities their children have at those ages.

Restaurant tax receipts in Roseville increased by about 8 percent. This was partly due to the increasing cost of food and labor which will level off as inflation slows and the increase in the number of restaurants, which grew as Roseville's population grew. Residents spend the most where they live, and restaurants depend on higher concentrations of people nearby to be successful.

### Fiscal Year 2023-24 Budget

The FY2023-24 budget has been developed to account for the expected rise in labor costs and other unavoidable expenses. It also includes augmentations to maintain the City's service levels and address the City Council's top priorities. The budget aims to ensure the maintenance of necessary capital infrastructure, and the mitigation of unfunded liabilities for the long-term benefit of our community.

Our City has an overall expenditure budget of \$784 million, with a General Fund operating budget of \$214 million. The remaining \$570 million in funding is primarily dedicated to the electric, water, wastewater, and waste services utilities.

**Positions:** The budget includes 2 percent growth in position allocations from last year's adopted budget, adding 30 net new positions to address growth, legislative requirements, and service level enhancements for the City Council's priorities, all of which contribute to the scope and complexity of the City's work. The budget also provides funding for eight additional positions that will require a new position classification, which staff will recommend to the City Council at a later date. Offsetting the new positions are reductions in the Information Technology Department of four position allocations related to promotional reclassifications approved in a prior year and in the Police Department for one position due to the end of grant-funding.

The City's population has grown by 29 percent since 2010, requiring additional park acreage, streets, buildings, and infrastructure. These additions have increased workload and demands on limited resources, prompting staffing increases in FY2023-24 to address these needs. Also, the

City recognizes the importance of institutional knowledge to maintain high service-level efficiency. It is committed to adding positions to address the loss of experienced staff during the pandemic-induced Great Resignation.

To achieve the City Council's priorities of maintaining a safe and healthy community, the budget includes staffing for the new Fire Station 8 and additional staffing for the Police Department's real-time crime center. Additionally, positions have been added to maintain the City's investment in water resiliency and support well-planned infrastructure and growth.

Finally, the Environmental Utilities Department, including the Water, Waste Services, and Wastewater Utilities, faces state regulations requiring additional staff to maintain service levels. The City is committed to complying with these regulations and providing the necessary resources to ensure quality services to our residents.

The following tables summarize the recommended positions by department and City Council priority:

Department	Net Positions
Development Services	1.00
Economic Development	1.00
Environmental Utilities	1.00
Finance	2.00
Fire	10.00
Human Resources	1.00

<b>Support community engagement and advocacy</b>	<b>2.00</b>
Enhanced Service Levels	2.00
<b>Deliver exceptional City services</b>	<b>2.00</b>
Growth	2.00
<b>Total</b>	<b>30.00</b>

# City Manager's Budget Message

**Labor and Materials, Services and Supplies:** To remain competitive in the labor market, the budget accounts for estimated labor cost increases. For example, the budget includes \$1.3 million in General Fund resources, equivalent to six months of a 3 percent increase, for anticipated labor cost increases. Additionally, unavoidable cost increases are factored in for materials, services, and supplies, including utility costs, fleet costs (including fuel and increased replacement costs), an increase in the contract cost with the SPCA for animal control, open space contracts, park maintenance costs, and staff training.

**Unfunded Liabilities:** The budget includes measures to reduce future pension costs and increase the funded status of the CalPERS plan. This includes using \$4.6 million in one-time General Fund resources to participate in the CalPERS Additional Discretionary Payments (ADP) Option. The budget also includes a transfer of \$4.6 million from the General Fund to the Pension Reserve Trust Fund to act as a reserve against future pension cost increases. These measures are aimed at maintaining service levels during future economic downturns. Including the FY2023-24 transfer, the total amount of funds transferred to the trust is \$17.1 million.

**Capital Improvement Program:** The budget incorporates a significant investment of \$129.4 million into capital projects. This includes \$47.2 million in public works, \$25.0 million in electric, \$22.3 million in water, and \$20.3 million in parks, recreation and libraries program areas. This capital investment represents a 23 percent increase compared to the FY2022-23 adopted budget and addresses both growth and rehabilitation of existing capital investments. Notable projects include the Roseville Soccer Complex, roadway resurfacing, aquifer storage and recovery wells, and Weber Park renovations.

## General Fund

The FY2023-24 General Fund budget aligns with the Council's financial policies to match budgeted expenses with projected revenues while providing resources to increase reserves up to Council-adopted targets, pay down pension obligations, and address underfunded capital rehabilitation and replacement. Although the budget is balanced for FY2023-24, it is crucial to note that several underfunded needs remain. The Council's financial policies ensure that future revenues are allocated to achieve full funding of these obligations. The policies also include using one-time resources to accelerate paying down long-term liabilities.

Out of the \$225 million of General Fund operating revenues, \$43 million is restricted from grants, specific

fees, and taxes tied to particular programs and projects, and \$182 million is unrestricted. After spending \$24 million on non-discretionary expenses, the Council has discretion over \$158 million of unrestricted revenue. More than half of the unrestricted funding, approximately \$84 million, is allocated to public safety, which is the Council's top priority. The remaining funds are allocated to parks, recreation, libraries, streets, floodplain management, code enforcement, economic development, general government departments such as Finance, City Clerk, Public Affairs and Communications, Human Resources, the City Attorney's Office, and City Manager's Office, and other one-time expenditures, including an additional payment to CalPERS, a transfer to the Pension Reserve Trust Fund, and an augmentation of the Roseville Soccer Complex project.

Sales tax growth is slowing in the current fiscal year, and the City anticipates this trend to continue into FY2023-24. For the FY2023-24 budget, the City projects \$102.5 million in sales tax revenues (including \$29.8 million for the Measure B local sales tax) and \$70.3 million in property tax revenues. Sales and property tax revenues account for 76 percent of budgeted revenues. Utility franchise fees from electric, natural gas, and cable companies constitute 5 percent of General Fund revenues. The remaining 19 percent of revenues come from various sources, including development-related fees, recreation programs, business license taxes, TOT, and grants.

The revenues outlined in the table below include a three-year comparison of sales tax, property tax and other operating revenues.

City of Roseville - General Fund Three-Year Operating Revenue (in millions)			
	Actual FY2021-22	Amended FY2022-23	Budget FY2023-24
Sales Tax	\$99.0	\$102.2	\$102.5
Property Tax	\$60.8	\$64.4	\$70.3
Subtotal	\$159.8	\$166.6	\$172.8
Other Operating Revenue	\$48.9	\$46.4	\$52.2
<b>Total</b>	<b>\$208.7</b>	<b>\$213.0</b>	<b>\$225.0</b>

Following sound financial management practices, the City must exercise prudence in managing the inflationary pressures on its expenses while simultaneously addressing its significant underfunded obligations. Ongoing pressures on the City's expenses include the escalating costs of salaries, health benefits, CalPERS retirement expenses, and contracts with suppliers.

General Fund expenditures also include projects funded pursuant to the City's Capital Improvement Program Rehabilitation Funding Policy, which addresses maintaining the City's equipment, facilities, technology and park

# City Manager's Budget Message

infrastructure. The policy was revised last year to escalate the level of funding and to include underfunded street maintenance. With additional ongoing and one-time General Fund resources for street maintenance, the City was able to increase the average Pavement Quality Index of its roadways above the City's policy targets.

The total General Fund operating expenditures outlined in the following table include transfers to reserves and one-time investments, including for CIP rehabilitation and replacement, funded from year-end budget savings. FY2023-24 expenditures incorporate transfers to reserves up to the Council policy target levels, an additional discretionary payment to CalPERS, and a transfer to the City's Pension Reserve Trust Fund.

City of Roseville Three-Year Operating Expense Trend (in millions)			
	Actual FY2021-22	Amended FY2022-23	Budget FY2023-24
Operating Expenditures	\$186.3	\$223.7	\$213.6

## Economic Indicators

### Year in review

As we experience some of our most transformational growth with significant private investments in new commercial spaces, record-high new housing units, and major infrastructure improvements, Roseville remains a **city of choice**. For businesses, our affordable and reliable utilities, a qualified labor pool, and the predictability of permitting and building offers a business-friendly environment.

Building on Roseville's successful economic track record of responding to a changing environment, the City updated its economic development strategy, **Envision Roseville: Advancing our Economy**. This updated roadmap supports a comprehensive approach to economic development, that recognizes the roles all City departments and partners play in supporting and advancing a strong local economy.

Headquartered in Roseville, **Quick Quack** is the fourth-largest car wash company in the nation. The organization recently expanded its headquarters by locating its manufacturing operations in Roseville. This move brings more software and hardware engineering roles to the City, with more jobs planned as the business continues to expand.

Medical device company, **Penumbra**, is another growing company that recently expanded to 850 Roseville employees. They are part of the region's thriving life sciences sector.

In 2022, the entrepreneur center, **Roseville Venture Lab**, launched in Downtown Roseville to strengthen the local startup business environment and spur job growth. Operated in partnership with the nonprofit Growth Factory, Roseville Venture Lab fosters a community of entrepreneurs and small businesses through targeted programs, community partnerships, workforce development, and events. Since opening, more than 1,000 visitors have participated in Venture Lab activities. In its inaugural cohort, **Roseville Rising** helped 11 local early-stage startups hone their business strategy and accelerate their growth. A high school version of the program is in progress, and it is inspiring 25 students to pursue future opportunities in entrepreneurship. The program will culminate in a business pitch showcase to family, friends, and community.

The Roseville Area Chamber of Commerce, in collaboration with the City of Roseville, introduced **Talent Pipeline Management** to bring together business, education, and community partners to address and sustain our area's changing workforce needs.

The City remains a destination for visitors outside the region. Shoppers and diners can look forward to **Roseville Junction**, an entertainment and hospitality venue slated for 290 Conference Center Drive. It will include Electric Pickle, Fieldwork Brewing, an indoor-outdoor bar and restaurant, a lawn for live music and outdoor gatherings, and several hotels, including boutique accommodations.

**Costco** has submitted entitlement applications to develop a new 160,529 square-foot warehouse along with a fuel station and car wash located at the northwest corner of Baseline and Fiddymont Road.

Investments in Downtown Roseville continue with the reuse of the former Consolidated Communications offices at **200 Vernon St**. The 40,000 square-foot building is undergoing redevelopment into office and retail/restaurant spaces, as well as residential units.

**129 Vernon** is a four-story new construction project with residential units and approximately 4,000 square feet of restaurant space.

Roseville has begun generating revenue for the General Fund from two **digital billboards**, one on southbound Highway 65 and another on westbound Interstate 80.

Driven by public engagement, the **Commercial Corridors Project** developed three specific plans to generate commercial reinvestment, redevelopment, and housing, and has set the stage for streetscape beautification for the

# City Manager's Budget Message

Douglas-Harding, Douglas-Sunrise, and Atlantic Street Specific Plans.

Medical services continue to expand to meet growing needs. **Kaiser** Roseville's campus broke ground on a \$298.6 million new six-story patient tower, which is anticipated to open in 2027. The project will add 138 inpatient beds, expand the emergency department, and include six new operating rooms, a new pharmacy, and an imaging department. These improvements will make Kaiser Roseville the largest hospital in Placer County. Sutter Health also launched residency and fellowship programs to help California's physician shortage by retaining qualified professionals locally. A new four-story office building will house the program. Constructed in two phases, the building will add 100,000 square feet.

Roseville has been named 18th among the top 100 **economic growth cities** in America in a recent study by SmartAsset. Strong business and housing growth fueled Roseville's ranking. During the last five years, the community saw more than 12 percent growth in the number of businesses, a 14 percent rise in population, and an 18 percent increase in much-needed housing units.

People and businesses from around California and the country continue to find Roseville a **desirable place to locate**. According to U-Haul, Roseville had the second-highest net gain of one-way truck trips in the U.S. in 2022.

Cost of living, physical and mental health, and overall quality of life are some of the many reasons Roseville ranks 7th in the United States as a city with the **happiest residents**, according to a study by SmartAsset.com.

Subdivisions in Sierra Vista, Fiddymont Ranch, Amoruso, and Creekview continue to generate demand for **single-family home permits**. Seven hundred and five were issued through the third quarter of FY2022-23. The annual yearly projection is an average of 900 permits. Roseville saw \$584 million in **construction valuation** last fiscal year, up from \$515 million the previous year.

Construction is underway on **Junction Crossing**, an 80-unit affordable apartment building in Historic Old Town on Pacific Street. It's made possible by a partnership between the City of Roseville and St. Anton Communities, involving city-owned property and \$4.36 million in affordable housing funds.

The **Local Housing Trust Fund** is providing \$7.5 million in support of three affordable housing developments. This state program provides matching funds to support affordable housing demands. **Prospera at Fiddymont**

**Ranch** is under construction. It will add 94 apartment units for people making 30 percent to 80 percent of the area median income. Bridge Housing's Royer Apartments at 505 Royer St. will have up to 55 affordable units dedicated to seniors. Mercy Housing Services is building up to 98 units at 1721 Pleasant Grove Blvd.

Affordable, or workforce, housing projects in Roseville will be easier for private developers to fund and build in the future with the City of Roseville's earning of the **Prohousing designation** from the California Department of Housing and Community Development. The designation makes private affordable housing projects planned in Roseville much more competitive for limited state and federal funding and could accelerate the timeline for future projects.

## **Strong outlook**

Development activity remains heightened in most sectors despite economic uncertainty. At the close of FY2022-23, single-family residential home production is expected to finish slightly higher than the City's historical annual average of 900 permits as new subdivisions in the Sierra Vista, Fiddymont Ranch, Creekview, and Amoruso plan areas continue to come online.

Persistent inflationary pressures continue to affect the costs of materials, and the availability of construction-related commodities such as ductile iron pipe, fittings, and electrical transformers remain stymied by entrenched supply chain issues. Despite the instability of the interest rate environment, builders indicate that the market is adjusting and demand for new homes is rising beyond initial expectations. Projections for FY2023-24 indicate a return to a more normal pace for single-family home and new commercial construction. Conversely, the pace of apartment construction - particularly affordable housing - is expected to accelerate significantly, with nearly 3,000 units in the building permit pipeline. Citywide, more than 6,500 single- and multi-family residential units are currently approved for development.

According to the City's Economic Development Department's late 2022 demographics, the Roseville/Rocklin area is seeing healthy industrial demand, with space 99 percent filled. Even with fluctuations surrounding in-person work, the office sector is 88.7 percent filled, and retail space showed a strong 95.7 percent occupancy.

Roseville's top five employers remain Sutter Health, Kaiser Permanente, Adventist Health, Pride Industries, and City of Roseville.

# City Manager's Budget Message

The City shows strong employment numbers, with more than 100,000 jobs and an unemployment rate of 3.6 percent in March 2023, among the lowest in California, according to the latest statistics available from California's Employment Development Department.

## Looking Ahead

Our City continues to assess changing circumstances and be prepared for the effects they may have on our ability to deliver services.

While much remains out of our control, we have a strong grip on what we do control. Sound, conservative financial planning is at the core of our budget development efforts. This approach puts the City in a position of strength that allows us to weather storms and leverage the opportunities that emerge.

Our residents and businesses have been valuable partners in this ongoing quest, as have the great people we have on staff who play an undeniable role in our City's success. We have a multi-faceted opportunity to refocus on our organizational culture. Between

retirements and a competitive labor market with candidates with new expectations, we are reinvigorating the culture that draws high performers to our organization. As an employer of choice, we will remain open to new ways to support our employees' success so we can continue to ensure the kind of quality of life our community values so deeply.

While one of the constants in life is change, we know that uncertainty is change's close companion. Our resiliency lies in our preparation for uncertain times. Roseville will effectively forge new paths to remain ready to deal with whatever else may lie ahead.

# Awards & Achievements

- The Finance Department received recognition for Excellence in Budgeting from the California Society of Municipal Finance Officers for the FY2022-23 budget.
- The Government Finance Officers Association awarded the Distinguished Budget Presentation Award to the Finance Department for the FY2022-23 budget and the Certificate of Achievement for Excellence in Financial Reporting for the FY2020-21 Annual Comprehensive Financial Report.
- The Parks, Recreation & Libraries (PRL) Department was named a National Recreation and Park Association (NRPA) National Gold Medal Finalist for the first time in 50 years. Additionally, PRL received seven awards for marketing through City-County Communications & Marketing Association (3CMA) and the Public Relations Society of America (PRSA) - California Capital Chapter for excellence in graphic design for the Experience PRL Magazine, as well as, influence awards for Audiovisual for the What's Happening In PRL (WHIPRL) video series, the National Park & Recreation Month video series, and the parks employee recruitment video.
- The City of Roseville was noted by SmartAsset in 2022 as the 18th Economic Growth City in the US (among the top 100 economic growth cities).
- Strong business and housing growth fueled Roseville's ranking. During the last five years, the community saw more than 12 percent growth in the number of businesses, 14 percent rise in population, and 18 percent increase in much needed housing units. Because Roseville is a full-service city, effective coordination of these services and infrastructure happen more easily than many other communities. These efforts help fuel a healthy economic environment and create a place where residents and businesses invest in the future.
- The Roseville Housing Authority, in partnership with the Continuum of Care, and the Placer County Housing Authority received the 2022 Outstanding Collaboration Award from Placer Collaborative Network for the successful Emergency Housing Voucher Program.
- The Roseville Fire Department, for the fourth year in a row, received the Gold Plus Award from the American Heart Association for excellence in ST-Elevation Myocardial Infarction (STEMI) patient care for 2022.
- The Information Technology (IT) Department received an award from the Center for Digital Government (CDG) as a national winner of the 2022 Digital Cities Survey, which highlighted communities that used technology to tackle social challenges, enhance services, and strengthen cybersecurity. The department also received an award of recognition for the 2022 Municipal Information Systems Association of California (MISAC) Excellence in IT Practices.
- Our Roseville Chief Information Officer (CIO), Hong Sae was awarded as a top 10 US-Government CIO by the Government CIO Outlook Magazine, for using technology to drive the future infrastructure of the City, and through collaborative partnerships to build an innovative, progressive, smart & digital City. Our Roseville CIO was also recognized with both the 2023 California Public Sector CIO Leadership Award by the California Departments of Technology and e.Republic Government Technology Magazine, as well as the OnCon Icon Award for being a Top 100 Technology Executive in the entire world, which was voted and determined by peers for making considerable impact to the City through leadership and innovation.
- The Environmental Utilities Water Utility received the Regional Water Management Award for the American River Basin Study by the Regional Water Association.
- An Award of Excellence from the California Association of Public Information Officials was received by the Environmental Utilities Department for the Barton Road Water Treatment Plant 50th Anniversary event.
- The Environmental Utilities Department received a Public Relations Society of America Capital Chapter Influence Award for the Barton Road Water Treatment Plant 50th Anniversary event and an Award of Distinction for video production for "Leaks are Scary" water conservation.
- Environmental Utilities Wastewater Operations received two Gimmicks and Gadgets Awards – 1st Overall for the Local Sacramento California Water Environment Association (CWEA) and 3rd Place at the State Level CWEA .
- Rich Leal in the Environmental Utilities Wastewater Division won Operator of the Year for the Local Area Sacramento CWEA.
- Roseville Electric Utility was recognized for excellence in safety earning second place in the American Public Power Association's 2022 Safety Awards of Excellence and second place in the Northwest Public Power Association's Safety Award. The utility also received a Certificate of Excellence in Reliability from the American Public Power Association.
- Public Affairs and Communications received awards from the California Capital Chapter of Public Relations Society of America for excellence in communications for Family Meal Roseville community outreach and for

# Awards & Achievements

a communitywide memorial service conducted for a Roseville-native Marine killed in Afghanistan.

- Deputy City Manager Megan Scheid was recognized by the League of California Cities with its 2023 Award for the Advancement of Diverse Communities, out of 400 cities in the state for her work in 2022 on diversity, inclusion and belonging initiatives among staff and the community, including lunch & learns, tours, outreach, and seminars.
- Public Works Fleet Services Division received the Automotive Service Excellence's "Blue Seal of Excellence" award for the 18th consecutive year in 2022. Fleet also received recognition by Government Fleet Magazine as one of the top fleet management groups in North America for 2022, as well as recognized as a "100 Best Fleet" by the National Association of Fleet Administrators 2022.
- Public Works Alternative Transportation was awarded a \$6.063 million grant for construction of the Dry Creek Greenway East Phase 2 Trail.
- Public Works Alternative Transportation received the Bicycle Friendly Community Bronze Award from the League of American Bicyclists and a Youth Activity Award for BikeFest from the Roseville Elks Lodge #2248.
- Alternative Transportation was awarded a \$13.3 million grant for the purchase of 15 electric buses, chargers and infrastructure.
- Public Works Engineering remains one of only two Class 1 Community Rating System (CRS) communities

in the nation. This achievement marks the 17th year of continued ability to achieve the highest CRS rating possible. Nationwide there are 22,300 National Flood Insurance Program (NFIP) communities – meeting minimum Federal Emergency Management Agency (FEMA) requirements. Of those communities, only 1,520 have elected to become CRS communities, implementing higher floodplain management standards. With the context that flooding is the nation's most costly natural disaster, Roseville's leadership (by example) is valuable to communities both nationally and internationally.

- Public Works Engineering received a Highway Safety Improvement Program (HSIP) grant award of \$486,000 for funding the Vernon Street/Atlantic Street Multimodal Safety Improvement Project.
- Public Works Engineering received a CalRecycle grant award of \$250,000 for funding the Sun City Roadway Resurfacing Project. In addition, a Public Works Street Maintenance Manager was recognized with the Lifetime Achievement Award by the Western Regional Association for Pavement Preservation.
- Development Services has earned the Prohousing Designation from the California Department of Housing and Community Development for the City of Roseville. This designation makes private affordable housing projects planned in Roseville much more competitive for limited state and federal funding and could accelerate the timeline for future projects.

# Budget Awards

The City of Roseville received the Government Finance Officers Association's (GFOA) Distinguished Budget Award and the California Society of Municipal Finance Officer's (CSMFO) Operating Budget Excellence Award for the FY2022-23 budget. These awards represent a significant achievement and reflect a commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In preparing the FY2023-24 budget, staff has once again followed the GFOA and CSMFO criteria as well as made enhancements. This document will be submitted to the GFOA and CSMFO for consideration for the FY2023-24 budget awards.

# City of Roseville

## Roseville

### Incorporation

April 10, 1909

### Government

Roseville is a charter city, operating under the council-manager form of municipal government.

### Location

405 miles north of Los Angeles, 102 miles northeast of San Francisco, and 16 miles northeast of Sacramento, the state capital.

### County

Roseville is Placer County's largest city.

### Area

Roseville is 44.14 square miles.

### Elevation

Roseville sits 165 feet above sea level.

## Administrative Staff

### City Manager

Dominick Casey

### City Attorney

Michelle Sheidenberger

### Assistant City Manager

Dion Louthan

### Assistant City Manager

Ryan DeVore

### Assistant City Manager/ Chief Financial Officer

Dennis Kauffman

### Chief Information Officer

Hong Sae

### City Clerk

Carmen Avalos

### Deputy City Manager

Megan Scheid

### Development Services Director

Mike Isom

### Economic Development Director

Melissa Anguiano

### Electric Utility Director

Daniel Beans

### Environmental Utilities Director

Richard Plecker

### Fire Chief

Rick Bartee

### Human Resources Director

Stacey Peterson

### Parks, Recreation & Libraries Director

Jill Geller

### Police Chief

Troy Bergstrom

### Public Works Director

Jason Shykowski

# Demographics

## Population

As of January 1, 2023, the California Department of Finance estimated Roseville's population to be 152,928. This represents an increase of 1,894 new residents from the previous year.

## Future Population

Roseville's growth rate in 2022 was approximately 1 percent, which is higher than the current California rate of 0.8 percent and the national rate of 0.4 percent (California Department of Finance and Census Bureau 2021-2022). Placer County continues to be recognized by the Department of Finance as one of the State's fastest growing counties, while Roseville was the fastest growing City in Placer County in 2022. Current estimates indicate the population of Roseville will surpass 198,000 by the end of 2035 (Development Services Department).

## Education

The Roseville community has clearly established education as a high priority. Over 96 percent of Roseville residents, over age 25, have a high school diploma, with approximately 45 percent obtaining a Bachelor's degree or higher (Esri). Roseville high schools have an average dropout rate below that of the national average of 6 percent and considerably lower than the state average of 8.9 percent. Roseville high schools also have Scholastic Aptitude Test (SAT) averages above the national average of 1,050 and the state average of 1,115 (prepscholar.com).

## Household Income

The median household income in Roseville is \$109,018 compared to the state median of \$84,097 (Esri).

## Persons Per Household

The average Roseville home has 2.66 people, which is slightly less than the county average of 2.68 persons per household (State of California Department of Finance).

Historical Population	
Year	Residents
1910	2,608
1960	13,421
1970	18,221
1980	24,347
1990	44,685
2000	79,921

# Demographics

## Residential Development

### Building Permits (Issued SFDs)

According to the Building Division, the number of single-family dwelling (SFD) building permits issued in FY2022-23 is expected to decrease to 945, compared to the 1,790 permits issued in FY2021-22. The Building Division anticipates that only 525 SFD permits will be issued in FY2023-24. On average, the Building Division issues 948 SFD building permits per year (City of Roseville, Building Division).

### Occupancy Permits (Finaled SFDs)

The Building Division is expected to final approximately 1,500 SFD building permits in FY2022-23, versus 1,722 SFD permits finaled in FY2021-22. Single-family residential growth is expected to slow down over the next year. However, multi-family residential growth is expected to increase exponentially by approximately 2,000 units (City of Roseville, Building Division).

### Total Housing Units

As of January 2023, there are currently 60,543 completed housing units in Roseville. Of those units, 41,597 were low density residential (LDR), 7,620 were medium density residential (MDR), and 11,326 were high density residential (HDR) or other (City of Roseville, Planning Division).

### Single-Family Residential Home Prices and Values

The median home price in Roseville is \$610,000. Roseville home values have gone down 7.6 percent over the past year. The median list price per square foot is \$321 (Realtor.com).

### Residential Forecast

As of January 2023, there was an inventory of 6,553 approved single and multi-family lots awaiting construction, with an additional 4,384 lots under construction. The undeveloped lots are primarily located in the Sierra Vista, West Roseville, Creekview, and Amoruso Ranch specific plan areas (City of Roseville, Business Services Division).

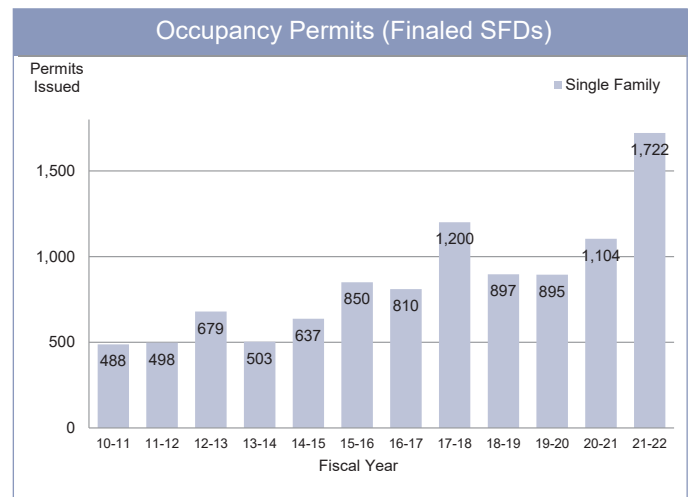

## Industrial Development

### Developed Industrial Space

As of January 2023, Roseville had approximately 13,000,000 square feet of developed industrial and warehouse space. The majority of industrial space is located in the North Industrial and Infill areas (City of Roseville, Business Services Division).

Source: City of Roseville, Building Division

Source: City of Roseville, Building Division

## Industrial Activity

Development of industrial land has continued to increase over the previous year while vacancy rates remain at historic lows (currently at approximately 1.0 percent).

## Commercial Development/Office Development

Commercial development has continued to increase over the previous year, with more than 1,200,000 square feet of new commercial development expected to be issued by the end of FY2022-23. New commercial development has primarily been related to the construction of restaurants, retail space, and other personal service uses. Office space vacancy is down from the previous year totaling approximately 12.2 percent with current inventory (net rentable area) totaling 7,632,876 square feet.

# Demographics

Due to the impacts of the pandemic on vacancy rates, it is not anticipated that significant office development will occur in the upcoming year.

## Active Business Licenses

The City of Roseville had a total of 14,089 active business licenses as of March, 2023. Of that total, there are 9,198 based inside the City of Roseville and the remaining 4,891 accounts are based outside the City.

## Employment

### Jobs and Employed Residents

Per Emsi (a labor market analytics firm), Roseville is estimated to have 80,543 jobs and a resident labor force of approximately 79,114. The labor force has increased approximately 24 percent since 2012 (US Census Bureau).

### Unemployment Rate

California's 4.3 percent unemployment rate is slightly higher than the national average of 3.6 percent. Placer County unemployment is 3.7 percent and Roseville is at 3.0 percent. Health care, professional and business services, and retail have led the year-over expansion in employment growth (State of California, Employment Development Department).

### Roseville Businesses

Roseville hosts approximately 10,000 businesses that operate within the City, which further supports the City's tax base. The largest industry sector is health care and social assistance at approximately 15 percent. Retail businesses are second at approximately 14 percent. Rounding out the remaining top business sectors are food service, government, and construction (Industry Table 2022).

## Top Employers

Roseville's top 10 businesses, which account for over 22,000 jobs, include two top-tier health care providers, government agencies, a high-tech company, retail, and the railroad industries. These businesses help solidify Roseville's status as a leader in regional employment.

# Budget Document Overview

Section 7.02 of the Roseville City Charter mandates the legal requirements for preparing and adopting the City budget. The Finance Department - Budget Division prepares annual Budget Instructions providing directions for department staff to develop their budgets for materials, services, supplies and projects. Departments submit their budgets in a detailed format to ensure consistency with the City Council's strategic plan and policies.

The General Fund budgeting process starts with an analysis of operational expenses completed by the Budget Division. This review includes a three-year historical analysis and the development of a forecast for future spending requirements.

Finance then works cooperatively with the department heads and their teams to review and discuss their findings. The forecast is the basis for developing all General Fund targets for materials, services, and supplies based on prior years' spending history and one-time expenditures.

The General Fund contingency is budgeted to:

- Fund new departmental appropriations not identified during budget preparation
- Streamline the budget adjustment process by allowing the City Manager to reallocate funds from the contingency to a General Fund department
- Define and control General Fund operating expenditures without tapping into the unrestricted fund balance

Contingency budgets are also used in the Water, Wastewater, and Waste Services Operations Funds.

If a department cannot fund all requirements within its target, requests for additional funding are brought to the City Manager for discussion during budget review meetings. Any new requests approved are included in the proposed budget.

Additional steps in the budget process include the development of a labor forecast (including a salary vacancy factor in select funds), cost allocation plan, internal service fund rate models, transfer budgets, and capital improvement plan.

For the Enterprise Funds which include Electric, Water, Wastewater, Waste Services, Transportation and Youth Development, budgets are primarily developed based on rates or user fees charged to external customers.

Throughout the year, requests for changes to expenditures, expenses, and revenues are made at the departmental

level and are initially reviewed by the Budget Division. The City Manager then reviews all requests and ensures that all budget decisions are consistent with the City Council's strategic plan and all applicable federal, state, and local laws and regulations. City Council authority may be required for certain changes to the budget based on the thresholds established in the annual budget ordinance.

Budget preparation takes approximately six months. Departments will begin preparing their budget requests and revenue estimates by January. From January through March, the Budget Division and City Manager's Office carefully review, evaluate, and prioritize each department's budget submissions for materials, services, and supplies; capital outlay; capital improvement projects; positions; and revenue. During the review, the City Manager remains mindful of public safety and legal requirements, adherence to the Council's strategic plan and financial policies, and how to provide the most efficient, effective, and economical service levels possible. Once the review is completed, staff prepare the proposed budget document. The City Manager then presents a proposed budget to the City Council and the public for review in June. Section 7.05 of the City Charter requires that "... on or before June 30, [City Council] shall adopt the budget with revisions, if any, by the affirmative votes of at least three (3) council members". Typically, the budget is adopted at the Council's second meeting in June.

## Detailed Budget Process

1. Budget Kickoff (November/December) – The City kicks off the budget process. The kickoff includes the distribution of budget development instructions and staff training.
2. Midyear Review and Department Budget Preparation (January) - A mid-year review occurs in January, including projected City revenue; salaries, wages, and benefits; and other operating expenses during the current fiscal year. Budgetary forecasts are compared to actual mid-year results, and critical financial issues facing the City are highlighted. This review assists the City in establishing funding guidelines for the upcoming fiscal years. Also, in January, departments begin developing budget plans for the upcoming fiscal year.
3. Public Workshop on Council Priorities (February/ March) – The City Council conducts a public workshop on Council priorities, providing budget policy direction to City staff.

# Budget Document Overview

4. Budget Reviews and Document Preparation (April) – The City Manager conducts reviews of all Department budget recommendations, including new positions, capital improvement projects, and material, service and supply augmentations. Recommendations and revisions from departmental review sessions with the City Manager’s Office are incorporated into the proposed budget. The proposed budget is submitted to City Council no later than the first meeting in June.
5. Public Hearings and Budget Adoption (May/June) – The City Council reviews the proposed budget and conducts public hearings to address requests and concerns from the public. Any Council recommendations or changes are incorporated into the final budget document. City Council adopts the Annual Budget by the second Council meeting in June.
6. New Fiscal Year (July) – The adopted budget goes into effect on July 1.

## Changing the Budget

### Budget Implementation and Budget Transfers

Once the City Council adopts the budget, each department head is responsible for implementing each department’s budget, with ultimate responsibility resting with the City Manager. Department heads are expected to operate their departments within the appropriations established in the budget. Budget adjustment requests are considered where unforeseen events have occurred. Budget adjustments that require the use of unrestricted fund balances must be approved by the City Council or those delegated by the City Council to approve amendments. (Further details concerning budget transfers and amendments can be found in the City Charter Sec 7.06.) The City Manager is authorized to move City Council-approved appropriations within the same fund or use available contingency funds.

Reasons for initiating a budget adjustment may include:

- Recognizing unanticipated revenue, which was not projected in the budget, and appropriating associated

# Budget Document Overview

expenditures in the year in which the revenue is received

- Appropriating additional funds from reserves
- Transferring dollars from the operating budget to the capital budget or vice versa
- Transferring between funds, departments, or projects
- Use of contingency funds for new appropriations not identified during budget preparation

## Understanding the Document Layout

As indicated in the Table of Contents, the City of Roseville's Budget document consists of the following sections:

### Introduction

The Introduction outlines the key contents of the budget. The main components of this section include the City Manager's Budget Message, which discusses the City's fiscal health, growth, and the local economy, and updated City demographics. It also contains the Budget Document Overview, Boards and Commissions, Awards and Achievements, and the ordinance adopting the budget.

### Budget Summary

The Budget Summary section summarizes revenues and expenditures/expenses, significant trends of important measurements, and the Gann Appropriations Limit.

### Fund Summaries

The Fund Summaries section of the document provides an overview of each fund's estimated revenue, appropriations, reserves, and unrestricted fund balance. Local government budgets are made up of funds that organize and account for various resources. Enterprise Funds are set up as self-supporting units similar to a business. They account for the operation and maintenance of facilities and services that are entirely paid for by rates charged to customers or, in the case of internal service funds, to the City's departments. It is important to note that the City's revenue estimates are based on current knowledge of circumstances.

Often there is uncertainty as to actual revenues projected up to 15 months in advance. Overall, the revenue estimates assume conservative levels of growth based on analysis, historical trends, and projections developed using the help of consultants. Appropriations, in turn, are based on these projected revenues. The funds presented

in this section include the General Funds, Enterprise Funds, Special Revenue Funds, Capital Projects Funds, Permanent Funds, Special District Agency Funds, Trust Funds, and Internal Service/Self-Insurance Funds.

This section reflects actual revenues and expenditures for FY2020-21 and FY2021-22, the FY2022-23 Amended Budget, and the FY2023-24 Budget. Also included in this section are overviews of each fund type, including sources of revenue and significant expenditures.

### Department Operating Budgets

An Organizational Budget that summarizes all operating departments within the City is provided at the beginning of this section. The operating departments include City Council; City Manager; Public Affairs & Communications; City Attorney; Finance; Human Resources; Information Technology; City Clerk; Police; Fire; Economic Development; Parks, Recreation & Libraries; Public Works; Development Services; Electric; and Environmental Utilities.

Included in the Department Operating Budgets section are organizational charts, service overviews, accomplishments, City Council strategic plan efforts, key performance and workload measures, budget highlights, and a budget summary.

### Positions

This section of the budget document summarizes department position allocations by department and classification.

### Capital Improvement Program

This section of the budget document provides cost estimates, funding sources, and recommended project schedules for the City of Roseville's Capital Improvement Program for the next five years. Accordingly, the documents provide descriptions, justifications, status, costs, classifications, and other relevant facts for each capital improvement project (CIP).

CIPs are composed of expenditures related to the acquisition, construction, expansion, or rehabilitation of an element of the City's infrastructure, such as streets, water, sewer, public buildings, and parks.

### Non-Capital Projects

This section of the budget document provides readers with cost estimates, funding sources, and recommended project schedules for the multi-year non-capital projects for the next five years. Accordingly, the document provides

# Budget Document Overview

descriptions, justifications, status, costs, classifications, and other relevant facts for each project.

## Appendices

The Appendices section of the budget document contains the following information: (1) Debt Management, (2) Transfer Summary, (3) New and Replacement Vehicles, (4) Glossary of Budget Terms, (5) Glossary of Commonly Used Acronyms, and (6) Index.

## Understanding the Details

### Financial Summaries

This document reflects actual revenues and expenditures for FY2020-21, FY2021-22, the FY2022-23 Amended Budget, and the FY2023-24 Budget.

**Revenues:** Both operating and non-operating revenues are displayed for each fund. The revenues include items such as fees collected for the cost-recovery of specific services to the public, and revenues received from other funds.

**Expenditures/Expenses:** Operating expenditures/expenses are displayed at the fund level as well as the department, division, and account levels. For example, within the General Fund summary, the Public Works Department's General Fund budget as a whole is shown. Within the Public Works operating budget section, expenditures for the Engineering Division and other Public Works divisions are provided.

**Basis of Accounting and Budgeting:** The City's funds are maintained in accordance with Generally Accepted Accounting Principles (GAAP), as established by the Governmental Accounting Standards Board (GASB). In preparing the budget, all funds are budgeted based on the City's budgetary basis of accounting. The City accounts for all governmental funds using the modified accrual basis of accounting, which means revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within 120 days after year-end, except property taxes and sales taxes, which are considered available if collected within 60 days after year-end. Proprietary and fiduciary funds are reported using the full accrual basis of accounting, which means revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the cash is disbursed.

In developing and evaluating the City's accounting system, consideration is given to the adequacy of

internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurances regarding (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. Finance Department staff remain committed to improving the City's accounting system, maintaining the City's internal accounting controls to safeguard assets adequately, and providing reasonable assurances of proper recording of financial transactions.

Budgetary control is directed by the City Council by ordinance when the budget is adopted each year. Expenditures/expenses may not legally exceed appropriations at the department level by fund or at the total project level by fund for multi-year projects. The City utilizes the encumbrance system as a management control technique to assist in controlling expenditures. Periodic reports of revenue, expenditure/expense, and investment activity are available to the City Council and City departments to monitor spending in relation to the budget. The Finance Department conducts quarterly budget monitoring meetings with the departments to ensure that they are on track and there are no unknown expenditures/expenses coming during the remainder of the fiscal year.

**Indirect Cost Allocation Plan:** The City of Roseville uses the indirect cost allocation process to allocate departmental costs from the General Fund to all funds that receive benefits from the services that the General Fund departments provide. The City uses a consulting firm that specializes in indirect cost studies to prepare the indirect cost allocation plan. The plan is based on the most current budget information available at the time the study is completed - typically six months before the adoption of a new budget. The consulting firm coordinates several meetings to interview staff from the General Fund departments that provide services to other departments as well as those departments that receive services from the General Fund departments. Cost allocation drivers are confirmed during the interview process, and budget data is provided to the consultant. The budget data used in the study excludes reimbursed expenses. An example of reimbursed expenditures is secondary labor directly charged from one department to another. The consultant prepares a comprehensive study that is provided to all

# Budget Document Overview

departments for review and comment. Departments receiving allocated costs have an opportunity to comment on the plan and correct any errors.

Indirect cost charges appear as expenses in the operating section of the fund summaries that are paying for the services and as reduced expenses in the operating expenses section of the General Fund. The purpose is to ensure that the General Fund is reimbursed for the full cost of services that it is providing throughout the City. Internal service funds at the City of Roseville directly charge costs of service to funds and departments receiving the service; therefore, the only fund that uses the indirect method of allocating costs is the General Fund.

## Reserves

By Council policy, the City of Roseville has consistently planned its budgets while considering the City's long-term needs. This is accomplished by establishing several funds that serve to direct City revenues to long-term financial needs. This ensures that funding is available for needs as they arise. These funds include:

**General Fund Emergency Reserve Fund:** This fund holds an operating reserve of 10 percent of total estimated General Fund operating expenses to contend with significant short-term issues such as declared emergencies.

**General Fund Stabilization Reserve Fund:** This fund may be used strategically to allow the City to restructure its operation deliberately as required in an economic downturn while minimizing service disruption. The General Fund Stabilization Reserve is intended to address significant revenue shortfalls that occur during an economic downturn until the City's operating expenditure and revenue levels are adjusted to eliminate structural deficits. The target reserve level is 15 percent of operating expenditures.

**Rate Stabilization Funds:** Roseville Electric maintains a rate stabilization fund reserve target of between 40 percent to 90 percent of operating expenses. This allows the City time to react to major changes in the cost of electricity without having to impose an emergency rate increase. Rate stabilization funds are also used in the Environmental Utilities to help ease the impacts of rate increases over a period of years.

**Rehabilitation Funds:** The City has set aside funds in several rehabilitation funds to maintain the City's investments in its buildings, information technology, equipment, and park facilities. The Council's goal is to

increase the balance of these funds to keep pace with the improvements, replacements, and maintenance needed. The rehabilitation funds are Facility Rehabilitation Fund; Equipment Replacement Fund; Parks, Recreation and Libraries Capital Projects Fund; and IT Replacement Fund.

**Fleet Replacement Fund:** The City saves for the cost of replacement vehicles over the useful life of the vehicle. This ensures that funds are available to keep the City's vehicle fleet operating properly and safely. Roseville Electric sets aside resources for vehicle replacement costs in the Electric Fund.

**Strategic Improvement Fund:** This fund provides the Council with resources that can be used for periodic strategic investments on behalf of the City. This fund has been used to acquire land and fund improvements, primarily in redevelopment areas.

**Litigation Reserve Fund:** The Litigation Reserve contains funds set aside for legal matters that are unforeseen and unusual and, as a result, would otherwise require reactive measures such as seeking a budget adjustment and a funding source. Some examples are contract disputes, municipal code enforcement, and other public safety enforcement matters. This fund allows for proactive handling and funding of such matters.

## Financial Policies

The following financial policies aim to determine appropriate and responsible financial guidelines for staff to develop the budget, make recommendations, and fulfill their role as fiscal stewards of public funds. As new policies are developed and approved by City Council, they are added to a comprehensive financial policies document found on the City's website. Each year the policies are reviewed by staff, updated if necessary and submitted to Council for approval. A brief summary of the current policies is provided below:

### Investment Policy

The purpose of the Investment Policy is to establish cash management and investment guidelines for the Assistant City Manager/Chief Financial Officer, who is responsible for the stewardship of the City of Roseville's investment program. Each transaction and the entire portfolio must comply with the California Government Code Sections 53600 and 53635 et seq. and the Investment Policy. The Investment Policy conforms to the customary standards of prudent investment management, and any changes to the policy must be adopted by the Council. The Investment

# Budget Document Overview

Policy has been certified by the California Municipal Treasurers Association through their Investment Policy Certification Program.

## Debt Management Policy and Swap Policy

The purpose of the Debt Management Policy and Swap Policy is to provide guidelines for the issuance of bonds and other forms of indebtedness to finance necessary land acquisitions, capital construction, equipment, and other items for the City.

## Budget Development Policy

The Budget Development Policy aims to establish guidelines for developing the annual operating and capital budget. The policy maintains a citywide focus during the budget development process consistent with the General Principles of Governance adopted by the City Council. The policy includes guidelines for general revenues, a balanced budget, and public participation.

## General Fund Reserves Policy

The General Fund Reserves Policy aims to establish a targeted level of General Fund operating reserves, a basic component of a financially strong city. The policy maintains an amount equal to 10 percent of annual General Fund budgeted operating costs as the minimum level of funding in the City's General Fund Emergency Reserve and 15 percent of annual General Fund budgeted operating costs as the target level of funding for the City's General Fund Stabilization Reserve Fund. Appropriation from the Emergency Reserve and Stabilization Reserve Funds requires the approval of at least four City Council members. The policy also includes the Litigation Reserve Fund, which was established to address legal matters that require proactive handling and funding. The three General Fund reserves are funded at their target levels in the FY2023-24 budget.

## Development Services Stabilization Fund Policy

The purpose of the policy is to maintain resources in a reserve that the City Council may draw from to maintain adequate staffing in order to continue delivering development services during an economic downturn.

## Federal Stimulus Reserve Fund Policy

The purpose of this Federal Stimulus Reserve Fund Policy is to establish a temporary Federal Stimulus Reserve Fund with the City's allocation of the federal stimulus (2021 Coronavirus State and Local Fiscal Recovery Funds)

until one-time expenditures or transfers to other City funds are approved over the remaining course of the pandemic. The federal stimulus funding may be used to cover qualifying costs obligated between March 3, 2021, and December 31, 2024, and expended by December 31, 2026.

## Internal Service Funds - Operating and Replacement Reserves Policy

The purpose of the Internal Service Funds - Operating and Replacement Reserves Policy is to establish (1) operating reserves to provide for continuity of service in the event of unanticipated changes to revenues or expenditures, particularly within a single fiscal year when charges for service on client operating departments already have been fixed through the adopted budget, and (2) replacement reserves to provide funding for capital improvement, rehabilitation, and replacement of capital assets, whose costs yield a burdensome or unaffordable peak in expenditure if assessed on client operating departments as they occur.

# Budget Document Overview

## Capital Improvement Program Rehabilitation Funding Policy

The Capital Improvement Program Rehabilitation Funding Policy aims to address funding for the City's General Fund infrastructure rehabilitation and replacement by providing annual increases for funding the program.

## Pension Funding Policy

The Pension Funding Policy documents the method the City will use to calculate its actuarially-determined contributions to fund the long-term cost of pension benefits. The policy also provides guidance in making annual budget decisions, demonstrates prudent financial management practices, reassures bond rating agencies, and shows employees and the public how pensions will be funded. This policy also provides guidance for making additional discretionary payments to CalPERS, and establishing and contributing to a Section 115 pension trust fund to reserve funds to cover future pension cost increases.

## Other Post-Employment Benefits (OPEB) Funding Policy

The purpose of the OPEB Funding Policy is to accumulate sufficient assets to fully finance the healthcare benefits

that retired employees receive. The policy requires appropriating the actuarially-determined contribution amount in all applicable City funds.

## Workers' Compensation and General Liability Funding Policy

The purpose of the policy is to provide adequate financial resources to fund the City's Workers' Compensation and General Liability programs and establish and maintain adequate reserves in the Workers' Compensation and General Liability Internal Service Funds.

## Request for Proposals (RFP) Policy

The RFP Policy provides a uniform process for the issuance, evaluation, and selection of competitive proposals for services and/or customized goods.

# Budget Document Overview

## Employee Salary & Benefits Summary

The City has a Management/Confidential employee group, as well as five bargaining units: International Brotherhood of Electrical Workers (IBEW); Stationary Engineers, Local 39 (Local 39); Roseville Firefighters, Local 1592 (RFF); Roseville Police Association (RPA); and Roseville Police Officers Association (RPOA). Each unit negotiates a contract reflected in a memorandum of understanding (MOU) that governs the total compensation for that particular group (e.g., longevity pay, education pay, and certification pay).

The City has established a general philosophy of benchmarking total compensation (i.e., compensation and benefits) at the 55<sup>th</sup> percentile (75<sup>th</sup> percentile for the Electric Utility) of the labor market to manage rising pension costs and still be competitive in hiring qualified employees. The City may have to pay above these levels to attract qualified candidates or retain skilled employees in unique situations. The total compensation comparison includes base salaries (not including overtime or payouts upon retirement), pay incentives (e.g., special certification, longevity), health and welfare benefits (i.e., medical, dental, vision, life insurance, disability insurance), and retirement benefits. The City compares its total compensation with jurisdictions that are similar in size, services (Roseville is a full-service City), and geographical location. A Benefit Summary document for each group can be found on the City's website under the Human Resources Department page. **The key compensation components of a typical City employee are listed below:**

Title	Description
Salary	City salary schedules are set on various factors, including job duties, relation to similar jobs within the organization, reporting structure, etc. Compensation surveys are conducted to compare jobs with comparable local government agencies and, in some cases, private sector industries in Northern California. Survey results ensure Roseville's salaries and benefits packages are competitive with other similar jurisdictions, helping the City attract and retain high-level talent.
Retirement	<p>The City and employees contribute to a plan provided by the California Public Employees' Retirement System (CalPERS) based on the employee's age, years of service, highest single year or highest three-year average salary, and benefit factor.</p> <p><b>Classic members</b> (hired before 1/1/2013):            Public Safety 3% @ age 50            Miscellaneous 2.7% @ age 55</p> <p><b>New members</b> (hired after 1/1/2013):            Public Safety 2.7% @ age 57            Miscellaneous 2% @ age 62</p> <p><i>Note: City of Roseville employees do not participate in Social Security.</i></p>
Health, Dental & Vision Insurance	<p>Depending on employee elections, the City may contribute up to a maximum dollar amount of \$2,020 per month towards employee and dependent insurance coverage for employee plus family, \$1,665 for employee plus one, and \$1,547 for employee only.</p> <p><b>Medical</b> provided by CalPERS  <b>Dental</b> provided by Delta Dental  <b>Vision</b> provided by Vision Service Plan (VSP)</p>
Other Group Insurance	Long Term Disability (LTD) coverage is offered to employees. City-paid LTD is provided to employees with more than five years of service in one of the following employee groups: Management/Confidential, IBEW, or Local 39. A group term life insurance plan is provided to all regular employees. Optional self-pay short-term disability and supplemental life insurance plans are also available to employees.
Other Post-Employment Benefits (OPEB)	The City offers health care coverage to all employees who retire from the City of Roseville through CalPERS. An employee's hire date will determine the level of city contributions, if any, toward this benefit.
Sick Leave	<p>Sick leave provided to employees includes 12 days or 96 hours per year to all units (except RFF, which is six shifts or 144 hours) for all regular employees (pro-rated for those on modified schedules).</p> <p>Effective July 1, 2015, the City provides up to 24 hours of paid sick leave to all employees who qualify as defined by AB 1522.</p>
Vacation Leave	The City provides 12 days of vacation to those with less than five years of service. As tenure increases, the allocation also increases to a maximum of 20 days to employees who have worked 20 years or more. The accruals are pro-rated based on work schedule and vary for those working a 24-hour shift schedule.

# Ordinance

ORDINANCE NO. 6684

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE  
ADOPTING THE ANNUAL BUDGET FOR THE FISCAL YEAR 2023-2024,  
ADOPTING BUDGET CONTROL POLICIES, ADOPTING AN APPROPRIATIONS LIMIT,  
ADOPTING THE BUDGET FOR THE SUCCESSOR AGENCY OF THE ROSEVILLE  
REDEVELOPMENT AGENCY, TO BE EFFECTIVE IMMEDIATELY  
AS AN URGENCY MEASURE THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The proposed budget for the City of Roseville entitled "Proposed Budget Fiscal Year 2023-2024, City of Roseville, California," a copy of which is on file in the office of the City Clerk, is hereby adopted as the "Annual Budget Fiscal Year 2023-2024, City of Roseville, California."

SECTION 2. The proposed expenses, expenditures, transfers out, revenues, and transfers in shown in the fund, department operating budget and project summaries of the budget document, which are incorporated herein, are hereby appropriated to the departments and activities in the amounts and purposes therein stated. Encumbrances, expenses and expenditures of the various appropriations described in the budget document shall be made by those departments and employees designated therein as the requisitioning authorities.

SECTION 3. The following budget control policies shall become effective upon the adoption of this ordinance:

1. The operating budget of the City of Roseville and the Successor Agency of the Roseville Redevelopment Agency shall be approved by the following major expenditure/expense summary categories:

- a Salaries and Wages
- b Benefits
- c Materials, Supplies, and Services
- d Internal Reimbursements
- e Capital Outlay
- f Debt Service
- g Transfers Out

2. The City Manager or designee shall apply prudent monitoring procedures to assure that actual expenditures/expenses of the City and the Successor Agency of the Roseville Redevelopment Agency do not exceed the appropriations at the department level by fund.

3. The City Council delegates authority to the City Manager or designee to approve the movement of City Council approved appropriations within the same fund, excluding Capital Improvement and Non-Capital Multiyear Projects.

4. The City Manager and Assistant City Manager/Chief Financial Officer are directed to ensure that the budget complies with City Council approved financial policies.

# Ordinance

5. The City Manager or designee is authorized to increase the Fiscal Year 2023-24 budget appropriations for the remaining unspent appropriations from the prior fiscal year for City Council approved fleet replacement.

6. Capital Improvement Plan. The Capital Budget of the City of Roseville and the Successor Agency of the Roseville Redevelopment Agency shall be approved by Capital Improvement Project. Capital project appropriations shall be used solely for the original purpose approved by the City Council.

7. Non-Capital Multiyear Projects. The non-capital multiyear project budget for the City of Roseville and the Successor Agency of the Roseville Redevelopment Agency shall be approved by Non-Capital Multiyear Project. Non-Capital project appropriations shall be used solely for the original purpose approved by the City Council.

8. City Council approval is required to establish or cancel (without completion) new Capital Improvement Projects or Non-Capital Multi-Year Projects.

9. The City Manager or designee is authorized to carryover any unspent appropriations in Capital and Non-Capital Multi-Year Improvements Projects.

10. Annually, completed or inactive Capital Improvement Projects and Non-Capital Multi-Year Improvement Projects will be closed, except for projects that have existing litigation, payment disputes or other extenuating circumstances. An inactive project is defined as one where transaction activity is less than \$1,000 over the prior three years. Closures are the responsibility of the designated project manager. The managing department and the City Manager or designee have the authority to take the necessary steps to close completed or inactive projects, including appropriate decreases to the budget.

11. All encumbrances for valid purchase orders and contracts in effect as of June 30, 2022, will remain in effect in the following fiscal year. The City Manager or designee is authorized to increase the Fiscal Year 2023-24 budget appropriations, and any associated revenue or reimbursement budgets, in the amount of the outstanding encumbrances for valid purchase orders and contracts as of June 30, 2023.

12. The City Manager or designee is authorized to eliminate funds as required for proper accounting and fiscal management when the purpose of a fund has expired and its fund balance has been expended.

13. The City Manager is authorized to revise any appropriation made in the Adopted Budget where the revision does not increase total appropriations by fund and is consistent with City Council intent.

14. The City Manager is authorized to increase appropriations in any department or project from the General Fund Administrative Contingency.

# Ordinance

15. The City Manager is authorized to increase appropriations in the Environmental Utilities funds from the respective fund's contingency budget.

16. The City Manager is authorized to increase revenue estimates and appropriations for Council-approved bond issuances.

17. The City Manager is authorized to decrease the revenue and expenditure budget for the Development Services reimbursable development projects to match the actual amount of revenues received and expenditures incurred each fiscal year.

18. All increases and decreases to the total adopted budget require City Council approval, except as otherwise authorized in this Ordinance.

19. The City Manager is authorized to refine/add content, as may be needed to meet Government Finance Officers Association (GFOA) and California Society of Municipal Finance Officers (CSMFO) budgeting award requirements, in the Proposed Budget to create the FY2023-24 Approved Budget.

20. The City Manager is authorized to increase or decrease Capital Improvement Projects and Non-Capital Multiyear Projects revenues and expenditure budgets by up to \$75,000 for each project.

21. The City Manager is authorized to adjust the Development Services revenue budget for the General Plan Update Fee to reflect actual revenues received and adjust the expenditure budget by a like amount in the General Plan Update CIP. This authority will also apply to the FY2022-23 budget.

SECTION 4. Pursuant to Article XIII B of the California Constitution, the appropriations limit for the City of Roseville is hereby established in the FY2023-24 Approved Budget. The State Department of Finance provides the City the annual adjustment factors used in the appropriation limit calculation. The factors are the changes in the California Per Capita Personal Income and population levels for the City or the County.

SECTION 5. It is hereby ordered that a copy of this ordinance and the budget document be certified by the City Clerk and filed in the office of the City Clerk. The City Clerk is directed to post a copy of this ordinance in three (3) conspicuous locations in the City and enter the posting thereof in the Ordinance Book.

SECTION 6. This ordinance is required for the orderly operation and maintenance of municipal activities and the appropriations for usual and current expenses of the City and the Successor Agency of the Roseville Redevelopment Agency during the 2023-2024 fiscal year. Therefore, this ordinance shall take effect immediately upon passage hereof as an urgency ordinance, pursuant to Section 5.03 of the Charter of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this 21<sup>st</sup> day of June, 2023, by the following vote on roll call:

# Significant Trends

## FY2019-20 through FY2023-24

# Gann Appropriations Limit Calculation

The Gann Appropriations Limit began as a ballot initiative approved by California voters in 1979 and modified by Proposition 111 passed in 1990. Its purpose is to limit the amount of tax proceeds state and local governments can spend each year. The Gann Appropriations Limit appears in California's State Constitution as Article XIII B.

The limit is different for each city and changes annually. Each year's limit is based on the amount of tax proceeds that were authorized to be spent in fiscal year 1978-79 in each city, and modified for changes in inflation and population each subsequent year. By law, inflationary adjustments are based on the California Department of Finance's official report which states the change in California's per capita personal income and population levels for the city or the county.

Each year the City Council must adopt an appropriations limit for the following year. The City's Appropriation Limit for FY2023-24 has been calculated to be \$232,922,228. Appropriations subject to the limitation in the FY2023-24 budget total \$133,037,862, which is \$99,884,366 less than the calculated limit.

Consumer Price Index (CPI)	1.0444
Population Increase	1.0098
Ratio of Change	1.0546
FY2022-23 Appropriations Limit	220,864,716
<b>FY2023-24 Appropriations Limit</b>	<b>\$ 232,922,228</b>

General Government Operating Appropriations	216,566,839
Capital Improvement Project (CIP) Appropriations	31,564,078
Subtotal Operating and CIP Appropriations	248,130,917
Less Exclusions not Subject to Limit	
Non-Proceeds of Taxes	(98,255,842)
Qualified Capital Outlay and Federal Mandates	(16,837,213)
Total Appropriations Subject to Limit	133,037,862
Calculated Appropriations Limit	232,922,228
<b>FY2023-24 Margin</b>	<b>\$ 99,884,366</b>

# General Funds Overview

## General Funds Overview

The General Funds are used for general City operations and activities. The funds account for all financial resources except those that require a separate fund.

For financial reporting, the General Funds include the following:

- General Fund
- General Fund Emergency Reserve Fund
- General Fund Stabilization Reserve Fund
- General Fund Capital Reserve Fund
- General Fund Contributions by Developers Fund
- Litigation Reserve Fund
- Stormwater Management Fund
- Parks & Recreation Donation Fund
- Roseville Youth Sports Coalition Fund
- Harrigan Trust Adult Literacy Fund
- Strategic Improvement Fund

The individual fund summaries in the following pages provide an overview of each General Fund. They include the fund's operating budget (revenues and expenses), non-operating budget (capital, debt, and non-recurring revenues and expenses), and a summary of the fund balance, reserves, and unrestricted fund balance. These summaries provide a mechanism to gauge changes in the fund over three fiscal years.

## General Fund

The General Fund budget provides for the delivery of municipal services to the Roseville community. These services include police, fire, parks and recreation, libraries, public works, economic development, development services, and general government, which includes the following departments: City Council, City Manager, Public Affairs and Communications, City Attorney, Human Resources, City Clerk, and Finance. The General Fund is the City's primary operating fund.

Following are the details of significant General Fund activity presented in this section.

## Major Revenues

The City relies on several major revenue sources to support the General Fund budget. The primary revenue sources are the following:

### Bradley-Burns Sales and Use Tax

The City receives a 1 percent share of sales tax charged on taxable sales within the city limits from the Bradley-Burns Local Sales and Use Tax Act.

The FY2023-24 budget includes a sales tax revenue estimate of \$72.7 million. This projection reflects a 2 percent increase from the FY2022-23 updated estimate of

# General Funds Overview

## Major General Fund Revenue Sources

- Sales Tax
- Secured Property Tax
- Property Tax In-Lieu of Vehicle License Fees
- Building Permits and Plan Check Fees
- Hotel/Motel Tax
- Franchise Fees

\$71.2 million. This level of sales tax growth is less than in prior years and more reminiscent of pre-pandemic years.

The FY2023-24 forecast provided by the City's sales tax consultant ranges from conservative at \$67.3 million to optimistic at \$78.0 million, with \$72.7 million as their most likely estimate, which is reflected in the budget.

### Measure B Local Sales Tax

With the passage of Measure B in November 2018, the total sales and use tax rate increased by one-half of one percent, effective April 1, 2019.

The City's sales tax consultant's most recent projections indicate that Measure B could range from \$27.1 million to \$32.5 million, with \$29.8 million as their most-likely estimate. Like Bradley-Burns sales tax, Measure B revenue growth is slowing compared to the last couple of fiscal years.

The FY2023-24 Measure B revenue budget estimate is \$29.8 million, which aligns with the consultant's most-likely estimate. This estimate represents an increase of \$300,000 over the updated FY2022-23 estimate of \$29.5 million.

### Secured Property Tax

Property tax is the second-largest source of revenue in the General Fund. Real property, which is defined as land and any improvements made to land, such as buildings and other permanent structures, is taxed at 1 percent of the property's assessed valuation by Placer County.

The assessed value of a property is determined based on the value of new construction or when a change in ownership occurs, in which case sales price is used as the new assessed value. Under Proposition 13, assessed value of property is increased by a maximum of 2 percent annually. A property that declines in value may be reassessed (per Proposition 8) for a temporary reduction. Property tax is shared by several taxing entities, mainly school districts, Placer County, and the City of Roseville.

The location of the parcel determines the City's share of tax revenue, but on average the City is allocated approximately 15 percent of the property tax revenue. The Placer County Auditor-Controller's Office has provided an estimate of property taxes the City of Roseville can expect to receive during the current year. Building upon this estimate, the FY2023-24 secured property tax projection of \$52.7 million reflects a 7 percent increase over the FY2022-23 updated estimate of \$49.0 million. The growth rate is forecasted based on monitoring the local real estate market, new single-family homes recently added to the market, economic forecasts, input from tax consultants and the Placer County Assessor regarding current valuations and appeals.

### Property Tax In-Lieu of Vehicle License Fees

Previously the State of California assessed a 2 percent tax for cities and counties known as the Vehicle License Fee (VLF) on car registrants. As part of the 2004 Budget Act negotiations, an agreement was made between the state and local governments where the VLF rate will be permanently reduced from 2 percent to 0.65 percent. The difference is paid through local property tax from County educational revenue augmentation funds (ERAF), referred to as the "VLF swap." The City of Roseville's projection for FY2023-24 of \$13.8 million reflects a 7 percent increase over the current year estimate of \$13 million. The projected growth is due to the combined change in the assessed valuation of properties.

### Building Permits and Plan Check Fees

The City collects building permit fees when issuing a permit to develop a property. The basis for the building permit and plan check fees is the assessed valuation of the square footage proposed for development and improvements. This revenue estimate is developed by analyzing probable future development of single-family, multi-family, commercial, and industrial property. Builders and developers are contacted regarding possible new residential development, while commercial projects are estimated based on current submittals to the City.

Combining these projections and tenant improvements comprise the permit and plan check revenue estimates of \$5.5 million. The FY2023-24 budget assumes that the development revenues received will be similar to the current year.

### Hotel/Motel Tax

In 2022, Roseville voters approved a 4 percent increase in the Hotel Tax, officially known as Transient Occupancy

# General Funds Overview

Tax (TOT). The ballot measure increased the TOT to 10 percent, which puts Roseville in the average range of TOT rates throughout the state.

The FY2023-24 budget includes a TOT revenue estimate of \$7.25 million. This estimate is \$3.25 million higher than the FY2022-23 budget, primarily due to the voter-approved TOT increase.

## Franchise Fees

Franchise fees are considered a form of rent to use Roseville public rights-of-way. This fee is collected from companies furnishing users with telephone, cable television, and gas services. Franchise fee revenue comes from Comcast, Consolidated Communications, Pacific Gas & Electric, and KinderMorgan. Payments are based on a percentage of gross revenues as stated in the Roseville Municipal Code; therefore, they fluctuate based on gross billings by the companies listed above. Based on current year revenues, this revenue stream is expected to remain flat in FY2023-24 at \$2.2 million.

## Other General Fund Revenue Sources

### Licenses and Permits

The major components of this revenue category include animal licenses, building permits (described above), and fire permits.

### Use of Money and Property

This revenue category includes interest on investments and rental/lease revenue.

### Charges for Current Services

This revenue category includes fees for items such as building permits, police and fire services, and recreation programs. These items are primarily external fee-based payments for services provided by General Fund departments.

### Grants and Contributions

This revenue category includes state and federal grant awards received by the City and reimbursement of state mandates.

### Other Revenue

This revenue category comprises third-party reimbursements and recoveries. Items such as sales of publications and DUI cost recovery are included in this category.

## Operating Transfers In and Electric Franchise Fee

The FY2023-24 budget includes \$17.2 million in operating transfers in. The most significant components of this category are the Electric Franchise Fee and the Municipal Services District Fund transfer. The Electric Franchise Fee is a result of the City Charter, Article IX, Section 9.01, "City-owned utilities may pay an in-lieu of franchise fee not to exceed 4 percent of total operating and capital expenditures to the City's General Fund. All in-lieu of franchise fee revenue received shall be budgeted and appropriated solely for police, fire, parks and recreation or library services." The Electric Franchise Fee included in the FY2023-24 budget is \$8.1 million. The Municipal Services District Fund transfer is a funding source for General Fund services and totals \$7.1 million in the FY2023-24 budget. Other transfers include \$135,000 from the Supplemental Law Enforcement Fund to support front line law enforcement services. These transfers provide funding to cover the cost of staff and programs in the General Fund.

## General Fund Expenses

The General Fund includes expenses for operations, debt, capital, transfers out, and repayment of interfund loans. The operating costs are for departments that provide services to the Roseville community, including Police, Fire, Public Works, Economic Development, Development Services, Parks, Recreation & Libraries, and the general government departments. Operating expenses include post-retirement health insurance (aka, OPEB) and annexation tax-sharing payments to Placer County.

## Indirect Cost

The City's General Fund includes expenses for all administrative services (e.g., finance, human resources, attorney services, etc.) provided to all City departments. A portion of these services supports the enterprise funds, including utility funds. The City uses a fair and equitable indirect cost allocation process to allocate departmental costs from the General Fund to all funds that benefit from the services that the General Fund departments provide. The City employs a consulting firm specializing in indirect cost studies to prepare the cost allocation plan. The plan is completed under generally accepted accounting principles (GAAP) as recognized by the Governmental Accounting Standards Board (GASB).

The primary principles used to develop the plan are: 1) the allocated cost is necessary and reasonable for the proper performance of a department, division, unit, and program; 2) the allocated cost is charged to departments, divisions, units, and programs relative to the benefits received;

# General Funds Overview

## General Fund Operating Expenses by Department Total - \$213.6 Million

and 3) costs are consistently treated as direct or indirect. Those costs that cannot reasonably be directly charged are included in the study.

### Capital and Debt Expenditures

The General Fund includes Capital Improvement Projects (CIPs) related to public buildings, general improvements, street improvements, drainage improvements, and park improvements. The detail for each CIP that includes additional funding in the upcoming budget year can be found in this document's Capital Improvement Program section.

Debt in the General Fund includes the principal payments on outstanding loans that are the obligation of the General Fund.

### Transfers Out

Funds are transferred out of the General Fund for debt service, loan repayments, parks rehabilitation projects, stormwater, support to the Golf Fund, and to maintain the Emergency and Stabilization Reserves. The FY2023-24 budget includes \$9.7 million in transfers out. This includes a transfer of \$4.6 million to the Pension Reserve Trust Fund to assist in funding future pension contributions.

### Non-Recurring Expenditures

These include projects that are related to special studies. For example, full-cost projects related to engineering projects, such as traffic studies, are pass-through expenses funded by developer contributions.

### General Fund Forecast

Although the economic outlook is still blurred by uncertainty, with the Federal Reserve attempting to control inflation without bringing about another recession, the City continues to remain optimistic about the future. The FY2023-24 budget maintains General Fund reserves at City Council's policy target levels and continues to pay down long-term obligations to create future budget capacity.

The City's FY2023-24 General Fund budget is based on \$102 million of sales tax revenue, including \$29.8 million from the Measure B half-cent sales tax. Measure B sales tax revenue continues to help stabilize General Fund services, protect Roseville's quality of life, and build up additional reserves to weather future economic downturns.

The following graph shows forecasted General Fund revenues and expenditures for FY2023-24 to FY2028-29 based on the City's base case (or most likely) forecast. The General Fund forecast is based on maintaining the service levels included in the FY2023-24 budget over the next five years. The City's sales tax forecast assumes taxable sales return to a normal growth rate between 2.5 percent and 4.1 percent. Property tax revenue is forecast to continue to grow at a rate above the Proposition 13 maximum rate increase of 2 percent due to new growth and higher assessed values when property ownership changes. The City assumes modest salary increases in the forecast based on negotiated labor agreements and its general pay philosophy. Pension costs are forecasted based on the latest information from the CalPERS actuaries and Other Post Employee Benefits (OPEB) costs are based on the

# General Funds Overview

City’s funding policy and information from the City’s OPEB actuary. The forecast includes an increasing contribution toward deferred maintenance and rehabilitation of City assets based on the Council-adopted Capital Improvement Program Rehabilitation Funding Policy. The forecast also includes ten additional full-time equivalent positions each year to meet the increasing demand for services as the City grows.

**GENERAL FUND FORECAST (IN MILLIONS)**

The City’s base case forecast does not consider the next economic recession; however, staff presents a sample recession scenario to the City Council each year to highlight the importance of long-term financial planning. The City’s forecast also includes revenue and expenses based on current law and policy but does not include events or changes that may or may not happen in the future. Because the forecast is based on many assumptions that are not expected to be 100 percent accurate, the City also develops revenue forecasts that are more optimistic and more pessimistic than the base case forecast to demonstrate the uncertainty of revenue projections and alternative future outcomes.

From the base case forecast in the graph, the projected revenue surplus will allow the City to pay down long-term obligations for retiree benefits, thereby creating capacity in future years to maintain services. Expenses are projected to outpace revenues in FY2028-29. To prepare, Roseville remains focused on fiscal responsibility.

## General Fund Emergency Reserve Fund

By policy, the City maintains an emergency reserve of at least 10 percent of total estimated General Fund operating expenses. This reserve is held in a separate fund called the General Fund Emergency Reserve Fund. The Emergency Reserve may be used to contend with significant short-

term issues such as declared emergencies. It is the intent of the Council to limit the use of the Emergency Reserve to addressing unanticipated, non-recurring needs. The FY2023-24 budget includes a transfer of approximately \$1.32 million from the General Fund into the Emergency Reserve to bring the total reserve balance to \$20.1 million or 10 percent of the General Fund budget before the CalPERS Additional Discretionary Payment and transfer to the Pension Reserve.

## General Fund Stabilization Reserve Fund

The General Fund Stabilization Reserve Fund may be used strategically to allow time for the City to restructure its operation in a deliberate manner as required in an economic downturn while minimizing service disruption. Use of the Stabilization Reserve will only take place in the context of a Council-adopted long-term plan. The Stabilization Reserve is intended to be used to address significant revenue shortfalls that occur during an economic downturn until the City’s operating expenditure and revenue levels are adjusted to eliminate structural deficits.

The FY2023-24 budget includes a transfer of approximately \$2.1 million from the General Fund into the Stabilization Reserve to bring the total reserve balance to \$30.2 million or 15 percent of the General Fund operations budget before the CalPERS Additional Discretionary Payment and transfer to the Pension Reserve.

## General Fund Capital Reserve Fund

The General Fund Capital Reserve was established in the FY2022-23 budget. This fund is used to reserve one-time funding for significant capital projects.

## General Fund Contributions by Developers Fund

The revenue source for this fund is from non-construction contributions from developers. This fund is used to support General Fund operations as necessary.

## Strategic Improvement Fund

The Strategic Improvement Fund was established to provide support for the General Fund as necessary. The major revenue source is a Community Benefit Fee.

The expenditures in this fund are typically to support Council approved land acquisition and usage strategies. This fund also supports General Fund operations and strategic CIPs in other funds, which would eventually generate revenue for the General Fund.

# General Funds Overview

## Litigation Reserve Fund

The Litigation Reserve Fund contains funds set aside for legal matters that are unforeseen and unusual and, as a result, require reactive measures such as seeking a budget adjustment and funding source. Some examples are contract disputes, municipal code enforcement, and other public safety enforcement matters. The purpose of this fund is to address these situations by allowing for proactive handling and funding of such issues. The revenue source for this fund is transfers from other City funds.

## Stormwater Management Fund

The Stormwater Management Fund is a program developed by the City to improve water quality within local creeks. Under this program, the City educates and involves the community in stormwater pollution prevention, requires

water quality facilities in development projects, regulates stormwater run-off from construction sites, investigates non-stormwater discharges, and reduces non-stormwater run-off from municipal operations.

## Revenue

The main funding sources come from a General Fund reimbursement and transfers from Community Facilities Districts.

## Expenses

Approximately half of the fund expenses are dedicated to staff working in the program. The remaining budget is comprised of material, services, and supplies. This includes professional services, advertising, printing, software, tools, training and travel, and other internal charges.

# Fund Summary

(A)

This chart compares the total General Fund operating expenses with the amount that is funded with unrestricted sales, property and other tax revenue. It shows that of the total \$213.6 million (A) in budgeted operating expenses:

- \$42.8 million (B) are funded by revenue offsets,
- \$170.8 million (C) are funded by unrestricted sales, property and other tax revenue.

Of the \$225 million General Fund operating revenues, \$42.8 million is restricted to particular programs and projects, and \$182.2 million is unrestricted. After spending \$24.1 million (D) of the \$182.2 million in total unrestricted sales, property and other tax revenue on non-discretionary expenses, the City Council has \$158.1 million at its discretion. After funding Police and Fire (with \$84.1 million (E) of sales, property and other tax revenue), there is \$74 million remaining for City Council to fund the rest of the City's operations. Of the \$74 million in remaining discretionary funding, \$62.6 million is funding operations and \$11.4 million is funding one-time capital projects and an increase to fund balance.

## How Taxes and Other Revenue Are Used in the General Fund

Revenue Offsets \$42.8 M						Total revenue offsets	Net Use of Sales, Property and Other Taxes <i>(expenses minus revenue offsets)</i>
Other revenues	Electric franchise fees	Operating transfers in	Municipal services district (CFD #3)	1/2-cent sales & use tax - public safety

# Electric Funds Overview

## Electric Funds Overview

Roseville Electric Utility is a community-owned utility that provides reliable electricity to Roseville residents and businesses. The enterprise funds associated with the utility are the Electric Fund and the Electric Rate Stabilization Fund.

### Revenue

The electric funds' primary source of operating revenue is retail electricity sales to residential and business customers. Capital revenues include Contributions in Aid of Construction and the Electric Backbone Mitigation Fee, which recover the costs of designing and installing new electric infrastructure. Other revenue sources include interest earnings, wholesale power sales, and proceeds from selling low-carbon fuel standard credits.

### Operating Expenses

Operating expenses represent the cost of acquiring and delivering electricity to City customers. The cost of acquiring and generating power is the largest utility expense. Other expenses include engineering,

construction and maintenance, customer and government relations, utility billing, traffic signals, administration, and shared City services and technology projects. As provided under the City Charter, the utility pays an in-lieu of franchise fee of 4 percent of total operating and capital expenditures to the City to fund police, fire, parks, and library services. The utility also shares in the funding of the City's Utility Exploration Center.

### Capital Expenses

The utility's Capital Improvement Program provides for the acquisition, expansion, rehabilitation or modernization of electric utility distribution and generation infrastructure.

### Debt

Electric utility debt is related to bonds issued to build the Roseville Energy Park (REP) and portions of the distribution system.

Opportunities to lower costs by refunding or refinancing debt are monitored and acted on when advantageous for the utility.

# Fund Summary

# Environmental Utilities Funds Overview

## Environmental Utilities Funds

Environmental Utilities (EU) is a group of rate-based utilities that provides water, wastewater and recycled water, and waste services to Roseville residents and businesses.

The water, wastewater, and waste services operating funds account for most of each utility's financial resources. Their primary source of revenue is the rates paid by customers. Per Proposition 218, EU's rates cannot exceed the cost of providing services.

Each of these funds pays for a portion of services shared across EU: engineering, data management, safety, business services, public information, utility billing, and the Utility Exploration Center (a joint effort with Roseville Electric Utility).

Each utility has operating, construction, and rehabilitation capital programs, typically including technology, facilities, and industry-specific infrastructure.

## Water Funds

The rate-based Water Operations Fund provides for the purchase, treatment, and delivery of water to the Roseville

community which includes the operation of the City-owned water treatment plant and water storage, water efficiency programs, and reimbursed expenditures. The budget also includes costs for the continued implementation of the Advanced Metering Infrastructure (AMI) project (in partnership with Roseville Electric Utility), water distribution system maintenance, government relations, hydrogeology, new regulatory requirements, reliability planning, and a set-aside for future rehabilitation and replacement. Other water funds are:

- Water Rate Stabilization Fund
- Water Construction Fund
- Water Rehabilitation Fund
- Water Meter Retrofit Fund

The City must meet debt service coverage related to long-term debt as part of a rate covenant made to bondholders. The rate covenants outlined in the Certificates of Participation (COPs) issued in 2007 and refunded in 2015 for water capital improvement projects require a minimum debt service coverage ratio of 120 percent. While connection fees are the primary source for payment of debt service, water utility revenue is the ultimate security for repayment of debt.

# Environmental Utilities Funds Overview

## Wastewater Funds

The wastewater utility collects and treats wastewater for Roseville and its regional partners (South Placer Municipal Utility District and Placer County) at its two City-owned wastewater treatment plants. The utility has also been designated a regional provider of recycled water for areas in the City and Placer County. The rate-based Wastewater Operations Fund provides for all operational costs, reimbursed expenditures, and a set-aside for future infrastructure rehabilitation and replacement. Other wastewater funds are:

- Wastewater Rate Stabilization Fund
- Wastewater Construction Fund
- Wastewater Rehabilitation Fund
- Wastewater Regional Rehabilitation Fund

As a partner in the South Placer Wastewater Authority (SPWA), a joint powers authority, the City is obligated to meet specific debt service coverage ratios related to long-term debt. The rate covenants, as outlined in bond documents and State Revolving Fund documents where debt was issued for wastewater capital improvement projects, require a minimum debt service coverage ratio of 110 percent. While connection fees are the primary source

for payment of debt service, wastewater utility revenue is the ultimate security for repayment of the City's portion of the debt.

The Wastewater Regional Rehabilitation Fund was created in FY2020-21 to track annual contributions for regional wastewater rehabilitation projects from the City's SPWA partners (South Placer Municipal Utility District and Placer County) as well as to track project costs.

## Waste Services Funds

Waste Services collects, recycles, and disposes of refuse for residential and commercial customers, and oversees the maintenance of the closed Roseville Sanitary Landfill.

The rate-based Waste Services Operations Fund provides for these operational costs, regulatory compliance, and the implementation of programs to increase diversion from the waste stream. In addition, the budget includes a set-aside for the rehabilitation and replacement of existing cans and bins. Other waste services funds are:

- Waste Services Rate Stabilization Fund
- Waste Services Capital Purchase Fund
- Waste Services Rehabilitation Fund

# Fund Summary

# Transportation Funds Overview

## Transportation Funds Overview

The Transportation Funds are used for transit, bikeway and Transportation Systems Management (TSM) programs and projects, and street and road improvements, such as roadway resurfacing. The three enterprise funds that comprise the Transportation Funds are:

- **Transit Fund** - This fund supports transit operations (including services for the elderly and the handicapped), maintenance, and capital improvements.
- **Transportation Fund** - This fund supports bikeway development and maintenance, bicycle education programs, and the TSM Program. This fund also supports roadway resurfacing and pedestrian improvements when funds are available.
- **Consolidated Transportation Service Agency (CTSA) Fund** - This fund supports the South Placer Transit Information Center (the Call Center) and the Transit Ambassador and Mobility Management Programs, which are services provided by the City of Roseville on behalf of the West Placer Consolidated Transportation Services Agency (WPCTSA).

## Revenue

State sales taxes, passenger fares, and federal grants typically account for most of the revenues in the Transportation Funds. Two key revenue sources allocated to the City's Transportation Funds each year are derived from the Transportation Development Act (TDA). These are revenues from the State Transit Assistance (STA) and Local Transportation Funds (LTF) accounts. The LTF allocation to the City of Roseville is derived from a quarter-cent general sales tax collected in Placer County and distributed based on the City's population. LTF must be used to meet all transit needs determined to be reasonable before funds can be diverted to bikeway, TSM, or roadway improvements.

The STA allocation is derived from the statewide sales tax on diesel fuel and is distributed using a formula based on population and transit fare revenues. Two transit revenues are derived from Senate Bill 1 (SB 1). One of the SB 1 sources augments the STA allocation and like, STA is derived from fuel excise taxes. A program called State of Good Repair (SGR) was also created by SB1 and is funded by State Transportation Improvement fees on vehicle

# Transportation Funds Overview

registrations. Passenger fares, federal, state and local grants, and bus advertising are other sources of revenue.

FY2023-24 transit revenues also include federal and state grant funding. Over \$11.6 million in Federal Transit Administration (FTA) 5339(c) Low or No Emission Competitive grant funding was awarded to support the purchase of seven electric commuter buses (to replace existing diesel commuter buses) and eight electric cutaway buses (to replace existing gas-powered vehicles). Another \$1 million in FTA Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) stimulus funds were awarded to offset increased expenses and decreased local revenues associated with the COVID-19 pandemic. State funding through the Low Carbon Transit Operations Program provided \$890,000 to fund the construction of new facilities, charging equipment and infrastructure, and operating costs needed

to support the transition to a zero-emission fleet. Funding for the Consolidated Transportation Services Agency (CTSA) programs is provided by the Western Placer Consolidated Transportation Services Agency (WPCTSA) whose funds are derived from the TDA and managed by the Placer County Transportation Planning Agency.

## Expense

Seventy five percent of all operating expenses in the Transportation Funds are for Roseville Transit operations such as contractor expenses, vehicle maintenance, fuel, and administration. The other 25 percent of operating expenses pay for bikeway and pedestrian planning and education, TSM programs, safe routes to school programs, the crossing guard program, Public Works communications, and engineering. A significant share of the Transportation Funds support capital projects for transit, bikeways, bike trail resurfacing, and road maintenance.

# Youth Development Fund Overview

## Youth Development Fund Overview

The Parks, Recreation & Libraries Department operates Adventure Club and preschool programs, which are accounted for within the Youth Development Fund.

Youth Development programs provide safe, engaging, and memorable experiences for Roseville children and families. The Adventure Club and preschool programs operate in partnership with the Roseville, Dry Creek, and Center School Districts to provide before and after school licensed child care at 21 elementary school locations. Subsidized care programs are offered for qualifying families at locations eligible for grant funding.

### Revenue

Youth Development Fund revenue is derived from fees collected for before and after school childcare programs and preschool programs. The fund includes Adventure Club, preschool, After School Education & Safety (ASES), and subsidized care programs. Fund expenses include charges for staff, enrichment contractors, facility maintenance and rehab, materials and supplies.

Through a memorandum of understanding (MOU) with the Roseville City School District, the District reimburses the City for direct costs to provide the ASES after school program at Cirby and Woodbridge Schools. These subsidized care programs are funded by the Youth Development Fund and provide a significant benefit for participating families.

While the Youth Development Fund previously had a healthy fund balance, the fund has experienced significant losses due to the COVID-19 pandemic. Adventure Club and Preschool operations were impacted by limited needs for this service, as remote working had significantly

increased. Youth Development programming sees a slow rebound in after school registrations. In addition, the Roseville City School District adjusted its bell schedule to start school earlier. This change prompted a reduction in morning program participation, resulting in some Adventure Club sites discontinuing the before school option due to low enrollment. Surplus General Fund resources from FY2021-22 and American Rescue Plan Act funds were transferred into the Youth Development Fund to replace the lost revenue and return the fund balance to pre-pandemic levels.

### Expenses

Direct expenses include staff salaries, facility maintenance, enrichment contractors, materials and supplies. Indirect fund expenses include post-retirement insurance, City indirect charges, Internal Service Fund charges, and loans.

### Debt

An interfund loan currently exists within the Youth Development Fund. The loan encompasses the following: an accounts receivable balance payoff loan was necessary in FY2013-14, and the fund needed a loan to purchase the Fiddymont Farm facility in 2015, the Orchard Ranch facility in FY2017-18, Riego Creek facility in FY2020-21 and two new sites, Westbrook and Rex Fortune in FY2022-23. The loan is scheduled for payoff in 2047.

### Capital Improvement Program (CIP)

CIP expenses for Adventure Club facility maintenance including HVAC repair, flooring replacements, exterior paint, Americans with Disabilities Act (ADA) ramp repair/resurface, etc. are funded within the Youth Development Fund. As new schools open, the fund incurs the expense to purchase these new facilities.

# Special Revenue Funds Overview

## Special Revenue Funds Overview

These funds are established to collect money that must be used for a specific purpose. Special Revenue Funds provide an extra level of accountability and transparency to ensure that funds go toward an intended purpose. Special Revenue Funds are:

- Affordable Housing In Lieu and Program Equity Fund
- BEGIN Fund
- Cable TV Peg Funds
- CalHome Fund
- Community Development Block Grant Fund
- Federal Asset Seizure Fund
- Federal Stimulus Reserve (ARPA) Fund
- Forfeited Property Fund
- Golf Course Funds
- Grants Fund
- Highway Users Tax (HUT) Fund
- HOME Investment Partnership Program Fund
- Housing Successor Low Mod Fund
- Housing Trust Fund
- Landscape & Lighting and Services District Funds
- Native Oak Tree Propagation Fund
- Non-Native Tree Propagation Fund
- Open Space Fund
- Police Evidence Fund
- Road Maintenance and Rehabilitation Account (RMRA) Fund
- Roseville Aquatics Maintenance Fund
- State Gas Tax Fund
- Supplemental Law Enforcement Fund
- Technology Replacement Fund
- Traffic Safety Fund
- Trench Cut Recovery Fund

Following are details for three of the larger Special Revenue Funds presented in this section (Highway Users Tax Fund, RMRA, and Golf Course Operations Funds).

## Highway Users Tax (HUT) Fund and Road Maintenance and Rehabilitation Account (RMRA) Fund

The HUT Fund, along with the RMRA Fund, are the City's primary sources of funding for the street maintenance program, which includes maintenance of pavements, curb and gutter, sidewalks, and roadway drainage systems.

### Revenue

The source of annual revenue for the HUT and RMRA funds is the State Excise Tax paid at the gas pump. RMRA funds

are a result of the 2017 passage of Senate Bill 1, which established an additional gas tax in California for road maintenance purposes. Other sources of road maintenance revenue include the Roadway Fund, which derives its annual revenue from Utility Impact Reimbursement (UIR) funds paid by Environmental Utilities for their impact on the City's roadway network, Transportation Development Act funds remaining after funding the City's Transit needs, and Federal Regional Surface Transportation Program (RSTP) funds from the Federal Excise Tax (Federal Gas Tax) paid at the pump. The amount of HUT and RMRA revenue the City receives is a function of Roseville's population and roadway miles. As the City grows, the HUT and RMRA Fund revenues will increase accordingly. Roadway Fund revenues are a function of the actual cost of the previous year's resurfacing work (UIR portion) and the cost of meeting the City's transit needs (TDA portion).

### Expenses

These funds include costs for staff, materials, and equipment. Also included are the roadway resurfacing contracts that are put out to bid each year. For roadway resurfacing, it is most cost-effective for the City crews to perform the prep work (crack filling, pothole repair, etc.) and then contract out the application of the resurfacing material.

The City has invested over \$1 billion in street infrastructure, so it is critical to protect that investment. The City's goal is to maintain arterial and collector streets at a Pavement Quality Index (PQI) of 72 or better, and 65 or better for residential streets. PQI is a measure from 1 to 100, with 100 representing a brand new street. Having high quality street pavement is a key element in maintaining the high-quality of life Roseville citizens and business owners have come to expect. Approximately \$3 million per year of additional revenue would be required for the next eight to 10 years to achieve this goal for all streets in Roseville.

Special Revenue Funds are funds that are established to collect money that must be used for a specific purpose.

# Special Revenue Funds Overview

## Golf Course Funds

The City owns two municipal golf courses, operated and maintained by contracts and managed by the Parks, Recreation & Libraries Department. Woodcreek Golf Club is an 18-hole championship course with a lighted driving range and full service restaurant and banquet facility designed to provide the public with a country club-like experience. Diamond Oaks Golf Course is an 18-hole traditional municipal course designed to ensure recreational golf is available to the public. Both courses provide a variety of golf opportunities for City residents and neighbors. The Golf Course Funds are the special revenue funds associated with the golf courses.

### Revenue

The most significant source of revenue is generated through user fees for course play. Additional revenue is derived from food and beverage services. Revenue generation related to golf industry economics is highly dependent upon customers' desire to expend their disposable income on recreational golf. Despite COVID-19, golf rounds and driving range use increased from 2020 to 2022, however, the surge in rounds and revenues are beginning to stabilize in 2023. Revenue growth in this fund is still forecasted to increase in FY2023-24 as new golfers in a variety of demographics continue to emerge including youth, teens and young adults.

### Expense

The primary fund expenses are course maintenance, bond payments, and utilities. Although City staff is involved in managing course contracts, no staff are employed directly at the courses. The existing General Fund subsidy will continue in FY2023-24 but is expected to be reduced in 2025 when annual bond payments are paid down and reduced.

### Debt

The construction of Woodcreek Golf Club was financed through municipal bonds with payments scheduled through 2024. The construction of the Woodcreek clubhouse and Diamond Oaks improvements were financed through interfund loans.

### Capital Improvement

Minor course repairs and improvements are budgeted through the operations accounts, while more significant repairs and renovations are funded through CIPs. Both courses are aging and are in need of significant renovation and repair. A golf course improvement plan is under development and the FY2022-23 budget included \$1 million for rehabilitation of the golf courses. Both golf course pro-shop/restaurant buildings were painted and facility landscaping was improved in FY2022-23. A bunker renovation plan and a 10-year golf course improvement plan are both under development to help guide future improvement projects at both courses.

# Capital Project Funds Overview

## Capital Project Funds Overview

These funds are used to account for financial resources to be used for the construction or maintenance of major city facilities. Capital Project Funds are:

- Air Quality Mitigation Fund
- Al Johnson Wildlife Area Fund
- Bike Trail Creekview Fund
- Bike Trail Fund
- Blue Oaks Blvd Fee Fund
- City County Mitigation Fund
- Citywide Park - Sierra Vista SP Fund
- Citywide Park - West Roseville SP Fund
- Citywide Park Fund
- Citywide Park In Lieu Fund
- Community Facility District Capital Project Fund
- Downtown Benefit Fund
- Downtown Parking Fund
- Fire Facilities Fund
- Neighborhood Park Funds (All)
- Parks and Recreation Fee Funded Projects Fund
- Parks Recreation and Library Capital Projects Fund
- Pleasant Grove Drainage Basin Fund
- Public Facilities Fund
- Roadway Fund

- SVSP Fee Program - Admin Fund
- SVSP Fee Program - Park Land Fund
- Traffic Benefit Fee Fund
- Traffic Coordination Fund
- Traffic Mitigation Fund
- Utility Impact Reimbursement Fund
- Westpark Drive Fee Fund

The following are details for three more significant Capital Project Funds presented in this section (Park Development Funds, Traffic Mitigation Fund, and Fire Facilities Fund).

## Park Development Funds

The City of Roseville-specific plans require each plan area to provide for the development costs of citywide/regional parks, neighborhood parks, school parks (parks adjacent to school sites), and in some areas, bike trails. The specific plan development agreements and accompanying financing plans set the parameters for the future collection of park development fees and ensure the amount and types of park facilities are constructed for each plan area. Different funds account for the fees, which cannot be used for any other purpose.

The primary sources of revenue are development fees, which are assessed at building permit issuance (unless

# Capital Project Funds Overview

deferred to occupancy phases). These include citywide (e.g., Citywide Park – Sierra Vista Fund), and neighborhood park (e.g., Neighborhood Park Fund) development fees, and bike trail fees (e.g., Bike Trail Creekview Fund). Other revenues include in-lieu fees (in-lieu of land dedication and development) (e.g., Citywide Park In Lieu Fund) and interest and, if applicable, are also assessed at building permit issuance.

The primary fund expenses are the Capital Improvement Program (CIP) for new citywide parks, neighborhood or school parks, or bike trail development. Typical costs include design, grading, underground, construction, permits, inspections and City indirect and direct costs.

Interfund loans are sometimes used to bridge the timing gap between the collection of fees and CIP construction.

## Traffic Mitigation Fund

The Traffic Mitigation Fund is the City's primary source of funds for capacity improvements to the roadway network. The source of revenue for the Traffic Mitigation Fund is traffic impact fees paid by developers when they are issued building permits. The fee is based on the amount of traffic generated by land development and the cost of the roadway projects in the roadway-related CIPs. This method complies with Assembly Bill 1600, which requires a nexus between the impact fee and the impact caused by land development. Although traffic impact fees paid by developers comprise the majority of revenues for capacity improvements to the City's roadway network, the City also participates in federal and state grant programs when available.

The City's roadway Capital Improvement Program is comprised of just over \$500 million in roadway improvements that have been identified as being needed to handle the volume of traffic once Roseville is completely built out and areas surrounding Roseville are developed to market levels in the future (typically around twenty years into the future). Traffic modeling software is used to forecast those future traffic volumes. In determining the projects for the CIP, the City targets the threshold for traffic congestion as adopted by the City Council, which is to maintain Level of Service C or better during the p.m. peak hour at 70 percent or more of signalized intersections.

The citywide roadway capital improvement and traffic impact fee program were adopted by the City Council in 1989. Since then, the City has made a significant investment in roadway improvements. Examples of some of the major roadway CIPs that have been constructed are:

- Harding Boulevard Overcrossing (over Atlantic Street)
- Old Auburn Road Realignment

- Pleasant Grove Overcrossing (over the Union Pacific railroad tracks)
- Atlantic Street Widening
- Roseville Parkway/I-80 Overcrossing
- Douglas Boulevard/I-80 Tunnel and Flyover
- Fiddymont Road Widening
- Eureka Road/I-80/Taylor Road Improvements
- Blue Oaks Boulevard Widening (from four to six lanes)
- Intelligent Transportation System (ITS) and Traffic Operations Center (TOC)
- Roseville Road widening from Cirby to the city limits
- Woodcreek Oaks Boulevard Widening from Canevari Drive to Crimson Ridge Way
- Partial widening of Washington Blvd (from Sawtell to Kaseberg and Diamond Oaks to Pleasant Grove Blvd)

Since traffic impact fees are paid when building permits are pulled, the Traffic Mitigation revenue stream varies each year based on the rate of land development. When land development is booming, Traffic Mitigation revenues can range from \$10 million to \$11 million per year. When land development is slow, Traffic Mitigation revenues hover around \$1 million to \$1.5 million per year. During a down economy, saving up enough money to construct roadway projects takes longer. But, by the same token, a lower rate of land development means traffic volumes are growing more slowly.

## Fire Facilities Fund

The Fire Facilities Fund was established in 1984 to account for the fire service construction tax. This tax was established to fund the additional fire service facilities and equipment needed to provide services for new development. On December 31, 2009 the tax ended; however, the terms of the tax, in the form of a fee, continue to survive in various development agreements.

## Revenue

The majority of revenue comes from the development agreements that require the collection of the fee calculated by multiplying 0.005 by the valuation of the structure for which the permit application is made. It is due at the time of the permit application and is a condition for obtaining a building permit.

## Expenses

The fund expenditures can only be used for the construction, reconstruction or repair of fire facilities, or the acquisition, repair, or maintenance of fire equipment related to new development. Historically, the fund has been the primary source of funding for fire station construction projects and the purchase of additional apparatus. This funding source is being used to build the new Fire Station 8.

# Other Funds Overview

## Permanent Fund

Permanent Funds are used to account for resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support City's programs. These funds must remain intact perpetually or until a specific date or event. The City's only Permanent Fund is the Citizens Benefit Fund. This fund provides community and Roseville Employees Charitable Hearts (REACH) grants to non-profit organizations throughout the City. The primary source of annual revenue comes from interest and City of Roseville employee donations. Ordinance 3388, Section 4.06.040 allows the City Council to appropriate up to 90 percent of the prior year's annual interest earnings.

## Special District Agency Funds

These funds account for assets held by the City as an agent for individuals, governmental entities, and non-public organizations. Special District Agency Funds are used for public infrastructure improvements and maintenance financed by special levies against property holders. They are secured by special taxes assessed on the property owners within the district to pay the principal and interest on the bonds.

## Trust Funds

These funds are restricted for specific programs and purposes in accordance with a statute that designates the fund as a trust. Trust Funds are:

- **OPEB Trust Fund** – used to account for assets held by the City as a trustee agent for the members and beneficiaries of other post-employment benefit plans (retiree medical). Investment income is based on a long-term actuarial assumption of 6.25 percent and may include income earned and realized and unrealized gains/losses.
- **Pension Reserve Trust Fund** – used to account for assets held by the City as a reserve to help manage future increases in required pension contributions. This budget includes a transfer of \$4.6 million from the General Fund.
- **Private Purpose Trust Funds** – a collection of trust funds including the Library Endowment Fund and various urban reserve funds.
- **Successor Agency to the Former RDA Fund** - is responsible for unwinding the affairs of the former Redevelopment Agency (RDA). The Successor Agency will continue to oversee the completion of redevelopment projects, dispose of assets and

properties of the former RDA and meet its enforceable obligations. A seven-member Oversight Board approves the annual Recognized Obligation Payment Schedule (ROPS) that determines the amount of property tax increment the Successor Agency receives to pay its annual debt service and other enforceable obligations.

## Internal Service Funds and Self-Insurance Funds

These funds are used to account for the financing of goods and services provided by one City department to other City departments on a cost-reimbursement basis.

Internal Service Funds are:

- **Fleet Replacement Fund** - provides automotive replacement services for the City's fleet.
- **Fleet Services Fund** - provides maintenance and supplies to the City's fleet.
- **Facility Rehabilitation Fund** - provides rehabilitation for City facilities.
- **Facilities Services Fund** - provides building maintenance and custodial services to all departments citywide.
- **Equipment Replacement Fund** - provides for the replacement of equipment for General Fund departments.
- **IT Operations Fund** - provides information technology support and services for digital communication, database and cloud, network infrastructure, business solutions, Geographic Information System (GIS), client services, and enterprise solutions to all departments citywide.
- **IT Replacement Fund** - provides rehabilitation for the City's information technology infrastructure.

Self-Insurance Funds are:

- **General Benefits Fund**
  - Dental Insurance Fund
  - Vision Insurance Fund
  - Section 125 Fund
- **General Liability Fund**
- **Workers' Compensation Fund**
- **Unemployment Insurance Fund**

These Self-Insurance Funds provide services and benefits to the City and its employees on a cost-reimbursement basis. The primary source of revenue is a premium charged to funds that include city salaries.

# Fund Summary - End Notes

[1]

## Prior Year Encumbrance Carryover

Prior year encumbrance carryovers are included as operating revenue since they represent the reserve set aside to cover the carryover expenses/expenditures from the prior year. The beginning fund balance has been adjusted down by the amount of these reserves.

[2]

## Prior Year Project Carryover

Prior year project carryovers are included as non-operating revenue and expenditures/expenses since they represent the reserve set aside to cover prior year project budgets. The beginning fund balance has been adjusted down by the amount of these reserves.

[3]

## Others Sources/(Uses)

### 1040 - Litigation Reserve

	FY2020-21 Actuals (\$)	FY2021-22 Actuals (\$)	FY2022-23 Amended Budget (\$)	FY2023-24 Budget (\$)
Other Sources/(Uses)	-	-	-	250,000

The Litigation Reserve Fund is used for unanticipated outside attorney fees. Staff anticipates that the expense budgeted in FY2022-23 will not be spent, which will make that amount available in FY2023-24 and result in a positive fund balance after year-end.

### 2270 - Grants

	FY2020-21 Actuals (\$)	FY2021-22 Actuals (\$)	FY2022-23 Amended Budget (\$)	FY2023-24 Budget (\$)
Other Sources/(Uses)	-	-	2,352,832	-

The deficit fund balance in the Grants Fund will be eliminated in future years through reimbursement-based grants.

### 2280 - Federal Stimulus Reserve - ARPA

	FY2020-21 Actuals (\$)	FY2021-22 Actuals (\$)	FY2022-23 Amended Budget (\$)	FY2023-24 Budget (\$)
Other Sources/(Uses)	-	-	1,099,308	-

Staff will recommend an FY2022-23 budget adjustment to City Council to increase revenues in the American Rescue Plan Act Fund by \$1,099,308 to fund City Council approved appropriations.

### 6512 - Transit Shuttle Service Fee Fund

	FY2020-21 Actuals (\$)	FY2021-22 Actuals (\$)	FY2022-23 Amended Budget (\$)	FY2023-24 Budget (\$)
Other Sources/(Uses)	-	-	180,000	-

Staff will recommend an FY2022-23 budget adjustment to City Council to transfer \$180,000 from the Transit Fund to the Transit Shuttle Fee Fund. A separate fund was established for the Transit Shuttle Fee Fund to assist with the accounting and reporting of this funding.

# Department Operating Budgets Overview

## Department Operating Budgets Overview

The Department Operating Budgets section contains the operational costs by department. The section begins with a Budget Summary by Department that outlines all department operating budgets. The full-time equivalent (FTE) positions for each department are also included in this summary. Following the Budget Summary is the detail for each department and the costs required to fund their services.

Each department section contains an organizational chart that displays the overall structure of the department.

In addition, each section provides an overview of services, accomplishments, City Council Strategic Plan efforts, key performance measures, workload measures and budget highlights.

The Department Budget Summary provides position and expenditure/expense information over a three-year period: prior year actuals, current year budget, current year amended budget, and the new budget year. Each department section contains a summary of positions, expenditures/expenses by major category, expenditures/

expenses by fund, and expenditure/expenses by center or division.

The expenditures/expenses by major category summary are segregated into the following categories:

- Salaries and wages
- Benefits
- Materials, supplies, and services
- Internal reimbursements
- Capital outlay
- Transfers out

The salaries and wages and benefits categories include compensation and benefits paid to employees of the City. Materials, services, and supplies contain costs consumed during the fiscal year and are not capital related. Internal reimbursements are for expenditures/expenses charged to other departments, funds, or projects. Capital outlay expenditures result in acquisitions or additions to capital assets and represent a betterment or improvement. These expenditures typically have a life of more than one year and cost \$5,000 or more.

Note: Transfers between City funds, internal service fund budgets, and Other Post Employment Trust Fund budgets, related to payments for retiree benefits, are excluded from the Budget (Net) calculation to prevent double-counting these expenditure budgets.

# Department Operating Budgets

## City Council

### Overview of Services

The City Council, as the elected body, adopts legislation, sets policy, adjudicates issues, and establishes the budget. The City Manager, the administrative head of the City government, implements City Council approved policies and laws. The City Council obtains direct citizen input from 14 Council-appointed boards and commissions. The Mayor and Councilmembers are accountable to the electorate and must balance the views of individuals and groups with the community's needs. Councilmembers achieve success with public policy issues facing the region by leading and collaborating with residents, businesses, and regional partners on issues of mutual interest.

### Accomplishments

As the governing body for the City of Roseville, the City Council sets policy, diligently works toward common solutions, builds a sustainable future, provides perspective on critical issues, seeks community input, and works with the community to enhance understanding of City processes and issues.

### Council Strategic Plan

With comprehensive community input through ongoing efforts, the City Council updated its four-year strategic plan in February 2023. The City Council's Strategic Planning Update Workshop considered progress made on current priorities along with staff and funding capacity to work on new or expanded focus areas.

The resulting plan describes the City's mission, vision, and values that guide the City's work. It includes overarching goals through FY2023-24 and specific strategies to support each goal. The plan was developed and updated at public workshops. It is available at [www.roseville.ca.us/strategicplan](http://www.roseville.ca.us/strategicplan).

The six goals that support the City's mission and vision are:

- Maintain a safe and healthy community
- Remain fiscally responsible in a changing world
- Enhance economic vitality
- Invest in well-planned infrastructure and growth
- Support community engagement and advocacy
- Deliver exceptional City services

### Budget Highlights

The City Council's FY2023-24 budget totals nearly \$164,000. This budget increased by more than \$116,000 from the prior year due to a significant increase in the City's Local Agency Formation Commission (LAFCO) membership and reduced internal citywide cost plan reimbursement.

# Department Operating Budgets

# City Manager's Office

# Department Operating Budgets

## Overview of Services

The City Manager's Office implements the City Council's vision and goals by aligning financial resources and administering City projects, programs, and services that support expressed City Council priorities. The City Manager makes policy recommendations to the City Council and oversees all City departments except the City Attorney's Office. The City Manager's Office also focuses on leadership; overall quality-of-life issues; fiscal accountability; internal and external communications; engagement with employees, the business community, neighborhood associations, residents, and regional governments; internal collaboration between departments; public/private partnerships; higher-education opportunities; and drives efficiency, innovation, and change within the City.

## Accomplishments

- Led the City through significant financial, regulatory, and economic change while receiving some of the highest satisfaction ratings in the country from residents.
- Worked with labor groups on labor market adjustments to ensure the stability of the workforce and competitive compensation in a particularly tight labor market.
- Conducted City Council Strategic Planning Update Workshop.

# Department Operating Budgets

- Created a comprehensive unsheltered plan for integrated City services and participated in regional homelessness initiative.
- Fully funded reserves and reduced pension liability.
- Convened regional staff from County and non-profit sector for a study mission to San Diego to learn about best practices regarding homelessness approach.
- Managed various challenging issues with utilities and public works projects in dynamic financial, regulatory, and climate environments.

## Focus Areas

- Addressing Community Growth: Costco development; Amoruso Ranch and Creekview specific plans; Impacts on City services from Placer County growth including Placer One, Vineyards, Regional University; Implementation of corridor plans; Roseville Industrial Park site planning; Cokeva, TSI, Kaiser, Sutter, and downtown project growth.
- Communication: Implementation of Customer Relationship Management (CRM), conduct biennial National Community Survey, new resident FAQ site, increased outreach for capital improvement projects.
- Operations: Employee onboarding and training as long-tenured employees retire, mentoring programs, organizational culture and leadership, and performance management metrics.
- Homelessness: Continue to refine and establish priorities and strategies, leverage interdepartmental operation and integration, and provide Council with a menu of options to address homelessness; use metrics to determine the effectiveness of physical and administrative strategies for implementation.

## Budget Highlights

The City Manager's FY2023-24 budget totals approximately \$1.5 million (an increase of 1.7 percent over the prior year) and provides funding to support seven position allocations. The budget increase is primarily due increasing salaries, wages and benefits and a decrease in citywide cost allocation plan reimbursements offset by a decrease in materials, supplies and services due to the realignment of the Organizational, Culture & Leadership funding from the City Manager's Office to the Public Affairs & Communications Department.

## Budget Summary

### Positions by Division/Program

# Public Affairs & Communications Department

# Department Operating Budgets

## Overview of Services

The Public Affairs & Communications (PAC) Department leads the City's legislative advocacy, media relations, community relations, social media, broadcast, internal communications, neighborhood services, public information services, and the City's organizational culture and leadership initiatives.

The department staff manages the work related to the City Council's Law & Regulation Committee, Organizational Culture & Leadership Committee, and REACH (Roseville Employees Annual Charitable Hearts) giving program. PAC leads citywide teams including communications, government relations, emergency services, E-Government, and open data, and provides leadership on the CRM (Customer Resource Management) Implementation Team and the Regional Homelessness Working Group. PAC staff is the liaison for the Roseville Coalition of Neighborhood Associations (RCONA); Invest Health partnership; community/affinity/faith-based groups; and other business, education, and community initiatives.

## Accomplishments

- Developed and implemented a comprehensive educational effort on Measure C hotel tax initiative to enhance understanding among residents. Measure C was approved by 77 percent of voters and will provide an estimated \$3-4 million annually to the General Fund.
- Facilitated Council Priorities Update Workshop in February 2023 to review accomplishments, discuss areas of focus and update four-year Council priorities.
- Participated in regional Homelessness Task Force and City's Interdepartmental Homelessness Task Force, facilitating conversations, strategy development, intergovernmental relations and nonprofit partnerships, community engagement, education, and awareness.
- Significantly expanded Economic Development marketing, business support, website, and communications and supported development of Economic Development Strategic Plan and marketing campaigns.
- Led communications regarding new development in the City and provided counsel on public outreach.
- Wrote the annual State of the City speech and produced the highly popular event, including leading coordination with Chamber, school district, police, parking, publicity, special guests, and featured speakers. Broadcast the event on social media and our City government-access channel.
- Developed and implemented community outreach surrounding corridor redevelopment to gain public input.

# Department Operating Budgets

- Developed a communications strategy related to homelessness to provide context and inform the community of the efforts underway to address this issue, to provide information to people experiencing homelessness about resources available, and to guide the community in ways they can most effectively support efforts to prevent and address homelessness.
- Developed digital communications strategy to support recruitment, retention, and organizational culture efforts without adding additional staff.
- Revamped Pride of Roseville ceremony to recognize employees, after PAC staff conducted a citywide survey. Produced first citywide luncheon with Council and staff, including program, script, signage, and photos to enhance experience.
- Established partnership with Health Education Council to allow City staff to distribute meals to seniors at Maidu Villages affordable housing.
- Established inaugural Clean Up Days partnership between Environmental Utilities (EU) and Roseville Coalition of Neighborhood Associations (RCONA), ensuring no additional staff time and widespread volunteer support and publicity.
- Brought back REACH softball tournament to raise funds for local charities through department competition.
- Established authority for staff to conduct various drives to support community nonprofits, including the Society for the Prevention of Cruelty to Animals (SPCA), Taylor's House, and Gathering Inn.
- Supported utilities marketing, video, and graphic design.
- Consulted with Parks Recreation and Libraries on video production.
- Established the Art of Public Service canvas project to have departments highlight their services and how we work as a City to provide services to our community.
- Updated City's Ceremonial Document Policy.
- Drafted policies to help standardize Council's long-standing practices as shift to district-based elections and rotational mayor were approved by voters.
- Showcased City jobs through a virtual Careers in Government Day to over 500 local high school students and at local career fairs.
- Conducted recruitments of high school students to serve on City boards and commissions.
- Developed recruitment videos highlighting seasonal job opportunities with the City targeted to younger populations.
- Partnered with Placer County-based nonprofit Global Marketplace to conduct several nine-week sessions of Conversations on Racial Healing for City staff and community members with Roseville Police Department representatives sharing and listening to perspectives as well. The Police Department has continued these outreach efforts in further developing our Procedural Justice training program in coordination with community members of diverse backgrounds.
- Initiated special events related to inclusion and diversity for staff, including a Lunch and Learn, tours, performances, and cultural festivals.

# Department Operating Budgets

## Council Strategic Plan

### Goal: Support community engagement and advocacy

#### Strategy: Remain focused on community engagement and education about City services and the budget

- Provide transparent, easily understood communications about the City's financial situation through the City Manager's Budget Message, Budget in Brief, strategic presentations, columns, videos, public engagement efforts, and graphic design visuals.
- Provide in-depth presentations about City budget and finances at Council meetings and with community groups, including Chamber, RCONA, and Rotary Club.
- Work with organizations that promote public engagement in the budget process to bring best practices to Roseville.

#### Strategy: Explore opportunities to engage increasingly diverse audiences in relevant ways

- Participate in Invest Health study mission to Spartanburg, SC, through a Wellville grant to study community engagement.
- Continue serving on Davenport Institute for Civic Leadership and Public Engagement.
- Develop curriculum on public engagement and work with community groups to enhance effectiveness and outreach.
- Provide National Community Survey in Spanish.
- Participate in an advisory and consulting role with RCONA.
- Work with councilmembers on Community Coffees and other outreach needs to ensure accurate, timely information.

#### Strategy: Increase outreach to and engagement with younger populations

- Actively post, monitor, and engage in social media channels to disseminate accurate information.
- Conduct recruitments for Boards and Commissions to attract youth applicants.
- Enlist younger residents to assist with citywide cleanup days in partnership with EU and RCONA.
- Operate City of Roseville-TV broadcasts to provide transparency in public policy discussions.
- Conduct FlashVote polls with the community to gauge priorities, concerns, and vision.

#### Strategy: Explore volunteer opportunities for employees

- Develop new strategy for REACH activities to include additional volunteer opportunities to engage with community.

#### Strategy: Help county, state, and federal policymakers understand key City issues, including local decision-making

- Develop annual legislative platform in partnership with departments and conduct Council workshop to discuss upcoming legislative priorities and regulatory challenges. Meet with elected representatives through sessions at the City, at the state capital, U.S. Congress, and at association and other gatherings. Actively engage with industry association legislative efforts.

### Goal: Maintain a safe and healthy community

- Continue City efforts to reduce homelessness while collaborating and advocating regionally as appropriate.

# Department Operating Budgets

- Participate in Regional Homelessness Task Force with Placer County, cities, and nonprofit agencies to develop and coordinate regional opportunities to address and prevent homelessness.

## **Strategy: Continue inclusiveness, equality, and justice efforts for all in partnership with the community**

- Work with various communities to ensure access to City services such as transportation, housing and the Police Department's Social Services Unit.
- Ensure diversity in experiences and perspectives among participants in interview panels for key City staff leadership roles.
- Support Conversations on Racial Healing in the community and among staff.
- Highlight federal observance months and support efforts to promote awareness.

## **Goal: Enhance economic vitality**

### **Strategy: Support conditions that attract, promote and retain retail, commercial and industrial opportunities that have a positive fiscal impact**

- Develop marketing materials for prospective businesses and to raise awareness among business community about opportunities the City offers.
- Provide transparent, easily understood communications and data about the City's economic development activities through regular business newsletters, strategic presentations, columns, videos, public engagement efforts, and graphic design visuals.
- Support annual economic outreach events, including State of the City, Chamber events, and industry conferences.

## **Strategy: Implement Economic Development Strategy**

- Support City Council and Economic Development Department with marketing materials, presentations, graphics, advertising, speeches, media relations and messaging related to implementation of strategy.

## **Goal: Deliver exceptional City services**

### **Strategy: Remain an employer of choice through expanded recruitment and attraction efforts, a focus on retention, and a strong culture**

- Establish staffing for Organizational Culture and Leadership (OC&L) work in PAC.
- Assign PAC staff to support HR internal communications as well as external branding.
- Bring back Welcome Day and revamp bus tour for new staff and all staff.
- Lead OC&L initiative for the City to improve its culture, attraction, and retention of its workforce and create optimal work environment and interaction.
- Conduct employee surveys to identify concerns and enhance the work environment.
- Revamp the REACH program and bring the Inclusion Committee and Employee Recognition Committee with the OC&L Committee to integrate all citywide committees, so efforts are stronger, complementary, and leverage the strength of each other.
- Provide transparent, easily understood communications about the City's policy and operational objectives to staff.
- Develop communication opportunities, including citywide staff meetings, all-manager meetings, and written and video presentations to staff on behalf of the City Manager.

# Department Operating Budgets

## Strategy: Implement greater community-based and volunteer cleanups

- Liaison with EU and RCONA to provide the second annual community cleanup days.

## Goal: Invest in well-planned infrastructure and growth

### Strategy: Reinvest in core neighborhoods

- Continue active participation with Invest Health partnership in exploring and adopting best practices for health outcomes from communities nationwide. Continue active participation in monthly advisory council meetings and community engagement activities.

## Strategy: Seek increased regional and local transportation funding and revenues

- Support launch of new transportation services with Roseville Transit and coordination with regional initiatives through Placer County Transportation Planning Agency (PCTPA).
- Support and collaborate on messaging with PCTPA to help Roseville residents understand implications and funding for transportation projects.

## Budget Highlights

The Public Affairs & Communications (PAC) Department's FY2023-24 budget totals approximately \$1.5 million and provides funding to support ten position allocations. This includes transferring one department public information officer position from Police to PAC to support Organizational, Culture & Leadership efforts, Police communications training, and legislative advocacy. It also includes two new positions to the City: one to support Police community relations and communications outreach and the other to support video broadcast of City Council meetings and digital and video outreach for culture and recruitment branding. PAC's budget increased by 37.5 percent over the prior year due to these new and re-allocated positions, realignment of Organizational, Culture & Leadership materials, supplies, and services from the City Manager's Office to PAC, and increased citywide cost allocation plan reimbursements.

# Department Operating Budgets

# City Attorney's Office

# Department Operating Budgets

## Overview of Services

The City Attorney's Office (CAO) provides comprehensive in-house legal services for the City of Roseville. The City Attorney's mission is to contribute to the City's success by delivering high quality legal counsel, representation and effective solutions with professionalism and integrity. Primary services consist chiefly of staffing the meetings of the City Council and various City boards, commissions, and committees; preparation and review of ordinances, resolutions, contracts, and other legal documents; advice and strategic assistance to City departments; civil litigation management/representation; self-handling of various legal proceedings; supporting government claims review; tracking legislation; providing trainings; debt collections; code enforcement; and criminal prosecution of the Roseville Municipal Code.

## Council Strategic Plan

The CAO will support the City Council, executive management and City departments with key City projects in furtherance of the City's overarching goals and key strategies.

### Goal: Remain fiscally responsible in a changing world

The CAO will support the City Manager's Office and the Human Resources Department with negotiating successor labor agreements, including acting as lead negotiator for the Local 39 agreement.

The CAO will assist Roseville Electric in extending agreements with the California Department of Water Resources for two emergency generators located at the Roseville Energy Park and in evaluating whether to expand the site's generating capacity.

### Goal: Maintain a safe and healthy community

The CAO will continue to participate in regional efforts to identify strategies for addressing homelessness in Placer County.

The CAO will work on establishing a City criminal prosecution program to increase the available resources the City has to address nuisance and blight issues in order to maintain a safe, healthy and beautiful community.

The CAO will revamp the City's graffiti, camping on private property and sidewalk vending ordinances to better assist with eliminating blight.

# Department Operating Budgets

## Goal: Enhance economic vitality

The CAO will provide legal support to various development, affordable housing, and land disposition projects (e.g., 401 Oak Street, 505 Royer/300 Taylor Street, 320 Vernon Street, Roseville Industrial Park project).

## Goal: Deliver exceptional City services

The CAO will continue to participate in efforts to modernize and streamline the City's Public Records Act processes in addition to creating a Citywide training regarding the handling of public records requests and the recodification of the Public Records Act.

The CAO will place a greater emphasis on training staff and public officials on various laws and legal responsibilities.

## Goal: Invest in well-planned infrastructure and growth

The CAO will assist staff with needed property acquisitions for the Roseville Parkway extension and Pleasant Grove widening projects.

The CAO will finalize an amendment to the Water Supplies and Exchanges Agreement for Middle Fork Project water with the Placer County Water Agency to help ensure water supply in drought years and future development.

## Goal: Support community engagement and advocacy

The CAO will continue its efforts to become more externally facing by educating community members regarding their rights and responsibilities, participating in the City's advocacy efforts, and engaging in regional activities and partnerships.

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Requests for legal service ("Greenies") completed	1,111	1,000	950	1,000
Legal Opinions	21,219	21,000	20,000	22,000
Citations	262	300	300	310
Public Meetings	212	180	182	185
Trainings	n/a	30	30	32

## Accomplishments

- Resolved 23,910 legal services requests in calendar year 2022.
- Guided the first ever Roseville Independent Redistricting Commission through extensive public outreach and adoption of a new City Council electoral district map. The legally compliant map was adopted after a largely community-driven process which received positive press coverage.
- Participated in the placement of Measure C, the City's Transient Occupancy Tax (TOT) measure, on the November 2022 ballot as well as assisted with proper educational outreach efforts. Measure C increased the TOT rate from 6 percent to 10 percent and passed with 72 percent of the vote and will provide an estimated \$2.7 to \$3 million of additional revenue annually, fulfilling a key Council priority.

# Department Operating Budgets

- Closed escrow on the purchase of the future sites of the Roseville Soccer Complex and the Vernon Street Electric Substation as well as property utilized for the Roseville Road S-Curve project.
- Negotiated and drafted a lease agreement with the Growth Factory to operate the Roseville Venture Lab in downtown Roseville. This entrepreneur center is dedicated to strengthening local startup businesses, spurring job growth, and fostering a community of entrepreneurs through programs, partnerships, workforce development, and special events.
- Assisted with contract negotiations for a new contract with an armored car service which came close to expiring, a vitally needed service to transport cash from the City's facilities.
- Collaborated with Finance to issue a Request for Proposals to transition our bond trustee services and helped draft a complicated and robust agreement for comprehensive banking services.
- Assisted the City Council, Economic Development, Finance, the City Manager's Office, and the Grants Advisory Commission in quickly establishing a one-off expedited American Rescue Plan Act (ARPA) Grant Funding Cycle to award \$350,000 in funds to local non-profits.
- Helped secure multi-year funding from the National Opioid Settlement Fund to use towards opioid education and abatement.
- Drafted, in partnership with the Information Technology Department, an Electronic Signature Policy to broadly permit the use of electronic signatures in City-related business, which has allowed staff and third parties to execute documents quickly, securely and efficiently.
- Implemented new methods for collecting past due debts owed to the City, which will result in increased revenues.
- Assisted with obtaining a "Prohousing" designation from the State Department of Housing and Community Development (HCD). The designation makes private affordable housing projects planned in Roseville much more competitive for limited state and federal funding and could accelerate the timeline for future projects.

## Budget Highlights

The City Attorney's FY2023-24 budget totals approximately \$2.4 million and provides funding to support 10 position allocations. This budget increased by 3.4 percent over the prior fiscal year due to inflationary increases in labor, supplies, and services and increased citywide cost plan reimbursements.

# Department Operating Budgets

# Finance Department

# Department Operating Budgets

## Overview of Services

The Finance Department provides services in budgeting, investing and cash management, issuing and managing debt, accounting, accounts payable, payroll, Enterprise Resource Planning (ERP) system support, special district administration, purchasing, and central stores.

## Budget Division

The Budget Division is responsible for preparing, developing, and publishing the Annual Adopted Budget and Quarterly Financial Reports. This division also assists with budget amendments, including the carry-forward of approved budgets for unspent encumbrances. The budget team works with all City departments to ensure that actual spending is within City Council-approved budget appropriations.

## Accounting Division

The Accounting Division develops, implements, and maintains effective financial accounting systems and internal controls. The division provides management control over the City's financial activity by ensuring the ability to present a fairly stated financial position of the City on a timely basis. The division is responsible for managing the revenue operations of the City and monitoring the City's debt and investment portfolio. It is also responsible for the City's billed receivables (including the collection of citywide delinquent accounts), grants, special assessments, capital assets, and financial reporting.

## Enterprise Resource Planning (ERP) Support Division

The ERP Support Division is responsible for managing the teams of staff performing maintenance and optimization of the City's ERP system, as well as managing or coordinating with other projects that integrate with the ERP system.

## Disbursements Division

The Disbursements Division is responsible for the timely calculation and payment of payroll, payments to vendors, CalPERS administration and reporting, and retiree health administration and payment. The division is also responsible for all federal and state payroll and accounts payable reporting requirements.

## Purchasing and Central Stores Division

The Purchasing and Central Stores Division is responsible for procurement and acquisition services, central warehousing, mail handling, and courier services.

# Department Operating Budgets

## Accomplishments

- Recognized by the Government Finance Officers Association (GFOA) with the Certificate for Excellence in Financial Reporting for the FY2020-21 Annual Comprehensive Financial Report.
- Recognized by the GFOA and the California Society of Municipal Financial Officers (CSMFO) with Distinguished Budget Presentation Awards for the FY2022-23 Approved Budget.
- Updated the City Council-adopted financial policies, including revisions to the Budget Development Policy, Capital Improvement Program Rehabilitation Funding Policy, and Pension Funding Policy, and included a new Development Services Stabilization Reserve Fund Policy to establish a reserve fund to provide the department resources to maintain services during a short-term drop in revenue and to provide time to react to changes necessary during a long-term economic decline.

## Council Strategic Plan

### Goal: Remain fiscally responsible in a changing world

#### Strategy: Seek ways to reduce pension liabilities to maintain high quality services

Finance Department is actively seeking ways to reduce pension liabilities and improve the funded status of the California Public Employee's Retirement System (CalPERS) plan to ensure high-quality services for City residents. One approach for the City is to use one-time resources to participate in the CalPERS Additional Discretionary Payments (ADP) option, which reduces the City's unfunded liability and leads to long-term savings. The FY2023-24 budget includes an ADP of \$4.6 million, bringing the total ADPs to \$16.7 million over the past three years. Additionally, the City has established a Section 115 Pension Trust Fund to serve as a reserve against CalPERS cost increases. With the \$4.6 million budgeted transfer into the trust in FY2023-24, the City has now transferred \$17.1 million. These measures are designed to maintain service levels during future economic downturns.

### Goal: Invest in well-planned infrastructure and growth

#### Strategy: Increase funding for CIP rehabilitation to prevent erosion of infrastructure

Equipment is a core component of the City infrastructure required to provide essential services for the community. Departments such as Fire, Police, and Parks, Recreation & Libraries rely on well-functioning equipment to operate effectively. It is important to prioritize the upkeep and replacement of equipment to maintain the quality of our essential services for our community. To this end, the budget includes funding to develop an inventory of equipment purchased by General Fund departments. By having a comprehensive list of equipment, the City can create a plan to accumulate funds over time to replace equipment when it reaches its end of life. This approach will help the City with financial planning and ensure adequate funds are available to purchase replacement equipment.

## Key Performance Measures

### Excellence in Budgeting

Goal	Support community engagement and advocacy			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Receive Distinguished Budget Presentation Award from Government Finance Officers Association (GFOA)	✓	✓	✓	✓
Receive Certificate of Award in Budgeting from the California Society Municipal Finance Officers (CSMFO)	✓	✓	✓	✓
Purpose	Receiving GFOA and CSMFO awards for budgeting demonstrates a commitment to meeting the highest principles of governmental budgeting.			
Status	The Finance Department received both of the awards for the FY2022-23 budget and plans to submit the FY2023-24 budget for the awards.			

### Excellence in Financial Reporting

Goal	Remain fiscally responsible in a changing world			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Receive Certificate of Achievement for Excellence in Financial Reporting from the GFOA	✓	✓	✓	✓
Purpose	Receiving GFOA awards for financial reporting demonstrates a commitment to meeting the highest principles of governmental financial management.			
Status	The Finance Department received the award for the FY2020-21 Annual Comprehensive Financial Report and submitted the FY2021-22 Report for the award again in FY2022-23.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of vendor invoices paid	49,388	45,200	48,300	49,000
Number of payroll checks processed	41,417	42,700	42,680	44,000
Number of purchase requisitions processed	3,248	3,300	3,450	3,550

# Department Operating Budgets

## Budget Highlights

The Finance Department's FY2023-24 budget totals approximately \$5.2 million and provides funding to support 49.6 position allocations. The department budget increased by approximately 26 percent over the prior fiscal year, from \$4.1 million to \$5.2 million. This change is primarily due to increased labor and professional services costs and a decrease in internal citywide cost plan reimbursements. The Finance Department's budget includes the following highlights:

### Accounts Payable

The budget includes increasing an existing Full Time Equivalent (FTE) 0.625 position to a 1.0 FTE position. Increasing accounts payable work levels associated with a growing city necessitates increasing this position to a full allocation. A corresponding decrease in temporary staffing funding offsets the cost of this position.

### General Fund Equipment Inventory and Budget Planning

A consolidated inventory of equipment purchased by General Fund departments is required to maintain core service levels. With a consolidated list, the City can develop a comprehensive plan to accumulate funds to replace the equipment once it reaches its end of life. Saving up funds for equipment replacement over time will assist the City with financial planning and ensure adequate funds are available to purchase replacement equipment when necessary. The budget includes \$60,000 in one-time funding to develop a citywide equipment inventory, develop a process to save funds for future replacement equipment and assist in recommending and implementing software to facilitate this process.

### Internal Control Monitoring and Internal Audits

A Senior Accountant is included in the budget to assist with monitoring internal controls over various transactions cycles, including, but not limited to, internal control environment, procurement; asset management; inventory management; contract management; accounts payable; employee expense reports; purchase card activity; personnel transactions; Council Communications; operations budgeting and accounting; CIP planning, budgeting, and accounting; rate model preparation; grant compliance; and internal and external reporting. The position will also assist with internal control documentation (including financial policy updates, standard operating procedure documents, etc.) and assist with participation in citywide enterprise risk management initiatives.

In addition, \$50,000 in ongoing funding is included in the Finance Department budget to conduct two internal audits per year. In FY2023-24, this funding will be used to audit compliance with contract spending and other contract management objectives.

### Payroll

An additional 1.0 Analyst FTE position is included in the Payroll Division due to increasing workload and complexity associated with growing citywide staffing levels. This position will assist in payroll liability reconciliation, bank reconciliations, and payroll system management and testing. This position will also assist in administrative regulation updates, annual reporting requirements, position budgeting, and process analysis.

### Purchasing

Funding is included in the budget for a new purchasing supervisor classification. This classification is new for the City, so the Human Resources Department will return to the City Council at a later date to establish the position allocation. Adding this position will provide additional resources and assistance for the Purchasing Manager to ensure appropriate oversight of the central stores function and implement needed purchasing policy improvements. When fully staffed, the Purchasing Manager is responsible for fourteen direct reports; therefore, the position spends the most time on personnel responsibilities and procurement-related activities. This new position will allow for more time to focus on the needs of the central stores function, divisional and citywide priorities, and purchasing policy development and revisions.

# Department Operating Budgets

The budget also includes \$20,000 in one-time funding to hire a consultant to assist with implementing the recommendations contained in a recent procurement assessment. Primary areas of focus for the consultant will include the development of a comprehensive purchasing policy manual that incorporates relevant state and city codes and policies, and consolidation of city procurement training materials.

## Budget Summary

# Human Resources Department

# Department Operating Budgets

## Overview of Services

The Human Resources Department provides services to assist City departments and the community with employment and volunteer opportunities. The department's focus is on recruiting, developing, engaging, and retaining a diverse, well qualified, and professional workforce of approximately 1,358 regular employees and 490 temporary/seasonal employees to deliver high-quality services to the City.

## Employment Services and Benefits

Employment Services is responsible for planning, developing, conducting, and overseeing the City's classification and compensation plans, recruitment, examination, selection, pre-employment, and onboarding processes for regular and temporary employees. This team also coordinates the intern and volunteer program. Additionally, the team administers the employee insurance and benefits programs, including the CalPERS retirement and supplemental retirement plans, medical, dental, vision, life and long-term disability insurance plans, flexible spending accounts, and the employee assistance program. This team manages the Human Resources Information System (HRIS), including the processing and approval of employee salary and benefits information and conducting retirement consultations.

## Labor Relations/Performance Management/Employee Development

This team promotes organizational advancement through effective employee/labor relations activities pertaining to five recognized employee bargaining units and two unrepresented employee groups; manages and assists with the employee performance evaluation system; coordinates, develops, and conducts employee training; administers and tracks online policy review and training records for citywide training; processes tuition reimbursement; and coordinates the annual giving campaign.

## Risk Management

Risk Management is responsible for creating a safe work environment for employees and a safe city for its residents. Risk Management accomplishes this by administering safety training, Cal-OSHA mandated programs, assuring safe and healthy work environments, administering liability and workers' compensation programs, Americans with Disability Act interactive process and reasonable accommodations, managing leaves of absence, and responding to both resident and employee safety concerns.

## Management and Administrative Support Services

Management and Administrative Support Services oversees the department operations, organizational development and engagement, including succession planning, policy development, champions the Inclusion Committee and the Employee Recognition Committee and oversees the department budget.

# Department Operating Budgets

## Accomplishments

- Implemented NEOGOV, a new applicant tracking system, which provides efficiencies for City staff and applicants.
- Completed 240 recruitments with a streamlined electronic signature process for new hire documents.
- Processed 10,787 employment applications.
- Implemented safety protocols and numerous COVID-19 related programs, policies, frequently asked questions, and employee communications.
- Implemented labor market adjustments with five labor groups and updated 48 salary ranges as a result of minimum wage increases.
- Customized the performance management system to create more efficient workflows for the larger departments.
- Implemented classification study recommendations for 18 classifications involving 30 employees.
- Supported succession planning by processing 157 promotions.

## Council Strategic Plan

### Goal: Deliver exceptional City services

**Strategy: Remain an employer of choice through expanded recruitment and attraction efforts, a focus on retention, and a strong culture**

The Human Resources Department's focus is on streamlining the hiring process with an updated applicant tracking system, and will establish a collaborative partnership with the citywide communications team to enhance our City HR Job Opportunity webpage and outreach to attract top talent and interns in a tight labor market. The Human Resources team goal is to ensure that the City has the most diverse and highly qualified candidate pool available. Enhancement and expansion of the training program for supervisors and employees will support a high-performing work culture. Further, a succession planning program will be developed to support retention, reorganization of work, skills development, and effective outreach for specialized operational skills.

## Key Performance Measures

### Recruitments

Goal	Deliver exceptional City services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Total number of General/Management Recruitments	184	230	240	230
Number of Employees Onboarded (Regular)	128	190	175	175
Number of Employees Onboarded (Temporary)	286	340	190	300
Purpose	To efficiently deliver a more diverse and highly skilled candidate pool to produce a dedicated workforce to deliver City services to the community.			
Status	Human Resources continues to enhance recruitment outreach through various social media tools to promote opportunities with the City. Executive recruiter outreach and continuous filings of openings have reduced the number of repeat recruitments and resulted in the successful filling of hard to fill positions.			

# Department Operating Budgets

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Total Filled Regular Positions	1,148	1,175	1,200	1,250
Number of Workers' Compensation Lost Time Claims	122	50	50	50
Total Liability Claims Cost	\$549,000	\$1,000,000	\$1,000,000	\$1,250,000

## Budget Highlights

The Human Resources FY2023-24 budget totals approximately \$16.2 million (an increase of 17.8 percent over the prior fiscal year) and funds 19 position allocations including one new analyst position. This budget increase is mostly due to rising insurance premiums in the General Liability Fund and claims in the Workers Compensation Fund. The budget includes the following highlights:

### Add 1.0 Full-Time Human Resources Analyst

The Electric and Environmental Utilities Departments included funding for a new Human Resources Analyst position to provide timely performance consultation, prepare discipline, conduct investigations, address complex leave issues, develop and implement new positive people practices and programs (e.g., succession planning), and prepare supervisor resources.

### Succession Planning

The budget includes funding to hire a consultant to work with Human Resources to develop a robust Succession Planning Program to support departments with planning for retirements to fill key roles and to promote retention through skills development of future leaders.

### Recruitment Branding

The budget includes funding to hire a consulting firm to create an effective recruitment brand to advertise the reasons the City is an Employer of Choice. This will help attract top talent as a premiere equal employment opportunity employer in the region. The funds will also be used to establish a stronger presence on LinkedIn and Glassdoor for broader outreach to more diverse candidates.

### File Scan Project

Human Resources will use these funds to work with a vendor to have the personnel files scanned and labeled for digital access to personnel and other human resources filed records.

### Fiduciary Committee

Funds from the MissionSquare Retirement deferred compensation plan administrative account will support the cost of a consultant to help form and develop policies for a new fiduciary committee and to provide education on plan oversight.

### Americans with Disabilities Act (ADA) Essential Functions Analysis

To support the interactive process under the ADA, funding was included in the budget to hire a consultant to develop essential functions worksheets (EFW) needed to assist Human Resources in determining possible reasonable accommodation and determining appropriate pre-employment testing and requirements.

# Department Operating Budgets

## Claims Management System

Human Resources Risk Management staff will work in partnership with the Information Technology Department to purchase a new government claims management system, since the current system will no longer be available to the City through the City's excess liability risk retention pool.

## Spirit of Inclusion Training

Funding was included to provide training to capitalize on the talents and strengths of all individuals and promote inclusion of individuals with disabilities.

## Budget Summary

### Positions by Division/Program

# Department Operating Budgets

# Information Technology Department

# Department Operating Budgets

## Overview of Services

The Information Technology (IT) Department aims to provide exceptional services through the use of smart technology to serve both internal departments and the community. The department is responsible for administering and sustaining vital City services through innovative technology, business solutions, and cybersecurity. The department’s vision is focused on leadership, innovation, partnership, and performance. This vision is delivered through the following service areas:

### Planning & Administration Team

The primary role of the IT Planning & Administration Division is to define the department’s goals and vision, provide leadership, and take a forward-thinking strategic approach to help guide technology and business decisions for the future. The division focuses on several areas: budget, strategic planning, eGovernment, technology governance, conferencing/ collaboration tools, and administrative tasks.

### Innovation Services Team

The IT Innovation Services team is comprised of three divisions: Client Services, Business Solutions, and Utility Solutions. The team is dedicated to superior customer service in support of the many City technology programs and services such as: help desk, public safety technologies, utilities solutions, enterprise resource planning, and dozens of other technologies that empower all aspects of citywide business. The team also supports incident management, project management, business solutions analysis, and business intelligence reporting.

# Department Operating Budgets

## Infrastructure Solutions Team

The IT Infrastructure team consists of three divisions: Data Intelligence, Network Infrastructure, and Information Security. They are dedicated to the quality and stability of the City's network, security (both cyber and physical), radio and telephone, data center maintenance, database administration, server administration, infrastructure and development, and responsible for the maintenance and administration of all citywide geographic information systems.

## Accomplishments

- People: Approval for new job specifications, technical focused path – Systems Architect, realigned with labor market competitive pay. Internship program with the Roseville Joint Union High School District entering its successful second year.
- Process: One-year of official hybrid work from July 2022 to June 2023, enabling City staff to continue to work remotely with automated tools. This has enabled a work life balance while maintaining connections through the promotion of engagement activities.
- Performance: Creation of our five-year citywide strategic technology roadmap and five-year citywide cybersecurity risk assessment and implementation.
- The department was the national winner of the 2022 Digital Cities Survey award recognition from the Center for Digital Government (CDG) for utilizing technology to tackle social challenges, enhance services, and strengthen cybersecurity. Additionally, the department received the 2022 Municipal Information Systems Association of California (MISAC) Excellence in IT practices award recognition.
- Enhanced citywide cybersecurity awareness through training and education; successfully blocked six million spam emails and avoided 144,000 threats; implemented next-generation endpoint detection and response technology to increase protection, visibility, and threat-hunting capabilities.
- Implemented the City's Open Budget Portal to provide complex operational and financial data in an open and easy-to-understand format and increase transparency to citizens.
- City of Roseville Chief Information Officer (CIO) was named one of the Top 10 US Government CIOs by the Government CIO Outlook magazine for using technology to drive the future infrastructure of the City through a collaborative partnership to build an innovative, progressive, smart and digital City.
- City of Roseville CIO was recognized by the OnCon Icon Awards as one of the Top 100 Technology Executives through the world as voted by their peers for making a considerable impact to the City of Roseville through thought leadership and innovation.
- City of Roseville CIO was awarded the 2023 Public Sector CIO Leadership Award by the California Department of Technology and e.Republic + Government Technology Magazine.

## Council Strategic Plan

This last year the Information Technology Department kicked off a citywide strategic planning process to refresh and reenergize our technology vision, mission and values. This road map is intended to lay the City's technology framework for the next five years and will be used to assist and enhance the organization and business operations. The new vision and goals highlighted in this roadmap will translate into actionable activities and more detailed annual work plans.

### Goal: Remain fiscally responsible in a changing world

Funded through an Internal Service Fund (ISF), the IT Department continues to work diligently to streamline its budget processes to provide cost optimization opportunities and make incremental enhancements to the ISF model to build trust and collaboration with internal customers. The IT Department continues to set priorities that align with the business needs of operating departments and the community.

# Department Operating Budgets

## Goal: Maintain a safe and healthy community

Securing citywide systems is a high priority of the IT Department. Proactively upgrading email security and enterprise vulnerability management systems is the goal. While it can take, on average, only 14 days to exploit a system, it can take much more time to repair the damage. To protect the City, IT will implement solutions to keep the City's systems and network safe from known exploitations and any phishing, fraud, ransomware, and data breach attacks. The projects will also ensure our organization stays compliant with any regulatory requirements.

Security is everyone's responsibility, and business applications like the Police Department's Law Enforcement Records Management Systems (LERMS) are going through extensive upgrades to enhance security. For example, Enterprise Records or E-LERMS enhances the current technology with improvements in security and privacy while providing many new features needed by the Police Department. Ultimately, business systems upgrades result in better security, integrity, auditing, and functionality for the City. These upgrades free up more time for staff and, in the case of E-LERMS, for public safety personnel to serve and protect.

## Goal: Support community engagement and advocacy

As the City grows, so does the need for community engagement and internal efficiencies. The IT Department has undertaken several projects to improve community engagement through technology. The department will accomplish this goal with a collaborative approach to research, design, and implement an agenda automation software system. This system will enhance productivity by improving process and workflow efficiencies, collecting data to make data-driven decisions, ensuring transparency, and providing consistency for tracking customer requests.

## Goal: Deliver exceptional City services

### Strategy: Implement a new and more efficient way to process increasing Public Records Act requests

The IT Department partners with other departments to implement technologies that can continually improve their current business processes and operations. One process improvement identified is the need for a more effective public records request system. Multiple City departments receive and process public records requests separately. One application that can track, notify, create workflows, and store documents from departments throughout the City is needed. The IT Department will partner with the City Clerk's office to evaluate and recommend a system that will efficiently manage documents from all departments and create a more streamlined method for adhering to the Public Records Access (PRA) provisions.

Regular changes to local, state, and federal laws require changing training offerings to meet requirements and maintain compliance. As staff keep up to date with these changes, they also need training software to keep them engaged and offer courses available at any time. The IT Department is working towards acquiring a Learning Resource Management system that will offer new training opportunities to encourage worker safety, promote employee development, and teach new skill sets. This software will also allow staff to take various technology skills classes throughout their career.

## Goal: Invest in well-planned infrastructure and growth

The IT Department is committed to providing technology infrastructure that ensures continuity of operations and information security by proactively planning, budgeting, and allocating resources to maintain and improve the City's existing IT infrastructure. The department will continue developing an organizational culture that values information security and focuses heavily on cybersecurity awareness through education and regular cybersecurity training.

# Department Operating Budgets

## Key Performance Measures

### Response Times

Goal	Deliver exceptional City services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percent of service requests fulfilled, or incidents resolved within established Service Level Agreements (SLAs) (quarterly)	95%	91%	85%	90%
Percentage of application uptime during business hours (annual)	99%	99%	99%	99%
Percentage of overall customer satisfaction (annual)	95%	97%	97%	97%
Purpose	Achieve results by meeting business needs through flexible and agile services. Develop a trusted, cooperative, collaborative work environment.			
Status	The year-over-year percentage of incidents solved is within the targeted response time and has remained relatively consistent, near 90 percent. The goal remains at 95 percent, and the department will continue to strive to meet that goal.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of technology incidents resolved (annual)	4,290	4,368	1,759	4,000
Number of service requests resolved (annual)	6,870	4,765	4,544	6,500
Number of general government business systems and solutions supported (annual)	60	60	60	60
Number of visits to City website (quarterly)	1.5 million	1.7 million	1.3 million	1.4 million
Number of innovative projects submitted (annual)	25	27	23	25

## Budget Highlights

The IT Department's FY2023-24 budget totals \$15.4 million and provides funding to support 58 position allocations. The IT budget increased by 16.2 percent over the prior fiscal year due to increased labor costs as well as inflation and supply chain issues related to materials, supplies, and services.

The IT Department's FY2023-24 budget includes an additional Information Technology Technician and a Senior Information Technology Analyst. The IT Technician position will perform ongoing computer hardware and software support as well as project support for new technologies, software, and security updates for citywide workplace technology. The Senior Information Technology Analyst will supervise multiple staff across multiple disciplines, including servers, storage, network, telecommunications, and radio. The budget moves the oversight of the City's Enterprise Asset Management

# Department Operating Budgets

system from Environmental Utilities to the IT Department, along with two positions recommended for reclassification in FY2023-24. Also, the IT Department budget includes funding to reclassify a Security Analyst II to align the position with the advanced technical skills needed to maintain the City's security systems and the elimination of four positions associated with a promotional reclassification that was approved in a prior year.

## Budget Summary

### Positions by Division

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)

# City Clerk Department

# Department Operating Budgets

## Overview of Services

The City Clerk Department provides election services, legislative support, records management, and passport application processing.

### Elections

The Elections Division conducts regular and special municipal elections in consolidation with the Placer County Elections Office for election of City Councilmembers, local initiatives, referendums, and recalls under the governance of the California Elections Code. This division also administers the Political Reform Act requirements related to campaign disclosure statements and Conflict of Interest filings.

### Legislative Support

The Legislative Division is responsible for supporting the City Council, City Council Law and Regulation Committee, Housing Authority, and Roseville Natural Gas Financing Authority in the preparation, posting, and publication of agendas, minutes, resolutions, ordinances, and contracts, pursuant to law, and providing staff support at their meetings. The division is responsible for the bid opening process and the safekeeping of bonds and securities. This division oversees board, commission, and committee member recruitment, orientation, and training. In addition, the Legislative Division ensures the compliance of AB1234 Ethics Training for Local Officials, Sexual Harassment Prevention Training, and Fair Political Practices Commission requirements of designated employees, and board, commission, and committee members supporting transparency in our local government.

### Records Management

The Records Management Division provides records management oversight to ensure City actions are accurately archived and retrievable and provides open and transparent access to city records in compliance with the California Public Records Act.

### Passport Center

The Passport Center provides passport application processing to the public, which contributes revenue to the City's General Fund.

## Accomplishments

- Processed over 10,000 passports in FY2022-23.
- Processed over 900 Public Records Requests in FY2022-23.

# Department Operating Budgets

- Held the first council chamber safety training for boards, commissions, City Council members, and support staff in collaboration with the Roseville Police Department.
- Administered and conducted in partnership with Placer County Election Office the 2022 Roseville General Municipal election, electing Roseville’s first City Council representative for District 2 and District 4 and passage of Measure C, increasing the City’s Transient Occupancy Tax from 6 percent to 10 percent.
- Increased transparency for public agency reporting with the addition of the 800 Form series to a new transparency page on the City’s website.

## Council Strategic Plan

### Goal: Deliver exceptional City services

The City Clerk Department is committed to working on strategies that foster community engagement. The records management system provides a self-service portal for our City staff to search for city records with ease. Increasing public agency transparency in compliance reporting fosters public trust and delivers exceptional City services.

### Goal: Support community engagement and advocacy

Implementation of the adopted district map by the independent redistricting commission supports the new Council District election process. Ensuring all members of the electorate are well represented and heard by completing a full cycle of district elections in the City of Roseville. Passport fairs during City events, along with access to passport services, support community engagement and participation.

## Key Performance Measures

### Public Records Act

Goal	Deliver exceptional City services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percent of records requests completed within 10 days	88%	90%	92%	95%
Percent of records requests completed within 14 additional days	94%	90%	92%	94%
Purpose	Public Records request law dictates strict timelines to fill requests. The City Clerk Department responded to over 900 Public Records requests in FY2022-23.			
Status	The yearly percentage of response to records requests remains consistent within the 10-day response mandate. The City Clerk Department has partnered with the Police Department and the City Attorney’s Office to review and implement software that will improve response times.			

# Department Operating Budgets

## Meeting Agendas

Goal	Support community engagement and advocacy			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of agendas posted 72 hours prior to City Council, and Law & Regulation Committee	42	45	43	45
Number of special meeting agendas posted 24 hours prior to City Council, Law & Regulation and Charter Review Commission meetings	9	8	4	8
Purpose	Brown Act law mandates agendas be posted 72 hours prior to a meeting of the governing body including Council appointed boards, commissions, and committees.			
Status	All City Council, boards, commissions, and committee agendas are meeting mandated posting deadlines.			

## Passport Center

Goal	Deliver Exceptional City Services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of passport applications processed	6,063	6,000	10,000	11,000
Number of passport photos processed	4,621	2,050	7,000	9,000
Purpose	Generate revenue and introduce applicants to the amenities of Downtown Roseville.			
Status	Anticipated applicant and photo number total increases in FY2023-24 due to COVID-19 emergency ending and services exclusively passport/photo processing.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of calls for service and information	11,983	20,000	15,000	15,000

## Budget Highlights

The City Clerk Department's FY2023-24 budget totals \$1.4 million, a decrease of 7.7 percent from the prior year since there are no scheduled elections this year. This budget supports 12 allocated positions. Funding for Information Technology projects, including the replacement of the citywide agenda management software and a public records request management software/portal is included in the Capital Improvement Program.

# Department Operating Budgets

# Police Department

# Department Operating Budgets

## Overview of Services

The Roseville Police Department (PD) provides all law enforcement services within the City. The department's primary mission is the safety of the public and the protection of their property. The department delivers the following services to achieve this mission:

### Administration

Police Administration sets goals and provides leadership to the department. Police Administration includes the Professional Standards Unit, training and personnel, payroll, budget/finance, and the Public Affairs Team.

### Property, Records and Crime Scene Investigation Unit

This unit processes thousands of police reports, citations, and other documents annually, and provides for the security and legal release of evidence, property, and police record information. This unit also ensures mandated reporting compliance and manages the Crime Scene Investigations (CSI) team and the department's false alarm reduction program (FARP).

# Department Operating Budgets

## Communications Unit

The Communications unit answers 911 and routine calls for police, fire, and advanced emergency medical dispatch, and dispatches the appropriate assistance. Emergency Medical Dispatchers are trained continuously to provide definitive pre-hospital emergency medical care, are certified biennially and are subjected to continuous quality improvement standards.

## Social Services

This unit provides a comprehensive Social Service model to reduce recidivism and maintain a collaborative multidisciplinary team with City departments and state, county, and local agencies. Social Services officers address mental health, substance abuse, and homelessness. School Resource Officers (SRO) are assigned to all high schools through a partnership with the Roseville Joint Union High School District. In addition, the department's Threat Assessment Officer, who observes and identifies potential, immediate, or imminent threats (e.g., active shooter), is also part of this unit.

## Patrol

Patrol provides uniformed police officers and other staff who respond to emergencies and routine calls for service. Patrol also includes an Unmanned Aircraft Systems (UAS) team, K-9 Officers, and Regional Special Operations Units, which contain SWAT (special weapons and tactics), CINT (critical incident negotiations team), and EOD (explosive ordinance disposal) teams.

## Investigation

This unit investigates major crimes in an effort to identify and arrest the perpetrators. The Investigation unit includes investigators assigned to the Placer County Special Investigations Unit (SIU) and the Placer County Regional Auto Theft Task Force (RATTF). This division also consists of the Crime Suppression Unit (CSU), which targets gangs, known offenders, and emerging crime problems.

## Traffic

The traffic unit enforces traffic and driving under the influence (DUI) laws and investigates traffic collisions. This unit is also responsible for investigating major accidents by the Major Accident Investigations Team (MAIT).

## Animal Control

Animal Control enforces animal control laws, responds to animal-related emergency and routine calls, and transports dead, stray, and abandoned animals to the Society for the Prevention of Cruelty to Animals (SPCA). The City's contract with the Placer County SPCA for shelter and animal care service is included in the Animal Control budget.

## Accomplishments

The Roseville Police Department was awarded the Selective Traffic Enforcement Program Grant through the State of California Office of Traffic Safety (OTS) for \$175,000 to be used from October 1, 2022, through September 30, 2023. The funds are to be used to reduce the number of persons killed and injured in crashes involving alcohol and other primary crash factors. The department has performed 17 operations so far for the following strategies: DUI Saturation, Distracted Driving, Street Racing Enforcement, Traffic Enforcement, Pedestrian and Bicycle Safety Enforcement, and Collaborative DUI Enforcement. These enforcement strategies are designed to raise public awareness and earn media attention, thus enhancing the overall deterrent effect. The Police Department has numerous enforcement operations and DUI checkpoints planned. The OTS grant has also provided funding to purchase equipment and training, such as purchasing a new Radar Speed Trailer, one fixed radar unit for installation in a vehicle, two handheld Lidar units, and \$500 to spend on Drug Recognition Expert kits for testing impaired drivers. The grant provided funding to send the entire Roseville Police Motor Division to Police Officer Standards and Training (POST) Advanced Motorcycle Officer Training in Fresno, CA.

In 2021 the City of Roseville was granted funding from the Sacramento Urban Area Security Initiative (UASI) to supplement the cost of purchasing a new public safety mobile command vehicle. In March 2023, the Police Department took delivery of the new command vehicle, which was built by LDV Specialty Vehicles out of Milwaukee, Wisconsin.

# Department Operating Budgets

The UASI funding, in combination with City funding, optimized the Police and Fire departments' ability to invest in the new state-of-the-art mobile command vehicle. This vehicle was necessary to improve the Police and Fire departments' capabilities during critical incidents. Since the command vehicle was purchased with City and UASI funding, the command vehicle will serve the Roseville community and the greater Placer County region. The mobile command vehicle greatly enhances and modernizes the Police and Fire departments' ability to ensure effective command and control of critical incidents moving forward.

In 2023 the Roseville Police Department secured funding through the Sacramento UASI to purchase 18 vehicle defense barriers. This purchase was a significant cost that could not have been completed without the support and funding of Sacramento UASI. The vehicle barriers are made by Meridian Rapid Defense Group and are considered one of the strongest mobile steel barriers in the world. These vehicle barriers will greatly enhance the safety of our community when deployed at the high number of community events that occur within the City of Roseville every year. The Police Department and the Public Works Streets Division will have access to the barriers and can deploy them throughout the City when needed. In addition, the defense barriers are considered a regional asset and will be available to the Roseville Police Department's Placer County law enforcement partners.

In January 2023, the Roseville Police Department began reporting crime data for the Uniform Crime Reporting in an expanded National Incident-Based Reporting System, or NIBRS, format. NIBRS collects detailed information on 52 offenses, plus arrest data on an additional 10 offenses. It allows up to 10 offenses per incident to be reported, and captures detailed information about each crime incident. Data collected by Roseville PD officers on a crime report now includes whether the reported offense was attempted or completed, the relationships of victims to offenders and offenses, the victim and offender demographic information, specific location information, drug types and quantities, whether the offender is suspected of using drugs or alcohol, if gang activity is involved, and if technology was used in the commission of a crime. Roseville collects additional datasets above and beyond those required by the national standard to comply with the California specific version of NIBRS (CANIBRS).

NIBRS benefits the agency and the community by providing a great deal of specificity about crime and crime trends within Roseville and allows analyzation of much more detailed information. This change in reporting processes may give the appearance of an increase in crime in Roseville; however, it is simply a more accurate and complete picture of the crime occurring within the City of Roseville than we've been able to capture in the past.

The transition to NIBRS required a complete system upgrade of the New World Enterprise Public Safety report writing and records management software program and staff spent many hours creating and testing new work processes and training department staff to comply with the new standards. The agency is now working towards achieving CANIBRS certification by the DOJ, which requires an error rate in data submissions of less than 3 percent.

## Council Strategic Plan

**Goal: Maintain a safe and healthy community**

**Strategy: Ensure public safety service levels are maintained with facilities and staffing, and real-time crime monitoring, as the City grows**

The past year saw a significant increase in Police Department staffing, both hiring into existing openings and adding new positions. During the past fiscal year, the Police Department received 12 new positions, including eight Police Officers, two Police Sergeants, a Dispatch Supervisor, and a Property/Evidence Clerk. Over the course of the past year, the Police Department hired 26 Police Officers into the department. This is more officers hired than the previous two years combined. As a measure of the ground gained this past year, in March of 2022, the Police Department had 14 Police Officer openings. Through significant recruiting and hiring efforts, the Police Department filled these positions as well as made significant headway into the 10 new positions provided this year. The PD continues to work towards the needed staffing in the Dispatch Center and the Records Unit, which have been the two areas of concern.

The Police Department has filled many open positions in Patrol and backfilled open Special Assignment positions like Investigations and Traffic. Injuries continue to be a concern as they affect the department's ability to maintain adequate

# Department Operating Budgets

staffing on a daily basis. The department has gained some ground in reducing injuries and closing some long term worker's compensation issues via retirements where the positions could be backfilled.

Service levels also include significant support from volunteer programs. Volunteers provided nearly 6,500 hours of service in a wide array of programs within the department and community.

The Real Time Crime Center continues to grow with additional funding being provided to build out the video wall and the software system behind the network. The department anticipates being fully operational with the new technology during 2023. In addition, the department has continued to expand the license plate reader system bringing the total network to 22 cameras citywide.

## **Strategy: Continue City efforts to reduce homelessness while collaborating and advocating regionally as appropriate**

The Police Department Social Services Unit (SSU) continues to be the primary resource for addressing homelessness in Roseville. The Police Department continues to build and maintain strong relationships across the community of service providers, including Placer Health and Human Services and local non-profit organizations. The Police Department is heavily involved in the Placer County Homeless Project, which aims to develop services for the homeless community and reduce the impact of homeless issues in the City.

During the past year, the Police Department re-aligned into four divisions, primarily to be able to develop a Community Services Division and allow for additional leadership efforts to be involved with the efforts of SSU. SSU began a partnership with Code Enforcement with the embedding of a Code Enforcement Inspector into SSU, which has led to a significant increase in the department's ability to focus on blight associated with homeless encampments. SSU continues to partner with the Open Space Division for camp clean-ups and this year expanded that partnership to include Public Works.

All of these partnerships will continue into FY2023-24, but will, but be aided by additional social work and outreach positions to expand the department's ability at outreach and services for the City's homeless population.

## **Strategy: Continue inclusiveness, equality, and justice efforts for all in partnership with the community**

The Police Department hosted a Procedural Justice training program and trained all officers who had not previously attended the course, which was last facilitated before the pandemic. The department continues to work with community leaders on developing a "PJ Part 2" course. Now that all officers have completed the first course, the Police Department is continuing to develop this second course which is a first of its kind since the nationally sponsored Procedural Justice program only includes the initial course. The PD plans present this course to staff in late 2023 or early 2024.

The Police Department hosted the first "Community Leaders Breakfast," which included almost 40 local leaders in business, education, and the community. As part of the breakfast, the PD facilitated "table conversations" where attendees were asked about a wide variety of topics about Police and community engagement and relations. The breakfast received outstanding reviews from community partners, and the PD looks to continue this event.

## **Goal: Support community engagement and advocacy**

### **Strategy: Remain focused on community engagement and education about City services and the budget**

This past year was the department's first full year of community engagement activities since coming out of the pandemic. Through the course of the year, Police Department staff attended 171 different community events, including neighborhood meetings, City events, and department events like the "Roseville PD 101" course, which is a newly revamped version of the former Citizen's Police Academy.

# Department Operating Budgets

## Goal: Deliver exceptional City services

**Strategy: Remain an employer of choice through expanded recruitment and attraction efforts, a focus on retention, and a strong culture**

The Police Department has put extensive effort into attracting quality staff which has been made all the more difficult with a decline in the number of people looking for careers in law enforcement. These efforts have included expanded social media outreach, expanded recruiting efforts, and a recruiting approach modeled on attracting the individual candidate to the department versus just holding a position open and seeing who applies. A large part of the department's recruiting success is based on building a strong work culture at the Police Department. This culture is based on leadership values, support for each other within the Police Department, and the value strong community support brings to having a strong work culture. This effort is ongoing and will continue into the coming year, looking for ways to better recruit for professional staff positions and retain staff for a long-term career

## Key Performance Measures

### Traffic Enforcement

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Quantitative amount of DUI-related collisions, based on a target of ≤100 annually	113	113	108	108
Quantitative amount of injury and fatal traffic collisions, based on a target of ≤500 annually	499	551	431	502
Purpose	To increase public safety on City roadways and streets through traffic law education, enforcement, and checkpoints.			
Status	The number of DUI-related collisions has been on a slow increase over the last couple of years, while injury/fatal traffic accidents have remained relatively consistent. The department will continue to study traffic mitigation and identify what changes are needed to reach these goals, including such elements as traffic congestion.			

# Department Operating Budgets

## Maintain Community Outreach

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percentage of in-person community outreach events department went to or participated in compared to requests	98%	95%	95%	95%
Purpose	To strengthen police-community partnerships through outreach and engagement, and manage unsheltered strategies and priorities through social services.			
Status	The Police Department connects with the residents of Roseville through a comprehensive approach of communications and community engagement. The department hosts community programs, attends neighborhood meetings, and communicates through print and digital channels to inform and educate. Through these efforts, the department strives to reduce crime, improve connections and align services for the homeless, and advocate for increased mental health services, substance abuse assistance, and suicide prevention resources.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of police calls for service where personnel responded	61,910	74,267	65,013	71,666
Number of arrests (including citations issued)	3,122	3,938	3,269	3,094
Percentage of calls that are 911 related (Police)	20%	18%	19%	18%

## Budget Highlights

The Police Department's FY2023-24 budget totals \$59.5 million and provides funding to support 223 position allocations. The department budget increased by 6.5 percent over the prior fiscal year primarily due to increased labor costs and materials, supplies and services. In addition, the budget includes funding to increase position allocations by two positions, moves one Department Public Information Officer allocation to the Public Affairs & Communications Department, and eliminates one Police Officer allocation because grant funding is no longer available. The budget includes the following highlights:

### Police Social Services Supervisor

As the Roseville Police Department's Social Services Unit continues to work with the City's unsheltered population, additional interns will work in the Social Services Unit. The interns work for the Police Department, earning hours for college classes and degree and certificate credits. These interns will be supervised by an additional Police Social Services Supervisor position, which will require a license with the appropriate college degree. Additionally, the Police Social Services Supervisor will collaborate with other professional staff members and regional partners to work together to obtain services for the unsheltered community in Roseville. Funding for this position is included in the budget, but the position allocation will be recommended to City Council at a later date because a classification study needs to be completed.

# Department Operating Budgets

## Police Lieutenant/Department Public Information Officer

An additional Police Lieutenant is included in the budget to backfill a Department Public Information Officer that was moved to the Public Affairs & Communications Department. The Lieutenant will serve as the Department's primary Public Information Officer, focus on social media communication with the community, and oversee the community services coordinator.

## Community Services Officer I/II

A Community Services Officer position is being added to the department Real Time Crime Center (RTCC) to expand operational hours. The RTCC is a new initiative of the Police Department this past year where it leverages technology resources in real time to assist in responding to calls for service. The RTCC is currently a one-person operation with limited technology resources, and yet it has been responsible for numerous assists in making arrests. It has become a go-to resource for Patrol during the limited hours of operation.

## Outreach Specialist

Two part-time Outreach Specialist positions have been added to the department's Social Services Unit. The Outreach Specialist positions are critical to the Social Services Unit operations to offer services and therapeutic interventions according to their education and training to fulfill the vision of the Roseville Police Department. Services include de-escalation, mental health crisis-based counseling, referral services, homeless outreach, services related to aging, threat assessment, community outreach, and family welfare. The Outreach Specialist will pay particular focus to chronic offenders and non-criminal calls for services assisting individuals using solution-focused practice, thus, deflecting individuals away from the criminal justice system.

## Police Property and Evidence Clerk

A part-time Police Property and Evidence Clerk has been added to manage the increased workload from the department's Lenslock project. In addition to the body-worn cameras, the Roseville Police Department has been approved to purchase in-car cameras for all patrol vehicles. The in-car cameras will help on traffic stops and during pursuits. The Property and Evidence Clerk position will review, process, redact, and release camera footage for the department.

## System Maintenance and Support for Priority Dispatch System

Priority Dispatch is the automated version of Emergency Medical Dispatch. This software system guides the Dispatcher through the pre-arrival medical assistance steps, providing more timely and accurate responses for citizens and responding Fire and Police resources. Funding for system maintenance and support is included in the budget to keep the automated Priority Dispatch emergency medical dispatch system updated and operational while providing access to portal training classes and logs.

## CSI Cameras

The Roseville Police Department's CSI Unit uses specialized cameras and lenses to process scenes and capture evidence to be used in investigating crimes, testifying in court, and prosecuting criminals. CSI staff use the same type of camera for ease of training and consistency in crime scene documentation. The department will purchase new cameras and specialized lenses for the CSI unit, as the current cameras are approaching the end of life.

## Cell Phone Forensic Software

Advancements in cell phone technology have made it more difficult to extract information from cellular devices. Evidence stored on a cellular device is often crucial to investigations and criminal prosecution. The Police Department requires various tools to extract electronic data. Funding is included in the budget to purchase software that will provide a more robust extraction option and can bypass passcode locks, a capability not offered by any of the department's current tools.

# Department Operating Budgets

## In-Car Camera Solution

As part two of what started as the department's Body-Worn Camera (BWC) project in 2021, the budget includes funding to implement an in-car camera solution. This purchase will allow the department's patrol vehicles to be equipped with a front-facing, windshield-mounted camera, a mobile video recorder, and a passenger camera.

## Rifle/Sound Suppressors for SWAT Team

The current rifles assigned to the Roseville Police Department's SWAT team have exceeded their expected lifespan and need to be replaced. The department will purchase 17 new upper rifle platforms and 17 sound suppressors to outfit the SWAT team's current rifles. The new rifle platforms are expected to last approximately five years. The sound suppressors are also expected to last five years and will greatly reduce potential hearing loss associated with repetitive gunfire.

## Police Vehicle Radios

The Police Department is the largest vehicle user in the City and has to replace vehicles continuously. During this replacement process, vehicle radios are removed and reinstalled into the new replacement vehicle. This is done by taking a vehicle out of service first; doing this strains services due to the lack of vehicles in the fleet. Purchasing two APX8500 vehicle radios will allow the department to keep up to two vehicles in service until two new replacements are built, keeping response times and service levels high.

## Training

The Police Department's training budget includes an increase in the total amount of \$46,800. This increase in funding will allow department personnel to develop their expertise through training and attendance at specialized conferences, meetings, and events. This increase includes \$10,000 for California National Emergency Number Association training. Through research, planning, and education, this training will help Dispatchers foster a reliable and continuously improved emergency telephone number network. \$6,500 is included in the budget for the POST Sherman Block Supervisory Leadership Institute Course. This course will stimulate personal growth, leadership, and ethical decision-making with front-line supervisors within our Dispatch Unit. \$5,300 is included in the budget for Red Dot Sights (RDS) Instructor Course Training. As the department is transitioning from iron sights to a red dot sight-equipped duty pistol, the RDS instructor course will assist with this transition providing Police Officers with operational knowledge of the RDS optic. \$10,000 is included for two staff members to attend the annual Capitol-to-Capitol Program. This event is meant to secure funding and resources for high-priority projects and raise local concerns to officials at the national level. Lastly, \$15,000 was included in the budget to increase the Police Department's Defensive Tactics training budget. This training will provide the department's defensive tactics instructors with the knowledge and skills necessary to train and lead their peers to raise the standard of training concerning defensive tactics and use of force situations.

## Budget Summary

### Positions by Division/Program

# Fire Department

# Department Operating Budgets

## Overview of Services

The Roseville Fire Department is a full-service agency that strives to provide the highest level of public safety services to the community. The department's goal is to protect lives, property, and the environment through fire suppression, emergency medical services, community risk reduction, public education, and emergency preparedness. In fulfilling this mission, the following services are provided:

### Fire Administration

This division provides oversight and coordination to the various programs and services provided by the department and ensures City policies and guidelines are implemented, including the overall management of the department's budget, community outreach, and public information programs.

### Fire and Life Safety

As the focal point of the department's effort to minimize risk within the community, the division's responsibilities include the enforcement of the California Fire Code, including a comprehensive fire safety inspection program and the administration of a comprehensive hazardous materials inspection program. The division delivers fire safety education programs to thousands of students and a full-service car seat safety program to the community.

# Department Operating Budgets

## Fire Operations

The department's core mission is to respond to all hazards and emergencies from the routine to the catastrophic. As a fire-based emergency medical department, the Operations Division responds to many calls for service, including fires, medical responses, rescues, and hazardous materials emergencies. The division maintains a host of emergency equipment and vehicles as well as a Type I Hazardous Materials Response Team and a Type II Rescue Team.

## Fire Training

The Training Division coordinates initial and ongoing emergency response and medical training for all firefighters within the department. The division maintains a training center that is utilized daily by operational personnel to maintain proficiency in both firefighting and emergency medicine. The department has service agreements with Sierra College and other agencies, which allows them to utilize the facility providing the City with a source of annual revenue.

## Emergency Preparedness

The department coordinates the City's Emergency Management Team, which is comprised of at least one member of every department. As the program lead, the Fire Department coordinates required citywide emergency management training and exercises. The department coordinates the maintenance of the Emergency Operations Center and the Emergency Operations Plan.

## Accomplishments

- In 2022, the department responded to over 19,296 calls for service, with 90 percent of responses within nine minutes and 12 seconds.
- Continued the multi-year training contract with the California Office of Emergency Services and the development of a Hazardous Materials Derailment Training Facility with several site improvements completed.
- Received \$81,000 portable chemical detection unit for the hazmat program as a Placer County Office of Emergency Services sub grantee for a FEMA/Homeland Security Grant.
- Received 10 video laryngoscopes and one chest compression device valued at \$34,000 from the Placer County Ambulance Advisory Committee and the Sierra-Sacramento Valley Emergency Medical Services Agency Funds.

## Council Strategic Plan

### Goal: Remain fiscally responsible in a changing world

Pursue available grants to offset expenses.

Continue to review all purchases in an effort to utilize competitively bid contracts, and lower cost purchasing opportunities.

Continue to secure training partnerships through federal, state and local partners to enhance training of staff and provide funding to support and develop those programs.

### Goal: Maintain a safe and healthy community

Continue to optimize its levels of service in order to maintain a safe and healthy community.

### Goal: Enhance economic vitality

Focus on partnerships in higher education to provide educational opportunities in public safety through agreements with Sierra College and the California Specialized Training Institute.

### Goal: Invest in well-planned infrastructure and growth

Utilize analytical data and performance metrics to drive decision making related to facility needs to improve operational capabilities and response.

# Department Operating Budgets

## Goal: Support community engagement and advocacy

Engage the community in various ways, including attending neighborhood meetings, a kids' fire camp, an active social media presence, and open houses. All of these outreach methods help the department communicate the services and programs provided to the community.

## Goal: Deliver exceptional City services

Work to enhance the use of technology, best practices, and data to improve operations.

## Key Performance Measures

### Response Times within Standards

Goal	Maintain a safe and healthy community			
	CY2021 Actuals	CY2022 Actuals	CY2023 Estimate	CY2024 Estimate
Total response time (call to arrival) for 90% of the total emergency hazardous materials incidents	13:50	10:04	12:48	08:00
Total response time (call to arrival) for 90% of the total emergency technical rescue incidents	09:25	09:46	09:50	08:00
Total response time (call to arrival) for 90% of the total emergency fire incidents	10:02	09:40	09:59	08:00
Total response time (call to arrival) for 90% of the total emergency medical incidents	09:12	09:14	09:14	07:00
Purpose	Total response time impacts the outcome of each emergency incident.			
Status	The department continually monitors response times to emergency incidents.			

# Department Operating Budgets

## Support Community Safety Education

Goal	Support community engagement and advocacy			
	CY2021 Actuals	CY2022 Actuals	CY2023 Estimate	CY2024 Estimate
Number of Roseville K-5th grade students receiving a fire safety presentation	3,000	8,000	8,400	8,500
Car seat safety inspections completed	189	200	220	250
Purpose	The department works to educate the community in targeted areas through proactive education.			
Status	The school education program has been able to effectively educate approximately 8,000 students annually.			

## State Mandated Inspections Performed

Goal	Maintain a safe and healthy community			
	FY2022* Number of Occupancies	FY2022* Number of Occupancies Inspected	FY2022* Percent Completed	FY2022* Total Inspections
Number of Assembly (A) occupancy	310	310	100%	525
Number of Educational (E) occupancy	86	86	100%	134
Number of Institutional (I) occupancy	25	25	100%	39
Number of Hotel/Motel/ Apartment (R-1/R-2) occupancy	215	215	100%	232
Total Certified Unified Program Agencies (CUPA) inspections conducted	n/a	n/a	n/a	1,316
Total inspections conducted	n/a	n/a	n/a	2,246
Purpose	Pursuant to CA Health & Safety Code section, 13146.4, every fire department is required to perform annual inspections and shall report statistics annually to its administering authority when discussing its annual budget in a resolution or a similar formal document.			
Status	The department continually monitors the status of mandated inspections to ensure they are completed.			

\*FY2022 Inspections in Accela defined as FY21 = 7/1/21-6/30/22

# Department Operating Budgets

## Key Workload Measures

	CY2021 Actuals	CY2022 Actuals	CY2023 Estimate	CY2024 Estimate
Number of medical incidents	10,668	12,220	12,500	13,000
Number of fire incidents	344	386	350	350
Number of total incidents	16,693	19,261	19,750	20,000

## Budget Highlights

The Fire Department's FY2023-24 budget totals \$45.3 million (an increase of 7.7 percent over the prior fiscal year) and supports 130 position allocations. This increase is mostly due to staffing the new Fire Station 8.

### Fire Captain

The budget includes funding for a new Fire Captain position (non-shift). This position will support the Fire Training Division and provide additional logistical support to the department.

### Staffing Engine 8

The budget includes funding for nine full-time equivalent positions (three Fire Captains, three Fire Engineers and three Firefighter Paramedics) to staff a new apparatus, Engine 8. This includes both salary and benefits, academy costs and start-up items like personal protective equipment. Staff will function in full capacity out of existing fire stations until the construction of the permanent assigned station, Fire Station 8, is completed in 2024. This will provide much needed resources to District 8 and further support the City.

## Budget Summary

### Positions by Division/Program

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)
Fire Total	119,000	120,000	120,000	130,000	10,000	8.3%

# Department Operating Budgets

# Economic Development Department

# Department Operating Budgets

## Overview of Services

The Economic Development Department is comprised of two divisions: Economic Development and Housing, which includes the federally-funded Housing Authority. Economic Development's primary role is to foster a dynamic environment that supports business growth, attracts private investments, and delivers housing options in ways that enhance community vitality.

The Economic Development Division focuses on strengthening Roseville's position as a community of choice for business, investment, and lifestyle by retaining, attracting, and growing businesses, encouraging job growth and investment in the City, leveraging local and regional partnerships, and building on Roseville's competitive advantages, which include capitalizing on the City's utility advantages. The division also provides staffing and support for the City's Economic Development Advisory Committee.

The Housing Division manages programs including Housing Choice Voucher Rental Assistance, Community Development Block Grant, Affordable Purchase, and Owner-Occupied Rehabilitation, that strive to increase the City's affordable housing availability. The division provides staffing and support for the Roseville Housing Authority (Housing Choice Vouchers), the Homeless Response Team, the Successor Agency, the Housing Successor, and the Grants Advisory Commission.

## Economic Development Advisory Committee and Grants Advisory Commission

The Economic Development Advisory Committee advises the City Council on creating a community environment conducive to existing businesses, attracting desirable businesses to Roseville, and promoting tourism as a key element of the local economy. The Roseville Grants Advisory Commission recommends grant awards from the Citizens' Benefit Fund and the Roseville Employees Annual Charitable Hearts (REACH) Fund.

## Roseville Housing Authority

The Housing Authority is funded by the federal department of Housing and Urban Development (HUD) and administers the Housing Choice Voucher (HCV) Rental Assistance Program (formerly Section 8), which assists elderly, disabled, and low-income individuals and families by providing affordable housing opportunities in a safe environment.

## Roseville Housing Loan and Grant Programs

The department's Housing Division coordinates and administers the Community Development Block Grant as well as First-Time Homebuyer, Housing Rehabilitation, Homeless Prevention and Rapid Rehousing and Affordable Purchase and Rental programs, which create affordable housing and are funded from several federal and state grants, as well as developer fees and other sources.

# Department Operating Budgets

## Roseville Homeless Response Team

The department provides leadership and coordination with both the internal Homeless Coordination Team to enhance interdepartmental communication across the City on actions related to homelessness and the multidisciplinary Homeless Response Team and the Placer County Continuum of Care.

## Successor Agency and Housing Successor

The department provides staff support for the Successor Agency of the former Redevelopment Agency and manages the Agency's enforceable obligations. The Successor Agency is overseen by the Placer County Consolidated Oversight Board. The Housing Successor of the former Redevelopment Agency has assumed the assets of the former Low and Moderate Income Fund, and staff manages the funds that are used primarily for affordable housing projects and homelessness intervention activities.

## Accomplishments

### Economic Development

- Completed an update of the City's Economic Development Strategy: Envision Roseville, Advancing our Economy, which supports a citywide approach to economic development, recognizing the many roles various City departments and partners play in supporting and advancing a strong local and regional economy.
- Opened the new entrepreneurial Roseville Venture Lab space at 316 Vernon Street and completed two Roseville Rising cohorts. The first cohort provided 12 businesses with coaching and mentorship to help grow their businesses. The program culminated with businesses participating in a pitch event at Placer Valley 2022 and awarded over \$20,000 in prizes consisting of cash and in-kind services. The second cohort was a 12-week program designed to inspire high school students to ideate and innovate. A total of 25 students participated in this cohort and the program also culminated in a pitch showcase to family, friends, and community in May 2023.
- Completed leasing and installation of two new digital billboards. Based on the minimum annual guarantee, signing bonus, and lease costs, approval of the ground leases and subleases guarantees a minimum of \$14.4 million in General Fund revenue over the 20-year term.
- Awarded \$20,000 in financial assistance to two property and business owners from the Downtown Roseville Façade Program in association with the Downtown Roseville Partnership.

### Housing Division

- Funded the Prospera at Fiddymont project with a \$2.5 million loan in local housing trust funds to Hampstead Partners to assist with the development of 94 affordable housing units. Disbursed over \$867,000 in Homeless Prevention and Rapid Rehousing (HPRR) funding to provide financial assistance and services to prevent individuals and families from becoming homeless and help those who are experiencing homelessness to be quickly re-housed and stabilized.
- Disbursed a total of \$629,681 in community grants to numerous non-profit organizations to support 34 different community projects and programs aligned with social determinants of health. Grant funds comprised of Citizens' Benefit funds, American Rescue Plan Act funds, and Roseville Employees Annual Charitable Hearts (REACH) funds. These grants continue to be a valuable way to partner with community-based organizations to provide the needed services and resources that contribute to and enhance Roseville's quality of life.
- Submitted a successful application to California Housing and Community Development Department's (HCD) Local Housing Trust Fund (LHTF) Program and received an additional award of \$3.9 million in match funds. Funds will support future affordable rental housing development in Roseville.
- Successfully achieved 100 percent utilization of our Housing Choice Voucher budget authority which led to a successful increase of approximately \$850,000 in additional budget authority to the Roseville Housing Authority from the U.S. Department of Housing and Urban Development.

# Department Operating Budgets

## Council Strategic Plan

### Goal: Maintain a safe and healthy community

#### Strategy: Continue City efforts to reduce homelessness while collaborating and advocating regionally as appropriate

The Housing Division will continue to increase affordable housing availability and address homelessness by working with affordable housing developers to access capital and keep projects on target, disbursing Homeless Prevention & Rapid Rehousing funds, coordinating with the internal Homeless Coordination Team and the multidisciplinary Homeless Response Team, as well as the Placer County Continuum of Care.

### Goal: Continue inclusiveness, equality and justice efforts for all in partnership with the community

The Economic Development Department, in partnership with the City Manager's Office, will continue to work with the Grants Advisory Commission to disburse community grant funding to local non-profit organizations that support and deliver community projects and programs aligned with social determinants of health. Community grants offer a valuable opportunity for the City to partner with community-based organizations that provide the needed services and resources that contribute to and enhance Roseville's quality of life.

### Goal: Enhance economic vitality

#### Strategy: Advance sports tourism strategy, including soccer complex

The Economic Development Division will continue to work with the Parks, Recreation & Libraries Department to implement sports tourism strategies, projects, and opportunities including leveraging partnerships with Placer Valley Tourism (PVT) and the Roseville Area Chamber of Commerce (Chamber). The City's updated Economic Development Strategy identifies Sports Tourism as a key industry opportunity. This includes a focus on the retail, dining, hospitality, arts and culture, and civic amenities necessary to support growth in this industry.

#### Strategy: Support conditions that attract, promote and retain retail, commercial and industrial opportunities that have a positive fiscal impact

The Economic Development Division will continue to focus on opportunities that promote job growth, key industries, and investment in Roseville. Over the next year, we will work with both internal and external partners to strategically promote Roseville's value propositions, encourage and facilitate seamless and user-friendly experiences for development, and strengthen our prominent and emerging industry sectors. Economic Development will also engage in regional opportunities to secure state and federal funding to support local economic development efforts.

#### Strategy: Consider strategic reserves and other funding for vacant storefronts, facade improvements, corridor rehab and other opportunities to adapt to changing economic conditions

With implementation and operations of the Roseville Venture Lab, the Economic Development Division will continue to focus on opportunities to grow Roseville's entrepreneurship ecosystem, small business community, and venture backable sectors. The Economic Development Division will also explore additional targeted programs, community partners, and events. Also, with the recent approval of the Commercial Corridor Project Plans, an expansion of the Façade Improvement Rebate Program could stimulate investment and support property and business owners committed to enhancing the aesthetic of their buildings and the overall appearance of these commercial corridors. Economic Development will work with Development Services to identify opportunities and strategies that stimulate and support investment along the approved commercial corridor plan areas.

#### Strategy: Implement Economic Development Strategy

The Economic Development Division will work with both internal and external stakeholders to implement the new citywide Economic Development Strategy. This includes tracking goals and implementing initiatives that build upon the City's value propositions, and pursue key growth opportunities.

# Department Operating Budgets

**Goal: Invest in well-planned infrastructure and growth**

**Strategy: Prioritize completion of the soccer complex and crucial corridors**

The City's Commercial Corridor specific plan project is intended to encourage pedestrian-friendly design, public amenities, streetscape beautification, appropriate parking, access to transit, and flexible and mixed uses. The department will actively promote opportunities for housing and business investments along key corridors consistent with specific plans, including engaging in regional opportunities to secure state and federal funding to support local infrastructure projects and housing development along crucial corridors.

## Key Performance Measures

### Housing Choice Voucher (HCV) Lease Up

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Provide HCV rental assistance to at least 772 households monthly	92%	92%	90%	92%
Purpose	To maintain 95 percent monthly lease up of HCV households.			
Status	The Housing Authority's ability to assist the same number of households is decreasing due to sharp rent increases in Placer County. Continued rent increases will likely result in a shortfall of HCV funds again. RHA continues to work closely with HUD to address our anticipated shortfall needs and secure an increased funding allocation for future years. The goal is to increase RHA's future budget authority and return to a range of 95 percent or more lease up.			

### Affordable Monitoring

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Monitor all 27 affordable rental agreements on an annual basis	100%	100%	100%	100%
Purpose	To ensure all affordable rental obligations are met.			
Status	As required, all affordable projects are current on rental obligations and annual monitoring.			

# Department Operating Budgets

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Family Self-Sufficiency Escrow Accounts	7	10	12	12

## Budget Highlights

The Economic Development Department's FY2023-24 budget totals \$5.2 million (an increase of 12.3 percent over the prior fiscal year) and supports 17 position allocations including the conversion of a limited-term Housing Analyst to a regular Housing Analyst. The General Fund portion of Economic Development's budget decreased due to higher reimbursements from other City funds; but the overall increase is due to expenses for affordable and supportive housing units including the HomeKey Project.

## Budget Summary

### Positions by Division/Program

# Parks, Recreation & Libraries Department

# Department Operating Budgets

## Overview of Services

The mission of the Parks, Recreation & Libraries Department (PRL) is to enhance lives and the community by providing exceptional experiences. The department accomplishes this by providing the following services and facilities:

### PRL Administration

PRL's Administration Division provides administrative services and support to the department. With a department staff of 144.25 FTE and 700+ part-time staff and an operating and non-operating budget of \$47.4 million, these services are critical to the department's success. Administration includes Human Resources, Budget, Accounting, and Technology. PRL's Marketing and Communications section has won numerous awards in recent years for its outstanding communication to our residents in various formats, including the triannual Experience PRL Magazine and the monthly What's Happening in PRL video series. This team also facilitates communication with our residents via the website, social media, and public meetings.

### Parks

PRL's Parks Division oversees the management of the department's 83 parks totaling more than 888 acres, approximately 4,000 acres of open space, and over 40 miles of paved trails. Consisting of Parks and Open Space sections, this division also handles the maintenance of 315 acres of city streetscapes and 43.5 acres of school property.

### Park Development

The Park Development Division works closely with PRL staff, City staff, and the development community in the planning, construction and rehabilitation of parks and recreation facilities. Park Development staff reach out and listen to residents to ensure the community's recreation, library, parks, and open space needs are met.

### Recreation and Youth Development

PRL's recreation offerings are managed by the Programs and Events section, ensuring a wide variety of quality recreational opportunities for tots, youth, teens, adults and seniors. Recreation facilities are managed by the Facilities section, which oversees the front desk and facility operations at PRL's community center and fitness center. The Aquatics section manages the aquatics programs at three swimming pool facilities. Youth Development is comprised of the

# Department Operating Budgets

Adventure Club, Preschool, After School Education and Safety (ASES), and subsidized care programs. Lastly, the City has two championship golf courses hosting 100,000+ rounds annually.

## Libraries & Culture

PRL's three libraries loaned more than 1,200,000 items and served over 333,000 visitors this past year. A variety of educational and cultural programs are offered at the libraries and at Maidu Museum & Historic Site, focusing on literacy, early learning, and Maidu cultural and natural resources. The libraries continue to lend both print and electronic materials, and utilize technology to deliver efficient services to every member of the community.

## Accomplishments

- PRL Department restructure, creating internal efficiencies
- Completed and approved the Department's Strategic Master Plan, including an Action Plan
- New parks:
  - o North Hayden Park
  - o Kay Sakamoto Park
  - o Four Corners Park
  - o Audrey Huisling Park
  - o Apollo Dog Park
  - o Crimson Ridge Park
- Completion of major renovations:
  - o RAC slide replacement, rec pool re-plaster and water play structure renovation
  - o Mahany tennis court renovations
  - o Play structure replacement at Misty Wood Park
  - o Play structure replacement at Kenwood Oaks Park
  - o Play structure replacement at Stephenson Park
  - o Play structure replacement and picnic area upgrades at Royer Park
  - o Upgrades at Maidu softball field restrooms
  - o Renovated bocce ball courts at Festerson Park
  - o Renovated restrooms at Saugstad Park
  - o Replaced heaters and controllers at RAC
  - o Exterior paint of pro-shops and restaurants at both golf course facilities
  - o New flooring installed at the Junction and Spanger Adventure Clubs
- Additional accomplishments:
  - o Completion of the master plan and environmental clearance for the Roseville Soccer Complex

# Department Operating Budgets

- o Public outreach for:
  - Weber Park renovations
  - Kenwood Oaks Park play structure replacement
  - Stephenson Park play structure replacement
  - Blue Oaks Park play structure replacement
  - Lockridge Park play structure replacement
  - Erven Park play structure replacement
  - Mark White Park play structure replacement
- Cleaned 390 homeless encampments and removed 143 tons of hazardous debris
- Creation of nine new community events, including CommUNITY Picnic, Dinner on the Bridge, Breakfast with the Bunny, and Trivia Night
- In partnership with the State Library, California State Park passes are available for loan providing free entry into all California State Parks
- New portable table stations, called Hublets, are available for loan at Riley and Downtown Libraries. The devices can be used in the libraries to access the internet, library apps and online resources for adults and children
- Recognized as National Gold Medal Finalist for the first time in 50 years
- Won 10 awards for marketing at the local, state and national level for graphic design, The Experience PRL Magazine publication, and the What's Happening in PRL video series
- Welcomed 1,000,000+ visitors to PRL facilities (not including parks)

## Council Strategic Plan

### Goal: Remain fiscally responsible in a changing world

The department will continue to be innovative in the offering of new programs and will evaluate and update user fees. Additional federal and state grant funding will be sought to support PRL services. The Future PRL Strategic Master Plan's community needs assessment will help guide decision making to ensure resources are allocated and leveraged to support community priorities.

### Goal: Support community engagement and advocacy

The PRL Department is actively engaged in multiple social platforms, including Facebook, Instagram, and Nextdoor. The department's Experience PRL magazine and monthly video series help educate the community on PRL programs, services and efforts. In the last year, PRL increased outreach to the City's younger populations by seeking their input into a new playground at Royer Park. The department engages residents through public meetings (virtually and in-person), social media, website, and surveys, seeking input on park design, playground replacement design, program offerings, service priorities, and program satisfaction.

### Goal: Maintain a safe and healthy community

Everything PRL does contributes to the community's health and wellness. The department promotes physical activity through participation in recreation programs and visits to local trails, parks, and playgrounds. The department promotes social and emotional wellness through interaction with others at PRL organized activities. "Be Well Roseville", a citywide

# Department Operating Budgets

wellness initiative, has engaged hundreds of residents and promoted physical activity, good nutrition, and mind/body renewal. Mental and intellectual wellness services are provided at libraries. PRL is an important partner in the City's efforts to address homelessness, cleaning hundreds of camps, and removing hundreds of tons of hazardous debris from open spaces each year, protecting humans and the environment. A new universally accessible playground is planned at the Roseville Soccer Complex and more adaptive programs and events are offered for people with special needs. Our libraries and recreation programs and facilities have always and will continue to be welcoming for all to enjoy.

## Goal: Enhance economic vitality

The department is instrumental in advancing sports tourism opportunities through its many sports facilities that draw league and tournament play. Planning is underway for the Roseville Soccer Complex in West Roseville. Improvements to existing PRL sports facilities and this new complex will attract events to Roseville. Also enhancing the City's economic vitality, PRL's efforts increase home values; parks and open spaces improve air and water quality; and quality parks, recreation, and libraries systems attract businesses, talented workers, and new residents.

## Goal: Deliver exceptional City services

PRL puts delivering exceptional City services at the forefront of all we do. Internal department efforts focus on culture, making PRL a department where people want to work and stay. The PRL Ambassador program successfully engages residents in community-based volunteer cleanup events.

## Goal: Invest in well-planned infrastructure and growth

The PRL Department continues to reinvest in its aging infrastructure, including playgrounds, park amenities, streetscapes, fencing, and more. Several new parks will be in design or under construction this year to meet the needs of our growing community. Construction of the Roseville Soccer Complex will soon begin, as will improvements to Weber Park. We recognize that investment in City parks and facilities adds new vitality to neighborhoods.

## Key Performance Measures

### Participations/Visitations

Goal	Deliver exceptional City services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Program and Event Participations	681,451	984,145	700,000	770,000
Recreation Facility Visitations	577,125	683,295	600,000	650,000
Library Facility Visitations	296,886	385,450	350,000	400,000
Purpose	The department's mission is to enhance lives and the community by providing exceptional experiences. PRL's facilities and programs enable staff to accomplish its mission and add value to the Roseville Community.			
Status	All facilities are open, and programs and events are back in full swing. With an updated tracking process, we can track more accurate data, which is reflected in the measures. Visitations at PRL facilities and participation in programming and events continue to increase.			

# Department Operating Budgets

## Revenue Recovery

Goal	Remain fiscally responsible in a changing world			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Revenue to Operating Expenditures (without CFD/LLD)	21.2%	20.9%	20.3%	20.1%
Purpose	The financial stability of the department is the key to success. The department continues to seek new revenue opportunities to lessen its reliance on the General Fund. Monitoring revenue to operating expenditures ratio is a good measure of financial success.			
Status	While the revenue recovery percentages appear to remain fairly flat, the department has seen significant revenue increases since the fiscal impact of the pandemic in FY2020-21. PRL also continues to see operating expenses increase at a pace much higher than anticipated as a result of global economic conditions.			

## Library Comparisons

Goal	Deliver exceptional City services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Items loaned per capita	7.4	9.2	8.3	8.5
Budget books per capita	2.0	2.5	2.5	2.6
Visitors per hours open	55	58	47	49
Purpose	Library services are vital to the health of the community. The Parks, Recreation & Libraries Department strives to provide these services in an efficient, effective, and prudent fashion.			
Status	While the department is still offering some services related to the pandemic, including expanded offerings of online services and materials, total materials lending has fully recovered, and visitation is again increasing.			

# Department Operating Budgets

## Park Maintenance

Goal	Deliver exceptional City parks			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Maintenance Standards: Increased Pruning	3-4 times per year	3-4 times per year	3-4 times per year	3-4 times per year
Maintenance Standards: Increased Fertilization Application # of Acres	206	212	216	218
Purpose	The department's mission is to enhance lives and the community by providing exceptional experiences. Parks enable the department to accomplish its mission and to add value to the Roseville community. Effective park maintenance ensures safe, clean, and green spaces for residents' enjoyment.			
Status	Park Maintenance focused on returning maintenance operations to pre-pandemic service levels and on maintaining, renovating and replacing existing assets.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Number of Parks Maintained	81	82	84	84
Number of Facilities Maintained <i>(includes Adventure Clubs)</i>	33	33	35	37
Number of Park Acres	876.78	885.15	885.15	967.63
Number of Open Space Acres	3,910	4,123	3,913	4,247
Number of Streetscapes Acres	294	313	315	320
Library Materials Loaned	1,183,539	1,189,000	1,200,000	1,250,000
Number of New Parks (construction)	4	4	4	4
Number of New Parks (design)	3	7	4	7
Capital Improvement Project Rehabilitations	8	8	5	5
On-Demand Work	28	28	30	30
Number of phone calls received from customers	31,351	70,000	46,679	50,000

## Budget Highlights

The Parks, Recreation & Libraries Department's FY2023-24 budget totals \$47.4 million (an increase of 7.5 percent over the prior fiscal year) and supports 144.25 position allocations, including seven new positions. A Cultural Arts Supervisor position is funded in the PRL budget, but the allocation will come to the City Council at a later date once the new classification is established. Much of the funding for these positions is the result of the reallocation of temporary staff funding. Recruitment and retention of part-time staff has become increasingly difficult, and the use of these funds towards full-time positions greatly increase the department's efficiency and effectiveness. The PRL Department budget increase is primarily due to increased labor and materials, services, and supply costs associated with maintaining current service levels and additional funding to support the new positions and programs highlighted below.

# Department Operating Budgets

PRL is working towards accreditation through the National Recreation and Park Association's (NRPA) Commission for Accreditation of Park and Recreation Agencies (CAPRA). This accreditation provides quality assurance and quality improvement of accredited park and recreation agencies throughout the United States by providing agencies with a management system of best practices. CAPRA is the only national accreditation of park and recreation agencies and is a valuable measure of an agency's overall quality of operation, management, and service to the community. Achieving CAPRA accreditation is the best way to demonstrate that the department provides the community with the highest level of service.

The PRL Department has developed a comprehensive strategic plan, accompanied by an action plan, to establish clear and attainable goals, objectives, and implementation strategies to guide the department for the next 10 years. In alignment with the plan, funding has been included to develop a Marketing & Communications Plan and increase the library book budget.

As mentioned above, PRL is continually challenged with recruiting and retaining quality staff to conduct its many programs/events and to ensure its parks/facilities are adequately maintained. Ongoing efforts have been made to re-align department staffing resources to find the right balance of full-time and part-time employees as well as contractor resources to deliver programs and services effectively and efficiently. These efforts will continue in FY2023-24.

A Parks Manager was added to the largest division in the PRL Department. The safety of Roseville's parks is priority one, and their cleanliness and appearance is seen by residents on a daily basis. Porterage is a core function of the maintenance of City parks for safety, cleanliness and general conditions. On a daily basis, porter staff ensure restrooms are cleaned, trash is emptied, inspect the entire park for safety issues, address vandalism/graffiti, and ensure playgrounds and sports courts are safe. The budget includes the conversion of temporary salaries to support three full-time Parks Maintenance Workers to more effectively complete this core function.

Three natural resource workers will help maintain the additional open space acres and additional trail miles acquired by the City each year, as well as advance our efforts to control encroachment, invasive species, and homeless encampments.

PRL funding is complex, consisting of the General Fund, an enterprise fund, various special revenue and capital projects funds, including 38 CFDs/LLDs. The work to manage park development financial activity is significant. A Management Analyst has been added to ensure PRL's prudent management and monitoring of expenses and revenues.

Public outreach during PRL's strategic master planning process indicated a desire from the community to expand cultural offerings. A Cultural Arts Supervisor will provide leadership at Maidu Museum & Historic Site, a valuable City asset. Additionally, this supervisor can advance efforts at the Fiddymont House property and increase the presence of public art in Roseville, adding uniqueness to our community, sharing our history, and creating a stronger sense of place. There are funds in this budget for a downtown art project, Music in the Park, and other public art that will be managed by this supervisor.

There is an investment in park amenities, vandalism and graffiti abatement to ensure safety and equity in aging facilities, including replacement of amenities such as benches, picnic tables, drinking fountains, shade structures, sports court fixtures, and restroom fixtures. Annual condition assessment and inventory tracking will assist in determining priorities each year. Additional funding was added to support new General Fund parks.

## Golf Fund

The most significant source of revenue in the Golf Fund is generated through user fees for course play. Since COVID-19, golf rounds and revenues have increased, resulting in higher revenues. The department has seen rounds and revenues begin to stabilize FY2022-23. Although the Golf Fund revenues have trended positively over the past few years, both golf facilities and courses are in need of significant improvements. Facility improvements have begun including exterior painting and landscape improvements to both clubhouses. A 10-year golf course improvement plan, including a bunker renovation project will begin in FY2023-24.

## Youth Development Fund

The Youth Development Fund revenue is derived from before and after school childcare programs and preschool programs. The fund includes Adventure Club, Pre-school, After School Education & Safety (ASES) and subsidized care

# Department Operating Budgets

programs. Fund expenses include charges for staff, facility maintenance, enrichment contractors, materials, and supplies. Additional fund expenses include post-retirement costs, citywide cost allocation plan charges, internal service fund charges, and facility loan payments. The Youth Development Fund continues to experience challenges with the reduction in morning programs at many sites due to a change in the bell schedule in the Roseville City School District (RCSD) and staffing shortages. It is anticipated that program revenues will begin to rebound in FY2023-24.

## Budget Summary

### Positions by Division/Program

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)

# Public Works Department

# Department Operating Budgets

## Overview of Services

The Public Works Department (PWD) manages all aspects of transportation infrastructure within the public right of way, including the maintenance and operations of programs and services for the safe and efficient transportation of Roseville residents, businesses, and visitors. The PWD also manages the construction and maintenance of public buildings, is responsible for flood control within the City, and manages and maintains the City's fleet of vehicles. Specifically, Public Works plans, develops, and maintains public roads, bridges, buildings, traffic signals, City fleet, flood control facilities, Roseville Transit, and Class I (off-road) multi-use trails.

## Administration

The Administration Division provides direction, goals, and leadership for the department; maintains the integrity of policies, procedures, staffing, and budget; coordinates supportive services for the department and represents the department at Council, manager, regional, and public meetings and events; and provides support staff to the Transportation Commission, a recommending body for the City Council.

## Alternative Transportation

The Alternative Transportation Division manages Roseville Transit services, various active transportation (bikeway and pedestrian) programs, projects and grants, and transportation demand management through the Transportation Systems Management Ordinance. The programs this division manages include Roseville Bikefest, Safe Routes to School, School Crossing Guards, Mobility Training, and volunteer Transit Ambassador and Bike/Walk Ambassador programs. In addition to managing Roseville Transit, Alternative Transportation oversees, on behalf of the Placer County Transportation Planning Agency, the operation of the South Placer Transit Information regional service - a

# Department Operating Budgets

phone, web, and e-mail portal for the public to easily obtain information and trip-planning assistance for all public transit services in the south Placer region.

## Facilities

The Facilities Division maintains, repairs, and rehabilitates 1.35 million square feet of City facilities. The division completes over 8,000 work orders annually, oversees the Americans with Disabilities Act improvements for facilities, is responsible for California Air Resources Board (CARB) requirements for emergency generators and boilers, manages State Elevator permitting, and oversees facility tenant improvements. The Custodial unit cleans 480,000 square feet nightly.

## Fleet Services

The Fleet Services Division manages the purchase of new and replacement vehicles, performs preventative maintenance, and repairs the City's entire fleet of vehicles and equipment. Fleet Services has maintained an Automotive Service Excellence (ASE) Blue Seal of Excellence status for the past 18 years. Fleet also upholds compliance with all CARB rules and regulations for public fleets and compliance with the State mandated California Highway Patrol Basic Inspection of Terminals program. In addition, Fleet Services implements and services zero emission and alternative fuel vehicles such as battery-electric sedans, battery-electric busses, renewable diesel fuel, and compressed natural gas (CNG) vehicles and infrastructure.

## Street Maintenance

The Street Maintenance Division maintains 1,100 lane miles of public roadway infrastructure, including drainage, paving, sweeping, signs, and markings. This division also performs storm drain maintenance, including drain inlets, underground pipes, and open channel tributaries that lead to the City's creeks. This work protects the public by identifying and removing blockages that could cause flooding. Optimized pavement maintenance includes streets, alleys, multi-use trails, and parking lots. Regular street sweeping keeps pollutants out of the storm drain system and City creeks and keeps the community clean. Signs in the right of way, City parks, and City facilities are updated and replaced when deteriorated to ensure they meet state and federal standards. Markings are maintained to provide clear, highly visible, and consistent information to safely guide pedestrians, bicycles, and motorists along City streets and multi-use paths.

## Engineering

The Engineering Division designs and manages the construction and maintenance of public roads, bridges, and Class I (off-road) multi-use paved trails and the construction and maintenance of flood control projects, including an advance flood alert warning system. The City of Roseville is one of only two communities in the United States with the FEMA Class I rating for flood protection and insurance. Engineering is responsible for maintaining this rating for the safety and benefit of the community. Engineering also manages the City's Intelligent Transportation System, which includes approximately 200 traffic signals, 11 changeable messaging signs, 30 pedestrian blinker signs, two automated horn train crossings, 23 speed radar signs, 10 Police Department license plate reader cameras, 30 floodplain monitoring stations, and a complex fiber network that supports the needs of various City departments and resources.

## Accomplishments

### Alternative Transportation

- Awarded a \$6.1 million grant for constructing the Dry Creek Greenway East Phase 2 Trail.
- Awarded a \$13.3 million grant to purchase 15 electric buses, chargers, and infrastructure.
- Roseville Bikefest returned as an in-person event, providing bike safety information to Roseville residents and giving away a record of 564 helmets to children and adults whose helmets were damaged or did not fit properly.
- The Safe Routes to School program delivered 19 Bicycle/Pedestrian Safety Assemblies at five area schools and six Adventure Club sites. Twelve area schools participated in Safe Routes to School's Walk to School Day event.

# Department Operating Budgets

## Facilities

- 116 South Grant Street tenant improvement Phase II in design with construction starting late summer.
- Completed City Council Chambers space utilization and feasibility study and the downtown building space utilization and feasibility study.

## Fleet

- Received the Automotive Service Excellence's "Blue Seal of Excellence" award for the 18th consecutive year in 2022.
- Received recognition by Government Fleet Magazine as a Notable Fleet for 2022.
- Recognized as a "100 Best Fleet" by the National Association of Fleet Administrators in 2022.

## Street Maintenance

- Completed the Pavement Condition Assessment and Analysis.
- Cleaned and sealed over 450,000 linear feet of pavement cracks using over 100,000 pounds of material.
- Paved over 420,000 square feet of asphalt.
- Installed/replaced over 1,000 signs and delineators.
- Responded to more than 1,000 service calls.
- Abated more than 36,000 square feet of graffiti.

## Engineering

- Completed the construction of approximately \$23 million worth of accessibility ramps and roadway and bridge resurfacing projects.
- Completed the design of the approximately \$20 million Dry Creek Greenway East Phase 1 Class 1 Trail project.
- Advanced and made significant progress on the design of approximately \$27 million worth of new roadway widening capital improvement program projects.
- Completed 159 traffic and speed studies.
- Deployed over 10 flashing LED signs to improve safety.

## Council Strategic Plan

### Goal: Remain fiscally responsible in a changing world

Alternative Transportation coordinates multi-use trail construction with specific plan developers and successfully competes for regional, state, and federal grant funding to implement the City's Bicycle Master Plan and Short-Range Transit Plan.

Alternative Transportation obtained over \$12 million in competitive grant funding through the Solutions for Congested Corridors Program, evenly split between the Dry Creek Greenway Phase 1 (Riverside to Rocky Ridge Trail) and the South Placer Express Transit Project.

Engineering procured approximately \$500,000 in Highway Safety Improvement Program (HSIP) grant funding to improve safety along the Vernon Street/Atlantic Street "S" curve and approximately \$250,000 in CalRecycle grant funds for residential roadway resurfacing.

Fleet Services continuously looks for operational efficiencies resulting in citywide cost savings for fleet vehicles. These cost savings help offset increases in future budget years.

# Department Operating Budgets

Street Maintenance has a proactive street resurfacing program to preserve the streets with less expensive treatments before they need to be reconstructed with a far more expensive process, use best maintenance programs to keep the storm drain system in good working order, and provide cost-saving patching and paving services to the City's water and wastewater utilities.

## Goal: Support community engagement and advocacy

Street Maintenance and Engineering communicate the resurfacing process and how streets are selected for maintenance. They also share resurfacing and capital improvement project plans and schedules throughout the lifecycle of a project.

Alternative Transportation effectively engages the public while developing transportation planning documents and bikeway development studies.

## Goal: Deliver exceptional City services

Engineering continues implementing Wi-Fi and connected vehicle technologies within the City to increase pedestrian safety, improve circulation and operations, and provide real-time data via online and on-road (digital signage) messaging.

Alternative Transportation is expanding public transit to include a Microtransit pilot program to enhance rider convenience and efficiently use transit resources while increasing ridership through an app-based delivery system. South Placer Express will use zero-emission battery electric buses to provide enhanced transit opportunities for Roseville and South Placer County residents traveling to key regional destinations such as the Galleria, local medical locations, and Light Rail.

Fleet is implementing a fleet electrification plan to identify infrastructure and resources needed to transition the City's fleet to zero emission. Zero-emission vehicles, sedans, and commuter buses will help the City improve air quality and reduce our environmental impact while remaining fiscally responsible.

## Goal: Invest in well-planned infrastructure and growth

Facility Services takes a proactive approach to preventative maintenance to protect the City's investment in its buildings and structures. The robust program reduces downtime and unplanned high-cost repairs. The 10-year Asset Rehabilitation Plan is a practical approach to keeping the City's facilities in exceptional condition.

Fleet Services manages the replacement cycle of City vehicles and uses a variety of factors to determine the optimum time to invest in replacement equipment.

Street Maintenance is an industry leader with its state-of-the-art proactive resurfacing program. They maintain the pavement on over 515 centerline miles of roadway and 36 miles of off-road multi-use trails with City crews placing more than 420,000 square feet of pavement and 450,000 linear feet of crack seal to prolong the life of City streets.

Engineering works with Street Maintenance to design and manage the construction of roadway and multi-use trail resurfacing projects. Resurfacing roadways and multi-use trails is a preventative maintenance technique to protect the City's investment while keeping roadways and trails in good condition.

Engineering and Street Maintenance are constructing roadway projects to improve intersection safety and accessibility for bicyclists and pedestrians while reducing vehicle emissions and mitigating traffic concerns.

In coordination with Fleet Services and Purchasing Divisions, Alternative Transportation manages the replacement of transit vehicles per the Short-Range Transit Plan.

Roseville Transit purchased the City's first 10 Zero Emission Buses and obtained almost \$7 million in competitive grants to help pay for the purchase.

Engineering manages the City's Intelligent Transportation System (ITS), monitoring conditions in real-time to respond to traffic circulation concerns as they develop. Staff proactively reviews and updates traffic control devices to improve vehicle, bicycle, and pedestrian circulation.

# Department Operating Budgets

Engineering also manages the design and construction of roadway Capital Improvement Program (CIP) projects that improve the capacity, operations, and safety of all modes of travel. Current examples include widening Blue Oaks Boulevard from Woodcreek Oaks to Highway 65, Roseville Parkway extension, Roseville Parkway widening near the Galleria, Pleasant Grove widening between Foothills and Woodcreek Oaks, All America City Roundabout, and the Vernon Street/Atlantic Multimodal Safety Improvement Project.

## Key Performance Measures

### Roseville Transit

Goal	Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Passenger Trips	125,058	200,000	140,000	200,000
Passenger Trips per Vehicle Revenue Hour (VRH)	2.8	3.2	3.0	3.2
Farebox Recovery Ratio	8.9%	8%	9.5%	12%
Purpose	Roseville Transit provides an essential transportation service to work, shopping, and appointments for seniors, persons with disabilities, and lower-income residents. Roseville Transit also reduces air emissions and traffic by providing an alternate choice for commuters traveling to Downtown Sacramento.			
Status	<p>In FY2022-23, transit ridership continued to be below normal historical levels due to the COVID-19 pandemic. The City anticipates that ridership will adjust upward in FY2023-24, but ridership will take several years to return to pre-pandemic levels.</p> <p>Roseville Transit has utilized pandemic-related federal government stimulus funds for the past three years to maintain pre-pandemic service levels, allow for onboard social distancing, and retain bus operator jobs.</p>			

# Department Operating Budgets

## Facility Preventative Maintenance Work

Goal	Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percent of preventive maintenance work orders completed in 30 days of assignment	96%	99%	98%	95%
Percent of health and safety work orders completed in 30 days of assignment	99%	100%	100%	100%
Purpose	Preventive maintenance is a proactive approach to protecting the City's investment in its facilities. Preventative maintenance will reduce downtime, unplanned high-cost repairs, and extend the life of City facilities. Health and safety work orders ensure that fire extinguishers, GFCI's (ground-fault circuit interrupters), and emergency lighting are working properly and are ready for service when called on.			
Status	Preventive maintenance and health and safety work orders continue to be the baseline of operations. The department's robust work order plan is an indicator of its success.			

## Availability of City Vehicles

Goal	Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percent of preventative maintenance work orders completed on schedule	99%	98%	98%	99%
Percent of vehicles in service daily	92%	93%	95%	95%
Purpose	Preventive maintenance is a proactive approach to protecting the City's investment in its assets. Preventive maintenance reduces downtime, unplanned high-cost repairs and extends the life of vehicles and equipment.			
Status	Preventive and scheduled maintenance continues to be the baseline of operations. The department's success is measured daily by the number of vehicles in service.			

# Department Operating Budgets

## Pavement Street Maintenance

Goal	Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Pavement Quality Index (PQI) rating for City streets (Arterial/Residential)	69/66	68/65	75/72	75/72
Purpose	Preventative maintenance on roads is the proactive approach to preserving and protecting one of the City's largest assets. Waiting until the road deteriorates is very costly and disruptive to the public.			
Status	The target PQI for arterial roadways is 72 and 65 for residential streets. Although the City does not have sufficient funds each year to apply preventative treatments to all the roads that need it, it keeps the roads in an overall GOOD condition with the funding available. Placing the proper treatment on the right road at the right time becomes even more critical when funding is limited.			

## Traffic Engineering

Goal	Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percent of traffic studies completed within three months	28%	70%	50%	70%
Percent of signalized intersections at Level of Service C or better	97%	95%	95%	95%
Purpose	Timely completion of traffic studies ensures the department responds to current conditions and makes necessary improvements. Maintenance of service levels for traffic signals improves traffic circulation and a higher quality of life for the community.			
Status	Continued engineering, traffic circulation monitoring and adjustments, and regular preventative and scheduled maintenance of transportation infrastructure are the baselines of traffic engineering operations. The department's success is measured by the high level of service at City intersections and responsiveness to traffic study requests.			

# Department Operating Budgets

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Provide education and information at community meetings and regional transportation partnership meetings	50	60	50	60
Number of facility preventive maintenance work orders	2,865	3,100	3,075	3,100
Number of fleet work orders	7,849	8,000	8,800	8,000
Linear feet of crack fill on streets	392,000	338,000	400,000	400,000
Percent of "Free Mode" intersections re-timed	24%	33%	20%	25%

## Budget Highlights

The Public Works Department's FY2023-24 budget totals \$60.8 million (a decrease of 4.9 percent from the prior fiscal year) and supports 127.25 position allocations, including four new positions. While the General Fund component of Public Works' budget did increase by 2 percent (from \$10.3 million last year to \$10.5 million this year), the decrease across all Public Works' funds is primarily due to the Fleet Replacement Fund. This fund's FY2023-24 budget is \$5.4 million less than the FY2022-23 amended budget, but this will change in FY2023-24 when Fleet requests to carry forward the FY2022-23 budget for unspent vehicle purchases. The Public Works budget includes the resources necessary to support the following:

### Optimizing Transit Operations

This coming year, Public Works staff will continue to re-examine the City's transit system, exploring new routes and services and researching new ways to increase transit ridership. Four of the tools the department plans to use to help with this process are updating the City's Short-Range Transit Plan, testing a pilot project involving microtransit, starting a new express bus service pilot project called the South Placer Express, and beginning a Comprehensive Operational Analysis (COA) of the City's transit system.

Microtransit is a form of demand-responsive transportation similar to Uber Pool. Riders use an app or make a telephone call to request a ride. A City-owned vehicle will then be assigned to pick up the rider. The rider will be notified of the estimated pickup time, delivery time, and cost. The cost of the shared ride will be split between the few riders picked up on route to similar destinations and subsidized by Roseville Transit to make it affordable. The department is in the early phases of developing the pilot project. As the pilot project evolves, more information will be made available through public meetings and outreach.

The South Placer Express pilot project will be a new zero emission battery electric bus service running every 30 minutes in each direction between the City of Lincoln, the Galleria Mall, Sutter Hospital, Kaiser Hospital, and the I-80 at Watt Avenue light rail station.

The COA will look at Roseville Transit in its entirety, from routes to vehicles, and re-design a system that will optimize ridership and costs to meet the needs of our community.

### Prioritizing Graffiti Removal

The FY2023-24 budget includes \$100,000 in General Fund resources for Street Maintenance to assist with allowing staff to identify and remove graffiti throughout the City's roadways quickly. To meet the community's desire for graffiti removal,

# Department Operating Budgets

staff will hire multiple on-call contractors to respond to and remove graffiti on any City assets along the City's roadways with a target period of 24 hours. This will reduce the impact of graffiti on our existing staff and their workload and allow the City to send one crew to a graffiti location and remove all markings on assets operated by various departments rather than having each asset owner send out their own crews.

## Staff to Address Increasing Engineering Workload

Over the past 10 years, traffic engineering staff has decreased by 50 percent while workloads have steadily increased. The ITS Masterplan and the Institute of Transportation Engineers recommend a staff of six (currently, there are four) to run a city the size of Roseville with a similar level of ITS implementation. Staff are currently unable to retune traffic signals every three years, or review and update coordination plans every three years. City goals for completing 80 percent of traffic studies within three months and 100 percent within six months are down to zero percent in three months and 71 percent in six months. An additional full-time Engineer in the Traffic Engineering Section of the Engineering Division is included in the Public Works FY2023-24 budget to meet these demands.

## Staffing for Additional Office Space

The Facility Services Division maintains, repairs, cleans, and rehabilitates 1.37 million square feet of City facilities. The FY2023-24 budget includes the addition of one full-time Custodian and an Office Assistant to ensure the adequate maintenance of City facilities.

## Staffing for Street Maintenance

A new Service Worker is included in the FY2023-24 budget to assist with street maintenance. The Service Worker position was created over 20 years ago as a standalone solution to daytime calls for immediate service, inspection, cleanup tasks in the right of way (including graffiti and illegal dumping), and incident response (including potholes and emergency response assistance) all to deliver exceptional City services. Since the creation of the position, the City population has grown by 2/3 (60,000 people), the road lane miles have doubled (250 lane miles), and the area of the City has increased by 1/3 (13 square miles).

## Budget Summary

### Positions by Division/Program

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)
Public Works Total	117.500	123.000	123.250	127.250	4.000	3.2%

### Expenditures/Expenses by Major Category

# Department Operating Budgets

# Development Services Department

# Department Operating Budgets

## Overview of Services

The Development Services Department (DSD) evaluates and maintains development impact fee programs, provides long-range planning, reviews entitlements and building permit applications, provides plan and map review, issues permits for buildings and infrastructure improvements, provides inspection services, and recommends acceptance of final maps and civil improvements to the City Council for all private land development projects. The department also ensures public safety by enforcing local and state building and nuisance laws via code enforcement actions. Divisions of the department and services offered include:

### Building, Permit Center, and Code Enforcement

This division provides residents and members of the public with efficient and professional permit and development review services in a single location. It assists residents, businesses, and the development community with meeting minimum building code standards to safeguard life, health, property, and public welfare. This assistance is accomplished by ensuring that design, construction, materials, use and occupancy, and location conform to the required building code provision and the City's health and safety standards.

### Engineering - Land Development

This division ensures that public and private infrastructure development meets required City engineering standards, codes and policies through plan review and construction inspection, including compliance with the construction and post-construction site runoff elements of the City's Municipal Separate Storm Water System (MS4) permit. This division also provides City oversight of engineering-related items associated with long-range planning and development projects, traffic analysis, fee program development and administration, and supports engineering-related process improvements and fee analyses.

# Department Operating Budgets

## Planning

This division provides professional guidance and technical assistance related to planning law; environmental review; the City's General Plan; Specific Plans; and Zoning Ordinance to the City Council, Planning Commission, Design Committee, City Manager, and the public. It implements and monitors City growth and development policies and accepts, processes, analyzes, and recommends action to the City's hearing bodies on development applications. It also acts on items such as administrative permits, sign permits, home-based businesses, and code enforcement complaints involving the Zoning Ordinance. The division also provides environmental review and permitting for City projects and programs, coordination and processing of Capital Improvement Projects (CIPs), and citywide specific plans.

## Business and Administrative Services

This division provides organizational, technological, and business process support as well as budget, administrative, and office support to all divisions of the Development Services Department. It manages and supports the citywide permitting system (Accela Automation) and related development records and data, citywide base map and parcel data maintenance, and addressing and street naming administration. The division is also responsible for creating and maintaining GIS data, mapping products, and distributing information regarding citywide development activities.

## Accomplishments

- Filled multiple vacancies while also maintaining customer service levels and expectations amid heightened permit activity.
- Recovered more than 75 percent of department operating costs through permit fees, development project billing, and other service fees.
- Achieved state's "Prohousing Designation" for housing-friendly policies, allowing the City and affordable housing developers to better compete for funding in state housing, community development, and infrastructure programs.
- Adopted new specific plans for three aging commercial corridors on Atlantic Street, Douglas and Harding Boulevards, and Douglas and Sunrise Boulevards with the intent to streamline and incentivize redevelopment and increase opportunities for high-density residential development.
- Added a new full-time Code Enforcement Inspector and assumed oversight of the City's graffiti abatement program from the Police Department.
- Successfully embedded a Code Enforcement Inspector with the Police Department's Social Services Unit, resulting in the coordination and cleanup of over 400 campsites from City-owned property and open space, removing more than 20 tons of accumulated waste and debris.

## Council Strategic Plan

### Goal: Enhance economic vitality

**Strategy: Support conditions that attract, promote and retain retail, commercial, and industrial opportunities that have a positive fiscal impact**

Development Services will continue to efficiently, accurately, and rapidly approve applications for new non-residential development, and will prioritize plan review and approval of Baseline Marketplace construction documents once submitted.

### Goal: Support community engagement and advocacy

**Strategy: Increase outreach to and engagement with younger populations**

Development Services will continue participating in the "Careers in Public Service Day" organized by the Institute for Local Government to showcase the spectrum of government careers to college, high school, and middle school students. The

# Department Operating Budgets

department will focus on aspects of building inspection, engineering, and utility inspection, as qualified candidates for those positions are becoming increasingly difficult to find.

## **Goal: Invest in well-planned infrastructure and growth**

### **Strategy: Reinvest in core neighborhoods**

Now that the corridor plans are complete, Development Services will work with Economic Development to focus on marketing and other opportunities to incentivize reinvestment in the Atlantic Street, Douglas and Harding Boulevards, and Douglas and Sunrise Boulevards corridors.

## **Goal: Deliver exceptional City services**

### **Strategy: Explore ways to strengthen code enforcement efforts, including graffiti and blight abatement**

Development Services has achieved significant early success with the new graffiti abatement model. We will continue refining that process to further strengthen abatement efforts in conjunction with other departments.

# Department Operating Budgets

## Key Performance Measures

### Building Plan Review & Inspection

Goal	Deliver exceptional city services Enhance economic vitality Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target
Overall permit process (average number of business days in City possession versus the total number of business days to process)	39%	50%	42%	<50%
On-time inspection performance (completion of daily scheduled inspections)	98%	97%	97%	100%
Minor permits issued within five business days	90%	100%	89%	100%
Overall plan review performance (meeting published turnaround times)	92%	90%	84%	90%
Purpose	Facilitating community investment is an economic development objective that is achieved through prompt turnaround times on plan reviews and inspection requests. This process ensures safe and secure structures for human occupancy, ultimately promoting economic growth.			
Status	<p>The Building Division experienced a 13.5 percent decrease in total plan submittal volume over the past year; however, the complexity of plan sets – particularly for multi-family and other non-residential construction – has increased exponentially as a result of recent code cycle changes and legislative mandates, requiring additional staff time and expertise for review. Plan review staffing levels have remained static. Complicating matters, the City’s plan review contractors are experiencing a shortage of experienced plan reviewers as many retired public sector workers permanently leave the job market. These factors combined have resulted in a reduction in the division’s on-time plan review performance from 95 percent to 84 percent. The department will examine additional internal efficiencies and process improvements over the coming year and intends to evaluate staffing levels as a component of next year’s building permit fee study. As the State imposes additional mandates and regulations, additional staffing may be required to maintain established service levels.</p> <p>The percentage of inspections performed within 24 hours has remained consistent with the division’s five-year average of 97 percent.</p>			

# Department Operating Budgets

## Code Enforcement Activity

<b>Goal</b>	<b>Maintain a safe and healthy community</b> <b>Enhance economic vitality</b> <b>Invest in well-planned infrastructure and growth</b>			
<b>Strategy</b>	<b>Explore ways to strengthen code enforcement efforts, including graffiti and blight abatement</b>			
	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target
Initial response to code complaint within two business days	96%	95%	93%	95%
Initial inspection within five business days	78%	80%	89%	80%
Code Enforcement cases resolved within 30/60/90 days	77% / 88% / 92%	60% / 70% / 75%	84% / 84% / 98%	70% / 80% / 90%
Purpose	Efficient code enforcement activities help maintain quality of life by preserving and enhancing the appearance of the community and abating dangerous conditions or other nuisances in violation of the Municipal Code.			
Status	Inspector caseload continues to increase, and additional staffing will be necessary to maintain service levels as the City continues to grow or if directed to take a citywide proactive posture. In FY2022-23, the division initiated monthly targeted proactive blight enforcement in rotating beats, whereas all code inspectors spent time in the “beat of the month” to seek out and self-initiate cases. Feedback from the community has been positive, and the division will continue this approach. The division added one FTE position in FY2022-23 to assume management of the City’s graffiti abatement response from the Police Department. This approach has proven highly successful.			

# Department Operating Budgets

## Engineering Plan Review, Inspection, and Transportation Planning

Goal	Deliver exceptional city services Enhance economic vitality Invest in well-planned infrastructure and growth			
	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target
Overall permit process (average number of business days in City possession versus total number of business days to process)	51%	50%	50%	50%
Encroachment permits issued same day (i.e., PODS & dumpster)	90%	90%	99%	95%
Overall plan review performance (meeting published turnaround times)	78%	80%	82%	90%
Purpose	Thorough plan review and inspection of public improvements help prevent significant future maintenance costs to taxpayers and utility ratepayers by ensuring infrastructure is installed to City specifications. These services are also important to ensure the safety of the motoring public through proper roadway funding, design, and construction. The division coordinates over \$1 billion in local and regional fee programs that help facilitate local development and ensure long-term infrastructure, health and safety issues are addressed.			
Status	The year-over-year percentage of plans/maps reviewed within four weeks improved from last year's 78 percent to 82 percent, exceeding the department's FY2022-23 target of 80 percent despite a heavy sustained workload with no additional staff resources. Plan review volume is expected to be roughly the same in FY2023-24 as the three primary new growth areas in West Roseville continue to build out. The department will study and implement new efficiency measures as necessary in FY2023-24 to build on gains in this goal area.			

# Department Operating Budgets

## Current and Long-Range Planning Activities

<b>Goal</b>	<b>Enhance economic vitality</b> <b>Support community engagement and advocacy</b> <b>Invest in well-planned infrastructure and growth</b>			
<b>Strategy</b>	<b>Support conditions that attract, promote and retain retail, commercial, and industrial opportunities that have a positive fiscal impact</b>			
	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target
Overall permit process (average number of business days in City possession versus total number of business days to process)	58%	60%	49%	60%
Ministerial permits issued same day (i.e., home occupations)	97%	95%	97%	95%
Overall plan review performance (meeting published turnaround times)	79%	50%	83%	90%
<b>Purpose</b>	Well-planned development ensures attractive, orderly growth and long-term financial viability. The number of planning applications is a leading indicator of the City's growth. Participation in regional planning and policy efforts ensures the Roseville community's interests are represented.			
<b>Status</b>	Development applications processed by the department continue to exceed estimates, signaling sustained growth within the City. Department staff attends an increasing number of state/regional and county coordination meetings to advocate for the City on behalf of the Roseville community. Staff completed the corridor planning project in FY2022-23 and will transition to implementation strategies and incentives in FY2023-24. The division will also focus on implementing the remaining Housing Element policies necessary to close the City's Regional Housing Needs Allocation deficit.			

# Department Operating Budgets

## Citywide Permitting, GIS Basemap, Addressing, and Street Naming Support

Goal	Maintain a safe and healthy community Deliver exceptional city services Remain fiscally responsible in a changing world			
	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target
Percent of address change requests processed within seven days	84%	90%	90%	90%
Percent of requests for service completed by established due date	87%	90%	90%	90%
Purpose	The Development Services Department maintains the citywide basemap and manages addressing and street naming on behalf of the City. Complete accuracy is critical to providing effective, life-saving emergency response, utility billing, and various other City services. The department also supports and maintains the City's enterprise permitting and electronic plan review systems and performs required annual reviews of all active development agreements.			
Status	The complexity and volume of service requests received and processed by the Business and Administrative Services Division remain high, exceeding its capacity to meet the growing demand for services. The division intends to initiate a department-specific strategic plan in FY2023-24, a component of which will be to evaluate staffing levels necessary to support increasing internal and external consumption of GIS-based services.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Target	FY2022-23 Projected Actuals	FY2023-24 Target

# Department Operating Budgets

## Budget Highlights

The Development Services FY2023-24 budget totals \$19.8 million (an increase of 8.3 percent over the prior fiscal year), inclusive of \$7.4 million in anticipated Traffic Mitigation Fund and developer reimbursement expenses, and supports 76 position allocations. Most of the increase is associated with expenses in four new traffic mitigation funds for specific plan areas. Additionally, Development Services anticipates an increase in traffic mitigation reimbursement expenses as Creekview continues to develop. However, these expenses are entirely offset by permit revenue.

This budget includes the conversion of a limited term Development Technician to a regular. This position assists in the Permit Center with customer service, permit coordination, website maintenance, and records requests.

## Budget Summary

### Positions by Division/Program

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)
Development Services Total	73.000	74.000	75.000	76.000	1.000	1.3%

### Expenditures/Expenses by Major Category

Major Category	FY2021-22 Actuals (\$)	FY2022-23 Adopted (\$)	FY2022-23 Amended (\$)	FY2023-24 Budget (\$)	FY2023-24 Change (\$)	FY2023-24 Change (%)

# Electric Department

# Department Operating Budgets

## Overview of Services

Roseville Electric Utility is a community-owned utility that provides safe, reliable, and affordable electricity to Roseville residents and businesses. Roseville Electric employees are regularly recognized by state and national organizations for high service levels, customer satisfaction, and innovative programs. The utility provides electric service to the approximate 43-square mile service territory with dedicated employees, who provide a variety of services. There are six major strategic operating business units:

### Executive:

- Develop and implement the organizational strategic plan and supporting initiatives for the electric utility.
- Monitor and engage in legislative and regulatory matters impacting the electric utility, and provide advocacy and collaboration with coalition partners.
- Oversee the marketing and communication activities for the electric utility, including outage communication and community engagement.

### Resources & Generation:

- Provide power portfolio management services, including the procurement and production of electricity to meet the electric needs of the City.
- Operate and maintain the utility's two natural gas power plants and California Department of Water Resources (CDWR) two generation peaking units.

### Electric Engineering:

- Plan, design, and assist with the construction and rehabilitation of the electric distribution system and streetlights.
- Plan, design, and assist with the construction and rehabilitation of the electric generation assets.
- Ensure the utility complies with federal, state, regional, and local regulatory requirements.

# Department Operating Budgets

## Electric Operations:

- Construct, operate, and maintain the electric distribution system and streetlights.
- Plan, design, and assist with the construction and rehabilitation of the electric distribution system and streetlights.
- Maintain and enhance the proprietary control systems for the power plants and the electric distribution system.

## Finance and Customer Care:

- Responsible for billing and collecting for electric, water, wastewater, and waste services. Services include processing new services, transfers, payments, and delinquency disconnects.
- Configuration, design, and deliver our advanced metering infrastructure and grid performance solutions.
- Responsible for budgeting, financial planning, load forecasting, pricing, and customer data management.
- Ensure the utility complies with risk management policies and enterprise performance.

## Economic Development and Partnerships:

- Responsible for the utility's customer service function, including providing energy efficiency and education programs for residential and business customers.
- Develop and maintain business relationships with the utility's key accounts.
- Support economic development and business retention.

## Accomplishments

- Implemented an energy cost surcharge of 8 percent effective from February 1, 2023 through December 31, 2024. The surcharge was implemented in response to rapid and significant cost increases in the power supply market brought on by natural gas demand outstripping supply.
- Retired \$51 million in variable rate debt, which will also reduce the utility's operating costs by \$5 million annually. Retirement of the debt was done in conjunction with the energy cost surcharge implementation to lessen the rate impact on customers.
- Completed the design and replacement of the Industrial Substation Switchgear #1. This switchgear was originally installed in 1974 and reached the end of life. Replacement of this switchgear allows for advanced technology to be used to improve reliability.
- Completed upgrade of the existing insulation blanket on the steam turbine with an electric blanket that will allow for reduced start-up times and replaced the outdated controls on the zero liquid discharge system and incorporated them into the main control system at Roseville Energy Park.
- Implemented a change in the calculation used for the hydroelectric surcharge that is used to offset the additional costs of replacement power in low hydroelectric generation years. The updated calculation uses hydroelectric generation forecasts produced by the Northern California Power Agency and the U.S. Bureau of Reclamation instead of precipitation measurements. This change will improve the accuracy of the cost impact calculation of variations in hydroelectric production when developing the annual surcharge.
- Between January 1st and March 1st, 2023, electric staff responded to 542 outages related to the winter storms that brought cold temperatures, strong winds, and extreme rain to the region. Despite the severe storms, Roseville customers did not experience extended outages as crews and tree contractors worked extended shifts to maintain the City's power grid. Roseville was able to restore power to most customers in hours.

# Department Operating Budgets

- The Advanced Metering Infrastructure (AMI) project completed meter installations for both residential and commercial utility customers for Phase 1 of the project. The team installed over 800 electric and 700 water meters in March 2023. Phase 1 includes comprehensive functional and operational testing, including parallel system billing to ensure a seamless transition for customers. Phase 1 will last approximately three months and be followed by a 12-month full deployment.
- Made enhancements to customer experience with expanded new payment options including American Express, Apple Pay, Google Pay and Venmo. Customers can now utilize the payment option of their choice online, by phone, recurring, one-time, or in the office.

## Council Strategic Plan

### Council Goal: Remain fiscally responsible in a changing world

#### Strategy: Balance utility services and customer rates, given legislative mandates and rising costs

Evaluate Potential Electric Rate Case - Consistent with our typical biennial financial review, the department will consider rate adjustments considering emerging economic risks and power supply costs. If necessary, this will include the preparation and delivery of a formal electric rate review to recommend any rate adjustment(s), ensuring sufficient revenues to meet financial obligations and maintain compliance with the City Council adopted financial policies.

The Integrated Resource Plan (IRP) - Roseville Electric Utility will continue the development and implementation of the IRP, which is an assessment of future electric needs and a plan to meet those future needs. The plan is “integrated” in that it looks at both demand side (energy efficiency, demand response, conservation, etc.) resources as well as the supply side (distributed generation, self-generation, and purchase power) resources in making its recommendations on how best to meet future electric needs.

Identify and Evaluate Grant Opportunities – Dedicate staff to identifying and applying for grant funding for improvements to the electric system, generation assets, technology advancements, and safety improvements.

### Council Goal: Enhance economic vitality

#### Strategy: Support conditions that attract, promote, and retain retail, commercial and industrial opportunities that have a positive fiscal impact

Promote the Electric Department’s Value Proposition and Visibility in the Community – Having a locally owned utility is an economic benefit. In Roseville, electric customers save over \$160 million in comparison with those who receive electric services from Pacific Gas and Electric. That \$160 million supports other economic activity in the Roseville community.

Focus on Economic Development Opportunities – Creation of a dedicated position to support economic development and partnership efforts in the utility. Work with developers and key account customers to maintain and attract development.

Support New Development – Work with Development Services and other City departments to support future growth, including delivering power to new growth areas like the Creekview Substation. The utility is also working to increase capacity in areas including the Vernon Substation rehabilitation that will allow for additional growth in the downtown specific plan area.

### Council Goal: Invest in well-planned infrastructure and growth

#### Strategy: Maintain investment in water resiliency and increase capacity of the Electric utility

Building Electrification - The transition towards building electrification is a high priority for the state legislature and regulatory agencies and involves substituting gas end-uses for high-efficiency electric end-uses. Roseville Electric Utility is working to understand and prepare for the system impacts of building electrification through new residential and commercial customer programs.

# Department Operating Budgets

Electric Vehicle Program - Continued expansion of the utility’s electric vehicle program to prepare for growing numbers of electric vehicles in the community. The program includes incentives and education for the community regarding buying and owning an electric vehicle. This effort will also include accessing and preparing for electric system impacts from increased electric vehicle adoption to understand capacity needs and customer usage patterns.

Ten-Year Capital Improvement Project Plan – Development of a coordinated 10-year capital plan allows the utility to plan for both maintenance and expansion of the electric system. The electric industry is facing major changes required to meet state and federal mandates. The long-term capital plan allows time to develop funding plans to support needed maintenance and system improvements. It also balances the needed improvements with the funding and resource availability of the organization allowing for the prioritization of projects.

## Council Goal: Support community engagement and advocacy

**Strategy: Help county, state, and federal policymakers understand key City issues, including local decision-making**

Focus on Governmental and Industry Relationships - Roseville Electric Utility will continue to engage with multiple levels of local, regional, and national decision-makers directly or through major industry and trade associations such as the California Municipal Utilities Association, American Public Power Association, and Northern California Power Agency.

## Key Performance Measures

### Distribution System Reliability

Goal	Deliver exceptional city services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Average Outage Length (minutes per customer, per year)	1.17	< 30	< 30	< 30
Average Number of Outages (per customer, per year)	0.01	< 0.35	< 0.35	< 0.35
Average Response Time (minutes)	31	< 30	< 30	< 30
Purpose	Providing safe and reliable power to customers and responding quickly in the event of an unplanned outage are operational priorities. The three metrics measure how many minutes the average customer is without power in a year, how many times the average customer is without power in a year (numbers less than one mean less than one outage per customer per year), and how quickly crews respond to an outage.			
Status	Distribution system reliability metrics are on target.			

# Department Operating Budgets

## Safety

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
OSHA Lost Time Cases	1	-	-	-
OSHA Modified Duty Cases	-	-	-	-
OSHA Other Recordable Cases	-	-	-	-
Vehicle Accidents	1	-	-	-
Purpose	Providing safe and reliable power to customers and responding quickly in the event of an unplanned outage are operational priorities. The four safety performance metrics include OSHA (Occupational Safety and Health Administration) recordable incidents for lost time, modified duty, other recordable cases, and preventable vehicle accidents.			
Status	Safety metrics are on target.			

## Generation Fleet Availability

Goal	Deliver exceptional city services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Availability*	46.92%	> 90%	> 90%	> 90%
Forced Outage Rate	1.45%	< 4%	< 4%	< 4%
Start Reliability	98.55%	> 95%	> 95%	> 95%
Purpose	The generation performance metrics evaluate the Roseville Energy Park against industry averages. The metrics measure its availability, how often it goes out of service, and how reliably it starts up when called.			
Status	Generation fleet availability metrics are on target.			

\*Planned Major Outage in FY2020-21.

# Department Operating Budgets

## Customer Solutions & Programs

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Low income, load control, energy efficiency, electric vehicle and solar rebates and program expense	\$3,653,575	\$4,755,683	\$4,755,683	\$5,244,000
Estimated energy savings (kWh)	15,768,000	11,024,000	11,024,000	10,240,000
Purpose	Public benefit programs help customers reduce their electric energy consumption, lower peak demand, invest in local renewable energy, and support low-income electric rate assistance. By California law, 2.85 percent of electric sales revenue is set aside for public benefits programs. The metrics track fiscal year spending and how much energy customers will save due to these programs when installations are completed.			
Status	Customer Solutions & Program metrics are on target.			

## Financial Strength

Goal	Remain fiscally responsible in a changing world			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Debt Service Coverage Ratio	3.95	2.18	3.10	2.00
Days Cash on Hand	470	> 250	294	> 250
Bond Rating	AA	AA-	AA	AA
Purpose	Council adopted financial targets for debt service coverage ratio, days cash on hand, and bond rating to maintain the lowest cost liquidity and flexibility to enable the organization to achieve its operating goals.			
Status	Financial Strength metrics are on target.			

# Department Operating Budgets

## Customer Relationships

Goal	Deliver exceptional city services			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Average Speed of Answer (seconds)	1:25	1:30	1:25	1:25
Average Handle Time (seconds)	4:50	4:20	4:20	4:15
Billing Accuracy	99.74%	99.80%	99.80%	99.80%
Purpose	Building and maintaining strong customer relationships is an organizational priority. The three metrics measure how quickly a customer's call is answered, how quickly a customer's call is handled from start to finish, and the percentage of customers billed accurately.			
Status	Customer Relationship metrics are on target.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Cost of Goods Sold (COGS) per kWh	\$0.060	\$0.066	\$0.062	\$0.079
Total O&M less F&PP per Retail Customer	\$864	\$1,024	\$1,034	\$1,156
Distribution O&M per Retail Customer	\$350	\$502	\$513	\$432
Distribution O&M per Circuit Mile	\$23,399	\$34,738	\$35,172	\$30,074

## Budget Highlights

The Electric Department's FY2023-24 budget totals \$167.9 million (an increase of 13.9 percent over the prior fiscal year) and supports 197.25 position allocations. The majority of the change is attributable to a \$13.9 million increase in purchased power costs. The budget includes the following highlights:

### Balanced Budget:

- Prioritizes funding of essential services
- Compliance with financial policies and metrics

### Prudent investment in infrastructure and technology:

- Phase two Legacy Building build-out and move-in
- Advanced Metering Infrastructure project

# Department Operating Budgets

## Focus on new revenue opportunities:

- Electric vehicles and charging
- Building electrification

## Assumes base rate increases:

- Maintain energy cost surcharge through FY2023-24
- Hydroelectric surcharge calculation change implementation

## Budget Summary

### Positions by Division/Program

Full Time Equivalent (FTE) Positions	FY2021-22 Actual	FY2022-23 Adopted	FY2022-23 Amended	FY2023-24 Budget	FY2023-24 Change	FY2023-24 Change (%)
Electric Total	193.750	197.250	197.250	197.250	-	0.0%

# Department Operating Budgets

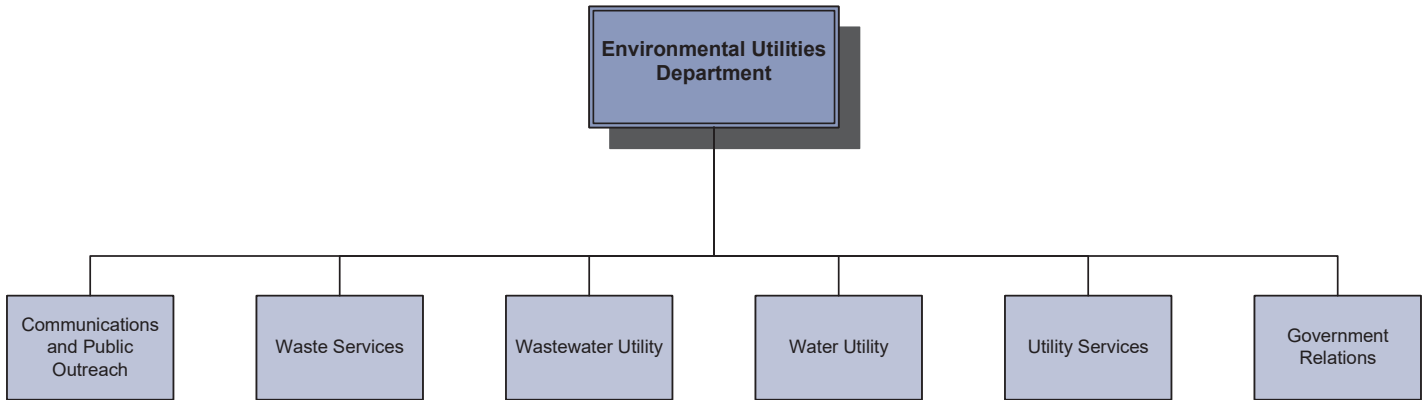

# Environmental Utilities Department

# Department Operating Budgets

## Overview of Services

Environmental Utilities (EU) is a nationally recognized Utility of the Future. We are a forward-thinking group of utilities that deliver high-value, eco-friendly, and financially sound public services. With a customer base of more than 50,000 customer accounts, EU offers three core utility services - water, wastewater and waste services - in addition to producing and delivering recycled water and managing the City's stormwater quality program. Further, EU partners with Roseville Electric Utility to manage the Utility Exploration Center and Utility Customer Experience and Billing.

## Administration and Technical Services

EU administration provides leadership and oversight for utility support services and provides coordination across the department. These groups include planning, engineering, data management, GIS, utility rate development, budget, accounting, reporting, government relations, public information, and outreach.

## Water

The water utility provides safe, reliable, and high-quality potable water service. To ensure reliable drinking water distribution, the water utility operates a 100-million gallon-per-day surface water treatment plant; maintains nearly 700 miles of pipes, more than 5,300 hydrants, and eight potable water tanks that provide 44 million gallons of storage capacity; and manages a growing aquifer storage and recovery (ASR) groundwater program. Additionally, the water utility oversees water efficiency programs and is focused on further increasing the City's long-term water supply resilience and reliability.

## Wastewater/Recycled Water

The wastewater utility collects and treats wastewater for Roseville and its regional partners (South Placer Municipal Utility District and Placer County). In addition, it is a regional provider of recycled water for areas in Roseville and unincorporated Placer County. The wastewater utility maintains wastewater collections and recycled water infrastructure within the Roseville city limits, operates two regional wastewater treatment plants, and provides analytical laboratory and preventative maintenance services for the Roseville water and wastewater utilities.

## Waste Services

The waste services utility collects, recycles, and disposes of more than 140,000 tons of refuse annually, including solid waste, green waste, organics, and household hazardous waste for residential and commercial customers. The waste services utility also oversees the maintenance of the closed Roseville Sanitary Landfill and manages the City's stormwater quality program—a state-mandated program supported, in part, by the General Fund.

## Utility Exploration Center

The Utility Exploration Center (UEC) is an interactive museum managed jointly by EU and Roseville Electric Utility that educates the public on City efforts to use water and energy efficiently, reduce waste, and protect watersheds. UEC staff also conduct special events and outreach programs to connect Roseville residents and business owners with their City utilities.

# Department Operating Budgets

## Accomplishments

- Completed a comprehensive water infrastructure rehabilitation in the Hillcrest neighborhood, one of Roseville's core neighborhoods.
- Banked almost 800 acre-feet of non-storable surface water from Folsom Reservoir in Roseville's groundwater basin using our ASR groundwater well system in early 2023, given an abundance of surplus precipitation and snowfall.
- Continued development of significant water infrastructure projects, including the West Side Tank and Pump Station project, four additional ASR groundwater wells, and improvements to water interties and pump stations.
- Continued preliminary planning work and federal funding authorization of a joint conveyance project between the City and Placer County Water Agency (PCWA) to develop additional access to water supplies upstream of Folsom Reservoir for greater future water supply reliability.
- Successfully implemented drought mitigation efforts to prepare for a multi-year drought: identification and ongoing implementation of emergency drought infrastructure projects (intertie upgrades and two additional ASR groundwater wells) and demand-management strategies (water efficiency programs and enforcement of water conservation measures) and other measures.
- Delivered 3,738 acre-feet of recycled water to customers inside and outside the City, preserving a similar amount of potable water supply.
- Removed nearly 20 million pounds of contaminants from almost seven billion gallons of wastewater.
- Beneficially used 11,500 tons of Class B biosolids generated at the Dry Creek Wastewater Treatment Plant as beneficial soil amendments, avoiding landfill disposal.
- Partnered with the Roseville Coalition of Neighborhood Associations (RCONA) to plan four neighborhood clean-up events in spring 2023 and conducted the 2023 clean-up, filling over 78 dumpsters that totaled over 90,000 pounds of waste hauled to the Materials Recovery Facility. This event provides resident's convenience and helps prevent illegal dumping.
- Converted 30 percent of the Waste Services frontline fleet from diesel fuel to compressed natural gas (CNG).
- Complied with regulatory milestones, including updating the City's municipal code and coordinating with other jurisdictions on edible food recovery and organics processing capacity planning. These efforts were the first major hurdles to establishing an SB1383 compliant organics program. The work remains ongoing in working with our customers to ensure the proper execution of these programs.
- Since we successfully met all of the initial SB1383 compliance deadlines, we were able to apply for and secure a CalRecycle Organics grant for \$193,581.
- Engaged residents through several outreach events, including speaking at community association meetings and conducting the first-ever Waste Services webinar, which drew high attendance rates and participation.
- Developed an organics module for the Cayenta Utility system to easily track the thousands of data generated through our SB 1383 and other regulatory compliance work, including site visits for new businesses, education, and contamination minimization.
- Supported the region's annual events, including free oil filter exchange and medication take-back days in the spring and fall of 2022. Both events promote the correct disposal and collect materials to help keep our environment safe and healthy. The medication events alone collected over 4,200 pounds of unwanted and expired medication.
- The UEC successfully transitioned all virtual school program offerings to in-person offerings in FY2022-23. The UEC staff will continue to grow K-5 school program participation in FY2023-24.

# Department Operating Budgets

- UEC staff developed and distributed free science materials for second and third-grade Roseville classes and Traveling Trunks for fourth and fifth grades, as well as presented an in-person field trip for kindergarten and first grade and classroom visits for second and fourth grades.
- Now that most pandemic restrictions are lifted in schools, the UEC is on track to serve almost 6,000 students in FY2022-23.
- UEC staff worked with a contractor in FY2023 to create and pilot 6-8 grade school programming. We will roll out the finalized programs for Roseville area schools to participate in FY2023-24.
- UEC staff worked with local area high schools, EU and Roseville Electric staff to create a Field Day experience showcasing career opportunities in utilities. The program hosted 40 students for a full day of hands-on activities designed to spark their interest in pursuing a career in utilities. These were well received, and EU looks forward to offering two events each year.
- The UEC launched a new monthly activity booklet program called League of Explorers, in June 2022. The program includes a unique activity book each month and a hands-on laboratory activity for participants. The program distributes an average of 150 books each month and sees 30-60 kids in the lab activity monthly.
- The UEC has been working on updating the visitor center exhibits, with expected completion in early 2024. Staff completed the design phase in September of 2022 and are entering into the fabrication and installation phase of the project. The current exhibits have been on display since we opened in 2008.

## Council Strategic Plan

### Goal: Maintain a safe and healthy community

EU owns, operates, and maintains more than \$2 billion of critical infrastructure, including water and wastewater pipelines, pumping stations, storage tanks, and wastewater and water treatment facilities. These assets exist primarily for public health and safety. EU proactively and consistently performs preventive maintenance on this infrastructure to deliver water and treat wastewater to serve and protect the community and the environment. In addition, EU promotes public health and cleanliness through the high-quality refuse collection and disposal services with this same philosophy.

The water utility is continuing significant efforts to improve the reliability of Roseville's water supply. Examples include:

- Ongoing repair and rehabilitation of critical aging water infrastructure, including the Barton Road Water Treatment Plant, ASR groundwater wells, and other vital assets.
- Continued investments in water infrastructure security and resilience to prepare for current and future challenges.
- Expansion of the ASR groundwater program with the design and construction of up to six new ASR wells to further diversify our water supply and keep pace with upcoming demand.
- Collaboration with PCWA to build additional potable water conveyance infrastructure to establish alternative access to PCWA water supplies that are not dependent on Folsom Reservoir.

The wastewater utility continues to collect and treat wastewater from not only Roseville, but regionally. Continued efforts include:

- Investment in rehabilitating our neighborhood sewer systems and at the two wastewater treatment plants.
- Collaboration with our regional partners to stay ahead of new development and plan infrastructure, focusing on long-term maintenance and reliability.
- Proactively looking to the distant regulatory future to avoid costly reactive changes to operations

# Department Operating Budgets

## Goal: Deliver exceptional City services

EU strives to operate facilities and programs that are the most reliable in the state. The water, wastewater, and waste services utilities operate 365 days a year in all conditions to serve the residents and businesses of Roseville.

Additionally, EU is always looking to provide new “value-added” services for its customers, such as conducting water-wise house calls, engaging commercial customers one-on-one with recommendations on conserving water and saving money, and recently the Household Hazardous Waste (HHW) collection program pilot was expanded to the rest of City residents. For many years, residents could schedule doorstep pickup of Universal Waste items, limited to batteries, fluorescent lights, electronic waste, FOG, and motor oil and filters. In 2020, Waste Services implemented a pilot to collect HHW curbside from approximately 20 percent of residents. As of January 2023, that program has been expanded to the rest of the City. EU has also improved the services by making it easier for residents to schedule an appointment online. They do not have to wait to call us during regular business hours.

In partnership with Roseville Electric Utility, EU is implementing the Advanced Metering Infrastructure (AMI) project to upgrade all the meters in the City. When operational, the utilities will automate the meter-reading process allowing staff to access more granular information on customers’ usage. This information will enable EU to discover and resolve issues more quickly and determine new products and services, such as better water efficiency programs. AMI can also empower customers to make better choices, including controlling costs and conserving water. In March 2023, Roseville installed 800 AMI water meters for beta testing and is completing a parallel system.

## Goal: Invest in well-planned infrastructure and growth

### Strategy: Increase funding for CIP rehabilitation to prevent erosion of infrastructure

To keep pace with a growing Placer County, EU is leading the effort to expand the Pleasant Grove Wastewater Treatment Plant. This regional facility cleans wastewater for the City of Roseville, South Placer Municipal Utilities District, and portions of unincorporated Placer County. This effort will increase treatment capacity to help meet future demands and build a waste-to-energy plant to produce electricity for onsite use and renewable natural gas to fuel our garbage truck fleet. Project completion is expected around August 2023.

The wastewater utility continues its efforts to rehabilitate the existing collection system pipe infrastructure identified through EU’s inspections. The pipelines will be rehabilitated using a fiberglass liner cured using ultraviolet light, allowing inspection cameras to fit within the smaller diameter rehabilitated pipe. Pipelines with bends or other issues not allowing for the fiberglass lining will be rehabilitated using steam-cured felt liners.

In partnership with Public Works, EU will continue replacing water main segments and related infrastructure that has surpassed its predicted life in Roseville’s core neighborhoods, including Roseville Heights, in 2024. Additionally, the water utility will improve several elements of the water distribution system in downtown Roseville and rehabilitate the reclaim basin at the Water Treatment Plant and several of the City’s water mains.

## Goal: Remain fiscally responsible in a changing world

### Strategy: Balance utility services and customer rates, given legislative mandates and rising costs

EU consistently works to optimize its services, ensuring that Roseville customers enjoy some of the lowest utility rates in the region. EU performs a rate case analysis on its water, wastewater, and waste services utility rates every two years to ensure its operations, reserves, and rehabilitation costs are adequately funded. Since EU must adhere to Proposition 218, its rates reflect the service cost. EU maintains an operating reserve and a rate stabilization reserve for each utility to help manage fluctuations in revenue or economic shocks. Rehabilitation funding is based on modeling the timing of maintenance and repairs with contributions from the operating fund smoothed to allow for steadier rate increases. This proactive approach to asset rehabilitation, coupled with a continuous review of service costs, ensures EU’s consistent and reliable utility services.

# Department Operating Budgets

**Goal: Support community engagement and advocacy**

**Strategy: Remain focused on community engagement and education about City services and the budget**

The UEC exhibits are getting an overhaul as they've exceeded their operational lifespan, and several components are no longer functional. In addition, the aging exhibits diminish visitor experience and learning opportunities. The design consultant is coordinating with the utilities to develop exhibits to help UEC staff share Roseville's many new educational mandates and initiatives with the community. The expected date of completion is early 2024.

Through its public information and outreach program, EU actively educates and engages customers on its programs, projects, and services, while promoting ways to minimize impacts on the utility systems and the environment. EU employs a multi-faceted communication approach to achieve this, and every two years, its staff conducts public opinion research for all utility services to gauge customer sentiment. This data is then used to develop communication strategies to build awareness, communicate projects and programs, and conduct targeted outreach. In collaboration with the UEC, EU also creates educational opportunities for all age groups that combine environmental messages with hands-on learning and educational curricula that align with education standards, fostering greater understanding, appreciation, and awareness of Roseville's utilities and the broader environment.

Legislative and regulatory actions at the state and national levels affect how local governments deliver services and at what cost. To ensure EU can continue to provide high-quality, cost-effective services, EU's government relations staff identify and track legislative and regulatory issues that impact EU operations, take positions on state and federal proposals, draft amendments for legislation and regulatory proposals, and advocate for laws and policies that would protect and enhance the Roseville community. With significant funding opportunities available in FY2023-24, EU staff will work to identify and secure outside funding to provide greater value and increase infrastructure reliability.

This past year EU's Government Relations unit helped the City to secure funding from the State of California to assist 264 water customers in retiring outstanding balances due to the COVID-19 pandemic. The unit also advocated for and assisted in securing funding for the Low Income Household Water and Wastewater Assistance Program through Project Go Inc.

# Department Operating Budgets

## Key Performance Measures

### Fiscal Strength

Goal	Remain fiscally responsible in a changing world			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Water bond rating	AA	AA-	AA	AA
Water utility debt ratio	9.66%	30.0%	30.0%	30.0%
Wastewater utility debt ratio	6.97%	33.0%	33.0%	33.0%
Purpose	Maintaining water bond rating and debt ratios is critical for future bond offerings. As the City grows, issuing bonds is a viable strategy to build infrastructure and pay off debt with continued connection fees. Maintaining EU's overall fiscal health ensures cost-effective operations, fully funded rehabilitation programs, healthy reserves, and regionally competitive utility rates.			
Status	EU has been steadily maintaining its fiscal health and adjusting rates annually to keep pace with inflation per City Council direction. EU continues contributing to reserves to meet our fiscal policies.			

### Waste Diversion

Goal	Maintain a safe and healthy community			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Disposal per capita per day (pounds)	4.8	4.9	4.9	5.1
Purpose	The City's recycling, green waste, and organics programs divert significant waste from landfills. The state-mandated per capita metric (8.9 pounds per person per day) is to ensure jurisdictions comply with diversion requirements.			
Status	The City is meeting the state mandate by staying significantly below the disposal per capita target—this shows the City is fulfilling the mandate.			

# Department Operating Budgets

## Effectiveness of UEC programs

Goal	Support community engagement and advocacy			
	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Percentage of teachers rating programs as “good” to “excellent”	85% (COVID closures)	90% (COVID recovery)	94% (COVID recovery)	90% (COVID recovery)
Purpose	Providing effective school programs will help to build strong resource conservation awareness for the citizens of tomorrow.			
Status	In FY2021-22, the UEC maintained its virtual field trips for second and fourth grades and added an in-person field trip for kindergarten and first grade. In FY2022-23, the UEC transitioned all remaining virtual programs to in-person opportunities as pandemic restrictions were reduced. Looking to FY2023-24, the UEC will work to expand K-5 program participation and add new 6-8 program opportunities.			

## Key Workload Measures

	FY2021-22 Actuals	FY2022-23 Initial Estimate	FY2022-23 Revised Estimate	FY2023-24 Estimate
Water production (acre feet)	30,026	31,660	30,223	31,690
Wastewater treated (gallons)	6,474 million	6,450 million	6,934 million	6,800 million
Recycled water delivered (gallons)	1,218 million	1,259 million	1,205 million	1,229 million
Solid waste collected (tons)	145,985	149,000	142,000	145,000
Number of UEC visitors	20,620 (COVID restrictions)	20,000 (COVID recovery)	30,000 (COVID recovery)	30,000

## Budget Highlights

Environmental Utilities’ FY2023-24 budget totals \$107.7 million, an increase of 9.5 percent over the prior fiscal year. The majority of this increase is due to labor and materials, services, and supplies costs. This budget supports 278 position allocations including: three new positions and five new positions upon establishing new classifications (for a total of eight new positions), plus three position reclassifications, and a reduction of two positions which are moving to the IT Department. The budget includes the following highlights:

### Hiring staff to address growth and regulations

In order to address growth and regulations, the budget includes funding for eight new positions in FY2023-24. These positions will be funded by utility rate revenue. The water utility is adding a senior engineer to manage security and resilience projects, regulatory reporting, and project management. Additionally, the water utility is adding a senior water distribution worker and water distribution worker to effectively manage new infrastructure and expand water service area given the growth in the City. The wastewater utility is adding a preventive maintenance supervisor, a wastewater operations superintendent, a senior wastewater utility maintenance worker, and a senior laboratory analyst. Adequate staffing will allow the wastewater utility to meet the growing demand for wastewater treatment services, effectively manage

# Department Operating Budgets

facilities, and maintain compliance with state and federal regulations. To comply with ongoing organics regulations (SB 1383), Waste Services will add a field enforcement inspector to conduct route reviews for residential trash, recycling, and green waste services.

## Budget Summary

## Community Facilities Districts, Lighting and Landscaping Districts, and Service Districts

### Overview

#### Lighting and Landscaping Districts (LLD)

The City of Roseville annually levies and collects special assessments to maintain authorized improvements within its eight Landscaping and Lighting Districts. The districts are levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code ("1972 Act").

#### Service Districts (SD)

These districts provide funding for the maintenance of the different special tax districts and zones. The perpetual maintenance may include public landscaping, landscape setbacks, street medians and corridors, bike trails, park and open space, wetlands, signage, and lighting improvements. The budget for these districts may include costs related to additional police protection, fire suppression, recreation programs, and library services created in areas of new developments.

#### Community Facilities Districts (CFD)

Infrastructure CFDs provide financing for the acquisition and construction of infrastructure improvements in the districts. Additional information on the use of funds and bonds is available on the City of Roseville website.

### Budget Summary

The CFD/LLD/SD budget totals \$16 million—a decrease of 32.7 percent from the prior fiscal year. The \$7.8 million decrease is primarily due to lower developer reimbursements.

# Department Operating Budgets

## Other Expenditures/Expenses

### Overview

Budgeted expenditures/expenses that do not align with any particular operating department and benefit the entire organization are budgeted in this category. The expenditures/expenses reflected in this category total approximately \$162.1 million in FY2023-24. This budget decreased by approximately 47 percent over the prior fiscal year, from \$306.8 million. The primary factor contributing to the reduction is \$54.4 million less in State Revolving Fund loan proceeds reimbursements for the Pleasant Grove Wastewater Treatment Plant (PGWWTP) Expansion and Emergency Recovery Projects, which are received and then passed onto the South Placer Wastewater Authority (SPWA), where the projects exist. Other contributing factors include the elimination of a one-time transfer of \$50 million from the Electric Rate Stabilization Fund to the Electric Operations Fund to pay off debt, and \$22.9 million less in General Fund transfers that were associated with one-time transactions such as the \$10 million transfer from the General Fund to the General Fund Capital Reserve Fund in FY2022-23.

Significant items budgeted in this category include:

- State Revolving Fund loan proceeds reimbursements for PGWWTP Expansion and Energy Recovery Projects received by the City and passed through to the SPWA (\$9 million)
- Regional connection fees collected by the City and distributed to SPWA (\$20.6 million)
- Unemployment, vision, and dental insurance (\$2.4 million)
- Leave payoffs for General Fund employees that retire during the fiscal year (\$750,000)
- Pay down CalPERS obligations by an additional discretionary payment from the General Fund (\$4.6 million)
- Other post-employment benefit (OPEB) payments for retired employees (\$9.4 million). These payments are reported twice in the budget to comply with accounting requirements: as disbursements from the fund from which the employee retired and as disbursements from the OPEB Trust Fund
- Replacement pension benefit for retired employees (\$380,000)
- Annexation tax-sharing agreement payments to Placer County (\$11.6 million)
- Contingency budgets for the General Fund (\$2.9 million, of which \$1.37 million is estimated for labor increases during the fiscal year), Waste Services Fund (\$500,000), Wastewater Fund (\$500,000), and Water Fund (\$500,000)
- Fees charged by the State and County for the collection and disbursement of sales and property taxes (\$1.2 million)
- Indirect cost expenditure/expense reimbursements for general government departments (\$12.9 million)
- Debt service includes interest expense for inter-fund loans (\$278,000)
- Transfers between funds (\$74.8 million): operating transfers (\$65.1 million), capital transfers (\$2.1 million), and loan payments (\$7.6 million), including transfers from the General Fund:
  - \$1.3 million to General Fund Emergency Reserve Fund
  - \$2.1 million to General Fund Stabilization Reserve Fund
  - \$4.6 million to General Fund Pension Reserve Trust Fund

# Capital Improvement Program Overview

## Capital Improvement Program Overview

The City of Roseville's Capital Improvement Program (CIP) includes projects related to the acquisition, design, construction, or expansion of an element of the City's infrastructure, including physical improvements such as streets, public buildings, public services infrastructure, and parks, among others, as well as equipment and technology infrastructure. The five-year CIP budget estimate is \$484.6 million, of which \$129.4 million is the funding request for FY2023-24. The current year's budget request represents a net \$24.2 million increase in funding from the prior year. The areas of growth in the CIP in FY2023-24 include Public Works (\$41 million), Water (\$17 million), Roseville Electric (\$4.5 million), and Citywide Technology (\$0.7 million). This growth is offset by decreases in capital budget requests compared to FY2022-23 from Parks, Recreation & Libraries (\$17 million), Waste Services (\$14 million), and Wastewater (\$8 million).

This year's CIP includes projects for which funding is yet to be identified for forecasting purposes. The project page presents these projects with a "TBD - To Be Determined" funding source. The total funding to be determined for the five-year plan is \$53 million.

The projects presented in detail in this section are only those projects that include additional funding in the current or future budget years. Projects planned to start in the coming years have been identified as forecasted projects on the summary page of each CIP classification as applicable.

Since project budgets are approved on a total project basis, any unspent funds at the end of the fiscal year are carried forward automatically into the following year's budget. Existing projects with unspent budgets are listed in the existing projects section on the summary page of each CIP classification.

CIP budget sheets display general project information and include department, location, description, operating budget impact, the City Council Goal associated with the project, and a summary timeline. The funding overview section of each project budget sheet summarizes the project's financial information, and the FY2023-24 and five-year plan sections provide project cost estimates by funding source for the City of Roseville's projects for FY2023-24 through FY2027-28. In limited instances, the summary tables and individual project pages show lower available resources and actual expenditures/expenses from prior years than those actually incurred due to funds that have been closed and non-city funding sources.

Projects are classified as follows: Citywide Technology; Electric; General Government; Parks, Recreation & Libraries; Public Safety; Public Works; Waste Services; Wastewater; and Water.

The table titled "Capital Improvement Program Summary: FY2023-24 through FY2027-28" is a high-level view of the total project expenditures in each category of capital expenses over the next five years.

## Security Equipment and Software - Email Security Gateway

**PROJECT NUMBER** 500370  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

### DESCRIPTION

The city currently uses the default email filtering available in the Microsoft 365 G3 level subscription along with a product from KnowBe4 called PhishER. PhishER is necessary because of the large quantity of phishing and malicious emails that don't get caught by Microsoft 365 filtering. PhishER, however, is not an automated product and relies on the users to report suspicious emails. These two systems result in only marginal protection against email threats.

This project aims to implement an Advanced Email Security solution with superior filtering and tracking of threats, thereby providing better security for the city against attacks such as phishing, ransomware, stealing user credentials, and data breach.

### OPERATING BUDGET IMPACT

After the first year, there will be an annual operational expense for subscription and maintenance.

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

## Citywide and Public Safety Data Storage

**PROJECT NUMBER** 500372  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** 1051 Junction Boulevard, 1501 Pleasant Grove Boulevard,  
 316 Vernon Street

**DESCRIPTION**  
 This project replaces a storage array (support ending in Spring 2024), increases the capacity for the City's five-year storage needs on three existing storage arrays, and enables data-at-rest to be encrypted for cybersecurity compliance.

### NEW OR EXISTING

## Data Center Networking

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

**CITY COUNCIL GOAL**  
Invest in well-planned infrastructure and growth

**START DATE**  
7/1/23

**COMPLETION DATE**  
6/30/25

**PROJECT STATUS**  
New

**PROJECT NUMBER** 500373  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** 1501 Pleasant Grove Boulevard, 316 Vernon Street

### DESCRIPTION

The City's enterprise virtual server environment (with 450+ Guest servers) relies on networking components that have support ending FY2023-24. A prior project enabled the City to engage with a consultant to determine an upgrade roadmap. This project provides funding to purchase and implement a new data center network solution.

### OPERATING BUDGET IMPACT

There is no operating budget impact expected upon the completion of the project.

### FUNDING OVERVIEW

Prior Years Actuals as of June 30, 2022	Available Resources as of the FY2022-23 Amended Budget	Five Year Plan	Total Project Funding
-	-	\$ 577,230	\$ 577,230

## Security Equipment and Software - Enterprise Vulnerability Management

**PROJECT NUMBER** 500375  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

### DESCRIPTION

The average time for a system vulnerability to be exploited has been shortened to only 14 days. IT staff requires a solution to address vulnerabilities efficiently and in a timely manner. The IT Department currently relies on two different solutions to scan for security vulnerabilities across the City's computers, servers, and network devices: Nessus from Tenable and Qualys. Nessus was purchased to (temporarily) provide advanced scanning capabilities but lacks enterprise-level capabilities like managing a large number of devices to scan and advanced reporting. Qualys was purchased to primarily scan external-facing systems only and lacks enough licenses to expand scans to all internal devices. The purpose of this project is to upgrade/replace the current vulnerability scan solutions into one system to keep the City's systems and network safe from known exploitations and ensure it stays compliant with any regulatory requirements.

### OPERATING BUDGET IMPACT

There is a yearly operational expense for subscription and maintenance.

## Infrastructure Network and Server Equipment

**PROJECT NUMBER** 500376  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** 1051 Junction Boulevard, 5100 Phillip Road,  
 2999 Douglas Boulevard

**DESCRIPTION**  
 The City's 800MHz radio system infrastructure relies on off-the-shelf products (i.e., Dell server, Cisco switch) that should be replaced every five years per industry standards. This ensures the City's radio and dispatch console infrastructure maintains performance & reliability.

**OPERATING BUDGET IMPACT**  
 There is no operating budget impact expected upon the completion of the project.

## Police Department - Mutual Aid Repeaters

**PROJECT NUMBER** 500377  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** 1051 Junction Boulevard

**DESCRIPTION**

Mutual aid repeaters are infrastructure pieces that enable agencies from different jurisdictions across local, state, and federal agencies to communicate based on standard FCC-assigned channels. These standard channels are programmed into the vast majority of all public safety radios, helping to provide a common platform during mutual aid incidents. The Police Department employs two mutual aid repeaters for FCC-licensed nationwide channels named 8CALL90 and 8TAC91. Police Department's current mutual aid repeaters are out of support and need to be replaced with updated models.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Public Records Request Implementation

**PROJECT NUMBER** 500379  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

**DESCRIPTION**

Multiple City departments receive and process public records requests that are currently managed separately and differently by each department. Staff recommends that the City invest in software that can provide tracking, notifications, workflow, and document storage for use by multiple departments. This request will facilitate compliance with the federal Freedom of Information Act (FOIA) and California Public Records Act (PRA) provisions.

## Law Enforcement Records Management System Upgrade

**PROJECT NUMBER** 500380  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Police Department - 1051 Junction Boulevard

**DESCRIPTION**  
 Police Records and Investigations staff currently use a Law Enforcement Records Management System implemented in May 2015. This project provides funding to replace this software with a solution that has enhanced features to support records management functions.

## Virtual Servers - Enterprise

**PROJECT NUMBER** F10074  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

**DESCRIPTION**

The City's virtual server environment depends on physical hosts to accommodate the 450+ virtual servers. The physical hosts' support expires in 2029; therefore, new servers are needed to maintain performance and reliability across citywide and department-specific services.

## Public Safety Phone and Radio Recording

**PROJECT NUMBER** F10075  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

**DESCRIPTION**

The City replaced the public safety phone and radio recording system this year (2023). This system captures recordings of all phone calls (911 and business lines) and all radio traffic (VHF and 800 Mhz). The City anticipates a potential replacement in FY2027-28.

## Parks Childcare Payment System Replacement

**PROJECT NUMBER** F10086  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

**DESCRIPTION**  
 Parks, Recreation, and Libraries implemented a childcare payment software system for registration and point-of-sale activities. This project will fund the potential replacement of this software system if needed.

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

#### CITY COUNCIL GOAL

Deliver exceptional City services

#### START DATE

7/1/26

#### COMPLETION DATE

6/30/28

#### PROJECT STATUS

Forecasted

### OPERATING BUDGET IMPACT

The City will pay annual maintenance, including licensing and support, in future fiscal years.

### FUNDING OVERVIEW

Prior Years Actuals as of June 30, 2022	Available Resources as of the FY2022-23 Amended Budget	Five Year Plan	Total Project Funding
-	-	\$ 565,704	\$ 565,704

## Phone Infrastructure Hardware

**PROJECT NUMBER** F10087  
**CLASSIFICATION** Citywide Technology  
**DEPARTMENT** Information Technology Department  
**LOCATION** Citywide

**DESCRIPTION**  
 This project will fund the replacement of aging phone infrastructure to ensure all City buildings can continue to send/receive phone calls with internal staff, external organizations, and the public, in addition to being able to fax to/from other agencies.

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

**CITY COUNCIL GOAL**  
 Invest in well-planned infrastructure and growth

**START DATE**  
 7/1/24

**COMPLETION DATE**

## Electric - Creekview Substation

**PROJECT NUMBER** 500332  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 3683 Westbrook Boulevard

**DESCRIPTION**  
 This project provides funding for the construction of a new 60/12kV substation that will provide electric service to both the Creekview and Amoruso Ranch specific plans.

**OPERATING BUDGET IMPACT**  
 Substation personnel will have to perform regular maintenance on all of the new equipment installed in the substation.

## Electric - Sierra Vista Transformer No 2 Addition

**PROJECT NUMBER** 500334  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 1550 Westbrook Boulevard

**DESCRIPTION**

The Sierra Vista substation was designed to have two transformers, but only one was installed during the original construction. The addition of a second transformer is necessary to meet future customer demand and provide additional system redundancy. Due to supply chain constraints, procuring a substation power transformer will take more than three years, necessitating to initiate the purchase in FY2023-24.

**OPERATING BUDGET IMPACT**

There is minimal operating budget impact expected from the regular maintenance that will be required on the additional transformer.

## Electric - Zero Liquid Discharge System Screw Press Upgrade

**PROJECT NUMBER** 500335  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Roseville Energy Park - 5120 Phillip Road

**DESCRIPTION**

The existing belt press at 5120 Phillip Road is undersized for summer operations, which results in upstream Zero Liquid Discharge (ZLD) system backup and does not provide operational redundancy if a malfunction occurs. A new screw press will meet the increased processing load from upstream systems and improve ZLD dewatering system reliability.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Electric - Roseville Energy Park Catalyst Upgrade

**PROJECT NUMBER** 500337  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 5120 Phillip Road

**DESCRIPTION**

The Roseville Energy Park utilizes two catalysts to reduce Carbon Monoxide (CO) and Nitric Oxide (NOx) emissions during operation. The catalysts are reaching the end of their anticipated life expectancy. Since plant construction, technological improvements in catalyst design allow for improved flow characteristics resulting in fuel savings for gas turbine operations.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Electric - Utility Billing CIS Redundancy

**PROJECT NUMBER** 500338  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

**DESCRIPTION**

The Utility Billing Customer Information System (CIS) redundancy project will be a phased approach to assess, plan, and implement high availability, disaster recovery, and business continuity planning for the City's production CIS. This project will design and implement a solution that ensures redundancy, backup planning, and failover/failback procedures that meet the City's and customer's business needs.

**OPERATING BUDGET IMPACT**

There will be minor ongoing maintenance costs associated with the completion of this project.

Construction

**PROJECT NUMBER** 290001  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

### DESCRIPTION

This multi-year project provides funding to design and construct new electric services to support residential and commercial development. The construction includes installing new 12kV underground cable, padmount switchgear and transformers in order to provide electrical service to new construction. The budget assumptions for this project are based on direct conversations with developers about their plans for future construction as well as engineering expertise. A detailed list of anticipated projects and associated budget has been developed to project the five-year budget needs. Since this work is for new construction and development, developers are billed directly for the work related to this project.

### OPERATING BUDGET IMPACT

There is no operating budget impact expected upon the completion of the project.

## Electric Relay Replacement

**PROJECT NUMBER** 400041  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

**DESCRIPTION**

This project provides funding to replace and upgrade 12 Kilovolt (kV) and 60 kV protective relays that have reached the end of their useful lives. Protective relays are used in the power delivery system to detect faults (short circuits) and operate appropriate circuit breakers to isolate faults. Replacement of these devices is critical to maintaining system reliability and protecting against equipment damage.

#### COMPLETION DATE

6/30/25

#### PROJECT STATUS

Construction

**PROJECT NUMBER** 400113  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

### DESCRIPTION

Roseville Electric faces increasing demands to provide meter data to customers to comply with new regulations and to meet increased customer expectations. Many Roseville Electric Utility customers, and especially customers with electric vehicles and solar panels, are requesting pricing options such as Time of Use (TOU) rates. A modern Advanced Metering Infrastructure (AMI) system is required to offer TOU rates to these customers. AMI would introduce two-way communication for meters, allowing remote reads and expanded interaction between the utility and its customers. An AMI system also provides customers a detailed view of their electricity usage and allows them to make changes to increase the efficient use of electricity. This project progresses from a business case, through a third-party implementation, and finishes with the AMI system being installed and operating.

### OPERATING BUDGET IMPACT

Once the project is complete, there will be various ongoing system/software maintenance and licensing fees to be funded by the Electric and Environmental Utilities operating budgets.

## Electric - Substation Security Upgrades

**PROJECT NUMBER** 500097  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

**DESCRIPTION**

The Electric Department currently maintains 18 substations and two switchyards that are an integral part of providing power to the City's electric customers. Collectively, these substations distribute and transfer 100% of the power delivered to the City's internal electric grid. This project is requested to upgrade security measures at various substation locations with technology and infrastructure that will enhance the safety and security of the facilities. Upgrades include increasing the integrity of fencing and gates as well as the installation of digitally recorded camera systems.

## Utility Billing - Customer Self-Service Web Portal and Mobile App

**PROJECT NUMBER** 500232  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

### DESCRIPTION

This Utility Customer Self-Service (CSS) Web Portal and Mobile App will replace the current CSS portal, which has to be replaced within four years, integrate the new AMI data, and add service request functions to provide an improved online customer self-service experience. This project is a three-phase project to procure and implement the solution. The first phase will be to select and procure an experienced consulting company to assist with the assessment and procurement of the Utility CSS Web Portal and Mobile App. The second phase includes selection and procurement, and the third phase is the implementation.

### OPERATING BUDGET IMPACT

Operating budget impacts include ongoing licensing and maintenance fees.

## Electric - Battery Storage Pilot Project

**PROJECT NUMBER** F10001  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Hilltop Circle

**DESCRIPTION**

This project provides funding for the installation of a padmount 500kW, four-hour battery bank that will be connected directly to the 12KV distribution system. This battery bank will help mitigate distribution system upgrades that will be necessary to provide Fleet with electric vehicle charging at the Corporation Yard. This battery bank will also have the ability to be dispatched as a generation resource, giving the City experience with the use of battery banks, which will be a large part of the electrical grid in the future.

**OPERATING BUDGET IMPACT**

Substation and line personnel will have to perform regular maintenance on the new battery bank.

## Electric Hardrock Battery Bank Addition

**PROJECT NUMBER** F10005  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 1489 Rocky Ridge Drive

**DESCRIPTION**

This project provides funding to add a second battery bank to the control building at the Hardrock substation. Batteries are critical pieces of equipment in the substation that allow the substation and protection equipment to operate as normal in the event of a power outage. Having a redundant battery bank is necessary to maintain system reliability.

**OPERATING BUDGET IMPACT**

There is minimal operating budget impact expected from the regular maintenance that will be required on the additional battery bank.

## Roseville Energy Park Gas Compressor Controls Replacement

**PROJECT NUMBER** F10013  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 5120 Phillip Road

**DESCRIPTION**

In the event of low gas pressure, the Roseville Energy Park (REP) utilizes three gas-compressing stations. The gas compressors are each independently controlled by a programmable logic controller (PLC), which is at the end of life and no longer supported. This project will upgrade the controllers to the current REP standard or equivalent.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Electric - Roseville Energy Park Water Process Upgrade

**PROJECT NUMBER** F10014  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 5120 Phillip Road

**DESCRIPTION**

Roseville Energy Park's (REP) zero liquid discharge (ZLD) plant utilizes high efficiency reverse osmosis (HERO) to process waste streams and produce pure water for the REP. This project will upgrade the existing HERO to correct existing operational constraints and ensure water production needs will be met well into the future. This project will improve plant reliability.

## Electric - Roseville Energy Park Inlet Chiller

**PROJECT NUMBER** F10015  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 5120 Phillip Road

**DESCRIPTION**

The Roseville Energy Park's (REP) two gas turbine generators currently utilize evaporative cooling in the summer to cool the air entering the engines. This project will replace the evaporative coolers with chiller systems to further reduce inlet temperatures and lower the consumption of pure water at the facility. This project will have a net benefit of an estimated 3-6MW of capacity during the summer months, which will improve plant performance.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Roseville Energy Park Zero Liquid Discharge Instrumentation Rehabilitation

**PROJECT NUMBER** F10020  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 5120 Phillip Road

**DESCRIPTION**

The Zero Liquid Discharge plant processes all of the Roseville Energy Park (REP) waste streams to recover water that is returned to the plant processes. Due to aging instrumentation and an increased need for reliable summer operations, outdated instrumentation and communications control hardware will be updated to current standards of the REP improving process reliability.

## Electric - Vernon Substation Rebuild

**PROJECT NUMBER** F10060  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 110 E Street

**DESCRIPTION**

Major equipment at the existing Vernon substation is reaching the end of life. Additionally, with increased development in downtown Roseville, it has become necessary to increase the capacity and redundancy of the substation. The rebuild of the substation will include a redundant 60kV feed and a redundant substation transformer.

**OPERATING BUDGET IMPACT**

Adding an additional 60kV feed and substation transformer will require maintenance by substation personnel.

## Electric - 60kv Circuit Breaker Replacement

**PROJECT NUMBER** F10061  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Citywide

**DESCRIPTION**

Circuit breakers are electrical equipment used to protect major system components such as 60kV power lines and 60/12kV transformers. As they begin to reach end of life, they must be replaced in advance of failure to prevent damage to other electrical equipment. This project is for the replacement of end of life 60kV circuit breakers.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

**NEW OR EXISTING**

## Electric - Roseville Park Substation

**PROJECT NUMBER** F10062  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** 6382 Phillip Rd

**DESCRIPTION**

A 200+ acre parcel in the Reason Farms area is in the early stages of the development process for consideration to be rezoned. The area under consideration for development currently has minimal electrical capacity for the project. If rezoned, it is anticipated that the project's electrical demand will exceed the capacity of the area and will require the construction of a new electric substation.

**OPERATING BUDGET IMPACT**

Adding a new sustation will require additional regular maintenance by substation personnel.

## Electric - Roseville Power Plant 2 Engine Rehab

**PROJECT NUMBER** F10064  
**CLASSIFICATION** Electric  
**DEPARTMENT** Electric Department  
**LOCATION** Roseville Power Plant 2

**DESCRIPTION**

Boreoscope inspections on the engine conducted this year showed cracking and internal engine wear approaching design limits for operation. Engine rehabilitation consists of replacing rotor and stator nozzle elements, refurbishing the turbine case, replacing worn seals, performing in depth mechanical inspections, and re-commissioning the unit to improve safety and reliability of the engine.

**OPERATING BUDGET IMPACT**

## C-63 Neighborhood Park

**PROJECT NUMBER** 500351  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** Lemonade Lane (Creekview)

**DESCRIPTION**

This project provides funding to design and construct a new 2.5-acre neighborhood park. Typical features of a neighborhood park include a children's play area, a shaded picnic area, looped pathways, among other features.

**OPERATING BUDGET IMPACT**

Upon completion, this park will be maintained via the Creekview Community Facilities District No. 2 (Public Services).

**NEW OR EXISTING**

## DF-50 Neighborhood Park

**PROJECT NUMBER** 500352  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** Brooksleigh Drive (Sierra Vista)

**DESCRIPTION**

The project funding for FY2023-24 will reimburse the developer for frontage improvements at the park edge. Future funding is for the master plan and construction of the neighborhood park. Typical neighborhood park amenities include a children's play area, a shaded group picnic area, and open grass areas, among other improvements.

**OPERATING BUDGET IMPACT**

Upon project completion, ongoing operations and maintenance costs will be paid by the Sierra Vista Community Facilities District (Public Services).

## Fiddymment Homestead

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

#### CITY COUNCIL GOAL

Deliver exceptional City services

#### START DATE

7/1/23

#### COMPLETION DATE

6/30/30

#### PROJECT STATUS

New

**PROJECT NUMBER** 500355  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** West Park Drive at Pistachio Regional Park

#### DESCRIPTION

This project provides funding to develop a visioning plan for the historic Fiddymment Homestead at Pistachio Park as a first phase. The vision would include outdoor interpretive opportunities for the existing structures preserved onsite in addition to providing ADA accessibility for a walking interpretive tour. The second phase will be to construct approved improvements.

#### OPERATING BUDGET IMPACT

Once constructed, the operations and maintenance will be a General Fund obligation.

### FUNDING OVERVIEW

## Roseville Soccer Complex

**PROJECT NUMBER** 400068  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** Westbrook Drive at Brookstone Drive

### DESCRIPTION

The Roseville Soccer Complex is a lighted ten-field complex for soccer, rugby, lacrosse, flag football, and other sports that uses a rectangular-shaped field. This premier complex will be intended to accommodate local sports groups and attract regional, state-wide, and national tournaments, thus supporting the City's economic development efforts. This project provides funding for the construction of the soccer complex.

### OPERATING BUDGET IMPACT

Upon project completion, ongoing maintenance costs will be a General Fund obligation, with expected revenue offsets from facility rentals/use.

## Denio Family Park - Parcel F-54

**PROJECT NUMBER** 400118  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** Blue Oaks Boulevard and Fiddymont Road

**DESCRIPTION**

Funding for this project is for phase one of the construction of a 95.5-acre park, of which about 47 acres is open space preserve. Approximately ten additional acres will remain untouched as they are separated by the creek and preserve boundaries. The remainder will be used to develop a disc golf course, dog park, multi-use/paved bike trails with two bridges at creek crossings, restrooms, a covered picnic area, and a parking lot.

**OPERATING BUDGET IMPACT**

During phase one, the project will incur additional maintenance costs of approximately \$13,000 funded by the General Fund.

## Weber Park Renovations

**PROJECT NUMBER** 500246  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** 320 Circuit Drive

**DESCRIPTION**

This project provides funding for the construction of the approved renovations to Weber Park per the approved master plan, which includes a looped pathway, fitness pods, an open grass area, expanded play area and the lowering of the park site to be flush with grades at Main Street. Construction is estimated to begin in Spring 2024 and be complete by Spring 2025.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project. However, this project will help maintain existing service levels and increase overall efficiencies in operating costs.

## Johnson Pool Renovations

**PROJECT NUMBER** 500298  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** 100 D Street

**DESCRIPTION**

This project provides funding for the design and construction of major upgrades for the pool facility. The project scope includes Americans with Disabilities Act (ADA) improvements for the building and grounds, interior building renovations, pool shell replacement, a zero-entry pool entrance, pool deck replacement, pool replastering, and the upgrade of the pool's mechanical system. The project budget includes American Rescue Plan Act (ARPA) funding and a \$280,000 grant award through the Community Development Block Grant Fund (2201). The \$280,000 grant was initially budgeted in the Grants Fund (2270). The FY2023-24 Budget includes an adjustment to account for this grant in the correct fund.

**OPERATING BUDGET IMPACT**

Upon project completion, ongoing maintenance costs will be paid by the General Fund.

## Pleasant Grove Stormwater Retention Facility

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

#### CITY COUNCIL GOAL

Invest in well-planned infrastructure and growth

#### START DATE

7/1/23

#### COMPLETION DATE

6/30/32

#### PROJECT STATUS

Pre-Design

**PROJECT NUMBER** 500360  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Philip Road

Funding for this mandatory mitigation project will design and construct up to approximately 3,800 acre-feet flood detention basin in the Al Johnson Wildlife Area/"Reason Farms Property" to mitigate various development projects. It is possible that the basin will become a regional facility in collaboration with Placer County and multiple developers (Memorandum of Understanding pending). The project will be constructed when enough developer fees and grant funds have been collected to fund construction.

### OPERATING BUDGET IMPACT

Preliminary estimates of long-term operation and maintenance costs associated with the construction of the basin are \$700K-\$900K per year, divided across various departments' operating budgets depending on the ultimate design. Some of these operating expenses may be offset by agreements with regional partners who opt into using the basin to mitigate their development projects.

### FUNDING OVERVIEW

## Outlets at Roseville Aquatics Complex

**PROJECT NUMBER** 500363  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** 3051 Woodcreek Oaks Boulevard

**DESCRIPTION**

This project improves the current electrical infrastructure of the Roseville Aquatics Complex. There are not enough outlets for all the electrical equipment during large events, causing the breakers to trip when multiple equipment are plugged into a circuit. Funding for FY2023-24 covers the design phase for new switchgear and transformers.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Fire Station No. 3 Dorm Restroom Improvements

**PROJECT NUMBER** 500366  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** 1300 Cirby Way

**DESCRIPTION**

The dorm restrooms at Fire Station No.3 are the original restrooms from the 1960s. The configuration does not accommodate both male and female firefighters. This project will bring the dorm restrooms to the City's current standard for fire stations, providing at least two single-use restrooms with shower facilities.

## Washington and Andora Widening

**PROJECT NUMBER** 400015  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Washington Boulevard from Sawtell to Diamond Oaks

**DESCRIPTION**

This project provides funding for widening Washington Blvd from two lanes to four lanes from Sawtell to Diamond Oaks, including widening the Andora Underpass beneath the Union Pacific Railroad tracks. Phase one of the project is complete. Phase two is currently under design, and it is expected to begin in FY2027-28, contingent on grant funding to construct the remaining improvements. Phase one improvements constructed in FY2021-22 included:

- Widening Washington Blvd from two to four lanes between Sawtell Rd and Kaseberg Dr, as well as between Diamond Oaks Rd and Pleasant Grove Blvd
- Constructing a new multi-use trail along the east side of Washington Blvd, from Pleasant Grove Blvd to All America City Blvd
- Enhancing the current bicycle and pedestrian railroad under-crossing
- Improving signalized intersections along Washington Blvd
- Installing a new traffic signal at the intersection of Washington Blvd and Kaseberg Dr

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Dry Creek Greenway East Trail Phase 1

**PROJECT NUMBER** 400022  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Darling Way/Riverside Avenue to Rocky Ridge Drive

**DESCRIPTION**

Phase 1 of the Dry Creek Greenway East multi-use trail is approximately two miles long, spanning Darling Way/Riverside Avenue to Rocky Ridge Drive. It will connect to the existing Saugstad Park Trail at Darling Way. This project provides funding for final design, environmental permits, right-of-way acquisition, construction, and construction engineering and management. The trail offers a safe, comfortable, convenient, and highly connected bike route in an area of the City that is otherwise underserved by bicycle facilities. It will connect schools and businesses to residential neighborhoods and provide regional connections as part of a planned loop trail around the greater South Placer/Sacramento area.

**OPERATING BUDGET IMPACT**

Construction of the trail will result in increased trail maintenance costs, which will be paid by Local Transportation Funds (LTF).

## Purchase of Seven New Zero Emission Commuter Buses

**PROJECT NUMBER** 500111  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

This project funds the purchase of seven zero-emission, battery-electric commuter buses to replace existing buses in the fleet that have met or exceeded their minimum useful life. Procurement activities began in FY2020-21, with award anticipated in FY2022-23, and buses delivered/accepted in FY2024-25.

**OPERATING BUDGET IMPACT**

Replacing the seven commuter buses will reduce annual fleet maintenance and fleet fueling costs.

## Dry Creek Greenway West Trail Design and Construction

**PROJECT NUMBER** 500113  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Along Dry Creek from Riverside Avenue to Cook-Riolo Road

**DESCRIPTION**

This project provides funding for the design and construction of a three-mile-long multi-use trail in the City of Roseville and unincorporated Placer County along Dry Creek from Riverside Avenue to Cook-Riolo Road. The project will provide local and regional bikeway and pedestrian connections.

**OPERATING BUDGET IMPACT**

Construction of the trail will result in increased trail maintenance needs. Local Transportation Funds (LTF) will pay for trail maintenance activities for the portion of the trail in the City of Roseville.

## Roseville Parkway Widening and Pleasant Grove Boulevard Triple Lefts

**PROJECT NUMBER** 500116  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Roseville Parkway from Creekside Ridge Drive to Gibson Drive

### DESCRIPTION

This is a two-phase project, and both phases are currently under design. Construction of Phase 1 is anticipated to begin in FY2023-24 and extend through FY2024-25. Construction of Phase 2 will occur when adequate funding is identified but it could be as soon as FY2028-29. Phase 2 is expected to cost approximately \$12 million.

Phase 1 improvements include adding a third left turn lane from southbound Pleasant Grove Boulevard onto eastbound Roseville Parkway, adding a bus turnout on Roseville Parkway between West Drive and Reserve Drive, and constructing intersection improvements at Roseville Parkway and Galleria Boulevard. Phase 2 will construct the remaining infrastructure to widen Roseville Parkway by one lane in each direction from Creekside Ridge Drive to East Gibson Drive.

### OPERATING BUDGET IMPACT

No significant operating budget impact is expected upon the project's completion.

## Dry Creek Greenway East Trail Phase 2

**PROJECT NUMBER** 500260  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Along Linda Creek from Rocky Ridge Drive to Old Auburn Road

**DESCRIPTION**

Dry Creek Greenway Bike Trail Phase 2 will construct approximately 1.5 miles of Class I bikeways that will facilitate regional trail connections to the American River Parkway, Sacramento Northern, and Miners Ravine Trails, with the ultimate goal being over 70-mile long looped system of interconnected paved trails in the Sacramento-Placer Region. This project will improve the quality of life in the City and the region by benefitting disadvantaged communities, improving safety and mobility, reducing emissions, improving air quality, providing recreation opportunities, and fostering economic development and regional tourism.

**OPERATING BUDGET IMPACT**

Upon project completion, ongoing maintenance costs will be paid by Local Transportation Funds.

## Microtransit Vehicles and Charger Purchase

**PROJECT NUMBER** 500261  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

Placer County and the City of Roseville are soliciting proposals from qualified mobility service and technology providers to develop and launch a turnkey software-as-a-service solution for deploying flexible on-demand public transit services using agency-owned vehicles and agency drivers. Funding for this project is for four electric transit vans and one charger to be installed at Roseville's charging depot, which is under construction. Electric vans have been shown at other microtransit programs within the State of California to appeal to riders and ultimately ensure a successful program.

**OPERATING BUDGET IMPACT**

Upon project completion, ongoing maintenance and fuel costs will be paid through Local Transportation Funds (LTF) and/or Federal Transit Administration (FTA) funds.

## Traffic Signal and Roadway Improvements for Roseville Soccer Complex

**PROJECT NUMBER** 500317  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Intersections near Roseville Soccer Complex

### DESCRIPTION

This project includes the installation of ultimate traffic signal and roadway improvements at the intersections of Blue Oaks Boulevard and Westbrook Boulevard, Blue Oaks Boulevard and Hayden Parkway, Westbrook Boulevard and Brookstone Drive (N), and Westbrook Boulevard and Brookstone Drive (S) to accommodate planned construction of the Roseville Soccer Complex project (400068) east of Westbrook Boulevard. The project will provide left-turn lanes off Westbrook Boulevard onto the Roseville Soccer Complex and traffic signal improvements serving the property. The traffic study for the Roseville Soccer Complex project requires these improvements to be complete for the opening of the Soccer Complex.

### OPERATING BUDGET IMPACT

Four new signals and roadway improvements will require cost increases in signal and roadway maintenance. Costs are not anticipated to exceed the planned increases in operating budgets.

## South Placer County Express Bus Service - Capital

**PROJECT NUMBER** 700029  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Lincoln through Roseville to Watt I-80

**DESCRIPTION**

This capital project funds the procurement of five new 40' battery-electric buses, three depot chargers, and two on-route chargers. This rolling stock and capital equipment are for the South Placer County Transit Project that will provide express bus service on a pilot basis. A separate project is established to plan, implement, and operate the service.

**OPERATING BUDGET IMPACT**

Grants and other funds will support operating expenses under a separate project during the three-year pilot period. This project will not have an impact on the General Fund during the pilot years or future years.

## Creekview Traffic Signals

**PROJECT NUMBER** F10050  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Creekview Specific Plan

**DESCRIPTION**  
 This project provides funding to install new traffic signals in the Creekview Specific Plan Area.

### OPERATING BUDGET IMPACT

The additional staff and budget needed to maintain new traffic signals have been estimated for the City's ultimate buildout of all planned traffic signals. No unplanned operating budget impacts are expected upon installing the Creekview Specific Plan traffic signals.

## Compressed Natural Gas Retrofit Upgrade

### NEW OR EXISTING

New Project

### PRIORITY & TIMELINE

#### CITY COUNCIL GOAL

Invest in well-planned infrastructure and growth

#### START DATE

7/1/23

#### COMPLETION DATE

6/30/25

#### PROJECT STATUS

New

**PROJECT NUMBER** 500339  
**CLASSIFICATION** Waste Services  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Fleet Services Maintenance Shop - 2055 Hilltop Circle

#### DESCRIPTION

This project provides funding for a retrofit of the Fleet Services Maintenance Shop. The retrofit will upgrade portions of the infrastructure to comply with all applicable requirements for the maintenance and repair of compressed natural gas (CNG) vehicles.

#### OPERATING BUDGET IMPACT

There is no operating budget impact expected upon the completion of the project.

### FUNDING OVERVIEW

Prior Years Actuals as of June 30, 2022	Available Resources as of the FY2022-23 Amended Budget	Five Year Plan	Total Project Funding

## CNG Fueling Station Upgrades

**PROJECT NUMBER** 500095  
**CLASSIFICATION** Waste Services  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Corp Yard - 2025 Hilltop Circle

**DESCRIPTION**

This project funds the upgrade of the compressed natural gas (CNG) fueling station to meet current code regulations and replace equipment past usable life. The project will provide fueling redundancy for the Solid Waste Services CNG fleet.

**NEW OR EXISTING**

Existing Project

**PRIORITY & TIMELINE**

**CITY COUNCIL GOAL**

Invest in well-planned infrastructure and growth

**START DATE**

5/1/20

**COMPLETION DATE**

6/30/24

**PROJECT STATUS**

Construction

**OPERATING BUDGET IMPACT**

The operational budget will be reduced as this facility will no longer serve as the primary CNG fueling facility, which is located at the Pleasant Grove Waste Water Treatment Plant (PGWWTP).

**FUNDING OVERVIEW**

## Backflow Program Technology Project

**PROJECT NUMBER** 500346  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

The State Water Resources Control Board is updating requirements for public water systems related to cross-connection control and backflow prevention. The Water Utility is updating program protocols and operations to ensure the City meets the updated requirements, which include hazard assessments, backflow asset tracking, regular inspection, incident response, and customer contact, among other items. This project will integrate the City's Maximo and Cayenta systems related to backflow and move backflow billing and payment compliance from the current manual processes to Cayenta.

**OPERATING BUDGET IMPACT**

Overall, the project is expected to provide operational efficiencies--the estimated cost impact is less than \$25,000 over five years, with revenue generation of more than \$500,000.

## Hydrant Program Technology Project

**PROJECT NUMBER** 500349  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

This project provides funding to move the hydrant billing program from a manual process to a fully integrated process with the City's Maximo, Cayenta, and Accela systems. This will create operational efficiencies, ensure accurate and timely billing, and enhance customer service.

**OPERATING BUDGET IMPACT**

Overall, the project is expected to provide operational efficiencies--the estimated cost impact is less than \$25,000 over five years with revenue generation of more than \$75,000.

## Advanced Metering Infrastructure Project

**PROJECT NUMBER** 400099  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

### DESCRIPTION

Environmental Utilities is facing increased demands to provide enhanced meter data to customers to comply with new water efficiency measures and to meet increased customer expectations. An Advanced Metering Infrastructure (AMI) system is required to offer better meter data to customers. AMI would introduce two-way communication for meters allowing remote reads and improved interaction between the utility and its customers. An AMI system also provides customers with a detailed view of their water usage, enabling them to make changes to increase their water efficiency. Finally, an AMI system expands system reliability by enhancing demand management and capital efficiencies. This project progresses from a business case through a third-party implementation and finishes with the installed and operating AMI system.

### OPERATING BUDGET IMPACT

Once the project is complete, there will be various ongoing system/software maintenance and licensing fees to be funded by the Electric and Environmental Utilities operating budgets.

## Water Treatment Plant Two Million Gallon Tank Rehabilitation

**PROJECT NUMBER** 400102  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** 9595 Barton Road, Granite Bay

**DESCRIPTION**

This project provides funds for the rehabilitation of the two million gallon steel tank at the Barton Road Water Treatment Plant. The scope of the project includes refurbishing the interior and exterior, applying a protective coating, and constructing seismic stabilization components. Replacing the tank is the second option if it is found to be more cost-effective.

**OPERATING BUDGET IMPACT**

The completion of this project will result in operational savings from lower maintenance costs.

## Cooperative Potable Water Transmission Infrastructure

**PROJECT NUMBER** 500147  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

This project provides funding for the planning, design, and construction of additional potable water conveyance infrastructure to support reliable water supply delivery to the City of Roseville customers. The project is anticipated to be a joint effort between the City and the Placer County Water Agency (PCWA).

**OPERATING BUDGET IMPACT**

Large transmission mains are inspected on a 10 to 15-year cycle. The Water Utility's operations and maintenance program will set aside funds annually when required.

## Water Security and Resiliency Improvements

**PROJECT NUMBER** 500150  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

This project provides funding to implement water utility security measures identified by the risk and resiliency assessment completed in March 2020. Recommended security measures include improved emergency preparedness through training, improved security, enhanced priority list coordination through PG&E and other utility companies, improved miscellaneous security, and upgraded lighting and access control.

**OPERATING BUDGET IMPACT**

Ongoing operational budget impacts will be determined based on the results of the assessment.

#### PROJECT STATUS

Procurement, Contracting

**PROJECT NUMBER** 500315  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

#### DESCRIPTION

This project provides funding for the construction of two potable water wells with aquifer storage and recovery (ASR) facilities based on recommendations from the Groundwater Strategic Plan.

#### OPERATING BUDGET IMPACT

Additional Environmental Utilities Water Distribution staff time will be necessary to maintain and operate the wells.

# Non-Capital Multi-Year Projects Overview

## Non-Capital Multi-Year Projects Overview

The City of Roseville's Non-Capital Multi-Year Projects section includes projects crossing multiple fiscal years related to maintenance work performed on a routine basis for facilities, bike trails, open space and roadways, equipment maintenance and repairs, technology improvements not reaching the capitalization threshold, systems assessments and evaluations, and operating grants.

The total five-year budget estimate for Non-Capital Multi-Year Projects is \$34.7 million, of which \$18.3 million is the funding request for FY2023-24. The current year's budget request represents a \$4 million increase from the prior year. The areas of growth for Non-Capital Multi-Year Projects in FY2023-24 include General Government (\$2.5 million), Environmental Utilities (\$1.5 million), and Public Works (\$0.7 million). The budget request from the Parks, Recreation & Libraries Department decreased by \$0.5 million compared to the prior year. For forecasting purposes, this year's Non-Capital Multi-Year Projects include projects for which funding is yet to be identified. The project page presents these projects with a "TBD - To Be Determined" funding source. The total funding to be determined for the Five-Year plan is \$2.7 million.

The Non-Capital Projects presented in detail in this section are only those projects that are requesting new budget approval in the current or the coming budget years. Projects planned to start in future years have been identified as forecasted projects on the summary page of each CIP

classification as applicable. Since budgets are approved on a total project basis, any unspent funds at the end of the fiscal year are carried forward automatically into the following year's budget. Existing projects with unspent budgets are listed in the existing projects section on the summary page of each Non-Capital Multi-Year Projects classification.

Non-Capital Projects budget sheets display general project information and include department, location, description, operating budget impact, the City Council Goal associated with the project, and a summary timeline. The funding overview section of each project budget sheet summarizes the project's financial information, and the FY2023-24 and five-year plan section provides project cost estimates by funding source for the City of Roseville's Non-Capital Projects for FY2023-24 through FY2027-28. In limited instances, the summary tables and individual project pages show lower available resources and actual expenditures/expenses from prior years than those actually incurred due to funds that have been closed and non-city funding sources.

Projects are classified as follows: Citywide Technology; General Government; Parks, Recreation & Libraries; Public Safety; Public Works; Waste Services; Wastewater; and Water.

The table titled "Non-Capital Multi-Year Projects Summary: FY2023-24 through FY2027-28" is a high-level view of the total project expenditures in each category over the next five years.

## Citywide Traffic Model Update

**PROJECT NUMBER** 400189  
**CLASSIFICATION** General Government  
**DEPARTMENT** Development Services Department  
**LOCATION** Citywide

**DESCRIPTION**

The Citywide Traffic Model identifies the transportation improvements needed to service the future demands of the roadway system. This project funds the ongoing model, land use, and project updates for the Citywide Traffic Model. This project also helps to maintain a project account, fee tracking, and fee updates.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of this project.

## General Plan Update

**PROJECT NUMBER** 500325  
**CLASSIFICATION** General Government  
**DEPARTMENT** Development Services Department  
**LOCATION** Citywide

**DESCRIPTION**

This project is to accumulate funds for the next City General Plan Update. The General Plan is a fundamental tool in guiding the City through change and growth. It addresses the physical development of the City and, when used together with a larger body of City Council policies, provides direction for decision-making on City services and resources. It is both a long-range and a strategic planning document, containing long-term goals and policies for the next 20 to 30 years. The City is required to regularly update its General Plan and to keep the General Plan in compliance with State law. The next General Plan Update is anticipated in approximately ten years. Funding for this project will come from a General Plan Update Permit Fee that was approved in FY2015-16.

**OPERATING BUDGET IMPACT**

There is no operating budget impact, this project is fully funded by General Fund Update Fee Revenue.

## Permanent Local Housing Allocation Grant

**PROJECT NUMBER** 700031  
**CLASSIFICATION** General Government  
**DEPARTMENT** Economic Development Department  
**LOCATION** Citywide

**DESCRIPTION**

The City of Roseville and Rocklin Permanent Local Housing Allocation Grant (State funds) support the Homeless Prevention and Rapid Rehousing program. The program serves low-income residents by funding navigation centers that help prevent homelessness by maintaining permanent housing, placing residents into temporary housing or treatment facilities, and permanently housing homeless residents. Local non-profit organizations apply for funding annually to support the following programs: emergency rental assistance, eviction prevention, utility assistance, housing placements, food assistance, mental health assessments, and job search assistance. In addition to State funding, the Low and Moderate Income Housing Fund will provide \$250,000 annually through FY2025-26 to support these programs.

**OPERATING BUDGET IMPACT**

The Permanent Local Housing Allocation Grant funds five percent of allowable administration costs.

### NEW OR EXISTING

Existing Project

### PRIORITY & TIMELINE

#### CITY COUNCIL GOAL

Maintain a safe and healthy community

#### START DATE

11/2/22

#### COMPLETION DATE

6/30/29

#### PROJECT STATUS

Operation

**PROJECT NUMBER** 700040  
**CLASSIFICATION** General Government  
**DEPARTMENT** Housing  
**LOCATION** Citywide

#### DESCRIPTION

This project will provide funds for the construction of affordable housing projects throughout the City. Funding is provided by an award from California's Housing & Community Development Local Housing Trust Fund with matching funds from the City of Roseville's Housing Trust Fund.

#### OPERATING BUDGET IMPACT

There is no operating budget impact expected upon the completion of the project.

## Basketball Court Replacement

**PROJECT NUMBER** 500383  
**CLASSIFICATION** Parks, Recreation & Libraries  
**DEPARTMENT** Parks, Recreation & Libraries  
**LOCATION** Woodbridge, Maidu, Hillsborough, and Elliott Parks

**DESCRIPTION**  
 This project will allow for pavement replacement of the basketball courts at four parks (Woodbridge, Maidu, Hillsborough, and Elliott Parks). The current paving has structural cracks. Pavement replacement will ensure user safety.

**OPERATING BUDGET IMPACT**  
 There is no operating budget impact expected upon the completion of the project. However, this project will help maintain existing service levels and create greater efficiencies.

# Non-Capital Multi-Year Projects

## Traffic Operations Center Rehabilitation Project

**PROJECT NUMBER** 500356  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** 311 Vernon Street

**DESCRIPTION**

The City's Traffic Operation Center (TOC) is a badge-secured space for up to seven (7) traffic operation staff. It includes a video wall comprised of fifteen (15) monitors, connected to the City's approx 190 traffic signals and 300 closed circuit television (CCTV) camera systems with the backbone of an extensive communications network, from which staff are capable of monitoring and managing various components of the City's transportation system. Several video wall replacement parts are no longer manufactured and there are no compatible replacements. Each monitor on the video wall has its own controller and the system is connected such that failure of any components of the video wall (tuners, speakers, control panel, monitor, etc) will cause a loss of part of the system. This project will replace the video wall components with more modern equipment, for which compatible replacements exist.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Storm Drain Outfall Repairs

**PROJECT NUMBER** 500358  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

There are several storm drain outfalls (into creeks) that have been identified as in need of various repairs. This project provides funding for repairs that, depending upon the location, include erosion repair due to headwall undermining up to full replacement/reconstruction of headwalls. Locations include the vicinities of Coloma Way into Cirby Creek and behind West Colonial Parkway and Lora Way into Linda Creek.

**OPERATING BUDGET IMPACT**

Completion of repairs will improve efficiencies for staff who monitor drainage throughout the city. There will be no impact on operating budgets.

## Regulatory Floodplain Completion and Documentation Project

**PROJECT NUMBER** 500359  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

This project will identify all delineated floodplain linework for each specific plan area, identify all hydrologic and hydraulic models prepared to support development, establish criteria for floodplain mapping and evaluate and rectify elements out of compliance, complete modeling where gaps are found, document the basis for the City Regulatory Floodplain and compile the confirmed mapping into GeoViewer. This project will ensure there is no inadvertent development within the floodplain, where no property is delineated, and reduce any potential for violation of various program requirements.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Los Cerritos Roseville Heights Residential Resurfacing

**PROJECT NUMBER** 500361  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Los Cerritos and Roseville Heights Neighborhoods

**DESCRIPTION**

This project provides funding for the residential resurfacing of neighborhood streets within the Los Cerritos and Roseville Heights areas. It also includes upgrades to storm drain inlets, lateral pipes, and curb and gutter repairs.

**OPERATING BUDGET IMPACT**

Resurfacing these residential roadways will reduce the need for frequent spot repairs by the City's Streets Maintenance Division.

## Fleet Facility Rehabilitation

**PROJECT NUMBER** 500401  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** 2055 Hilltop Circle

**DESCRIPTION**

The following rehabilitation is required at Fleet facilities:

- Replacement of lighting fixtures that have reached the end of their useful life with new LED lighting to reduce energy usage and maintenance costs. (\$85,000)
- Motors on the large roll-up doors have reached the end of useful life and are recommended for replacement. (\$80,000)
- Fleet has requested a covered outdoor area adjacent to the garage building for technicians to work on CNG vehicles without requiring additional ventilation. The recommended funds will be used to design, permit, and purchase a new shade sail. (\$50,000)
- The HVAC unit in the parts room and supervisor's office has reached the end of its useful life and is recommended for replacement. (\$26,400)

## Multi-Hazard Plan Update

**PROJECT NUMBER** 400029  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

This project funds the annual update of the City's Multi-Hazard Mitigation Plan. In order to be eligible to obtain grant funding from FEMA and maintain our CRS Class 1 rating, the City must perform an annual Multi-Hazard Plan review and a five-year "major" update. The budget requested covers annual and "major" updates. Completing annual and major five-year updates to the Multi-Hazard Plan assists with identifying mitigation projects that are generally completed within existing operating budgets. In the case that an annual plan or major update identifies a project that an existing operating budget cannot absorb, there may be a need to increase a specific department's operating budget to continually mitigate for something specific, create a new capital improvement project, or request a one-time increase, depending on the project.

**OPERATING BUDGET IMPACT**

Identifying projects within the Multi-Hazard Plan assists with finding and procuring grant funding, limiting impacts on operating budgets.

## Storm Drain Repair Project

**PROJECT NUMBER** 500259  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Various

**DESCRIPTION**

This project provides funding to repair or replace aging storm drain pipeline infrastructure near Denio's Farmers Market, at Royer Park, and Stoney Point Way. In each area, aging pipelines are contributing to some degree of system failure. A storm drain improvement is also planned within the Crestmont neighborhood; this work involves the installation of a new diversion storm drain pipeline on Piedmont Way to reduce down-system flows. Staff intends to capitalize on economies of scale for design and construction by packaging all the repairs into one project.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

#### PROJECT STATUS

Planning

**PROJECT NUMBER** 500263  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide Trails

### DESCRIPTION

This project provides funding to crack seal, resurface and restripe multi-use trails per trail maintenance schedule. Trail resurfacing extends the useful life of the asphalt, providing a smooth surface for safer public use of the trails. Funds requested in FY2022-23 will cover the planning phase, and the resurfacing work will begin in FY2023-24.

### OPERATING BUDGET IMPACT

Resurfacing the trails extends the useful life of the asphalt and avoids costly trail reconstruction.

**PROJECT NUMBER** 500264  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

#### DESCRIPTION

This project will identify the bike and pedestrian bridges in the City that need repainting and repair to maintain these valuable assets and make the trails a safer and more welcoming place for users from across the region.

#### OPERATING BUDGET IMPACT

There is no operating budget impact expected upon the completion of the project.

## South Placer County Express Bus Service - Operating

**PROJECT NUMBER** 700030  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Lincoln through Roseville to Watt I-80

**DESCRIPTION**

This project provides funding for planning, implementing, and operating the South Placer County Express Bus Service, which will provide fixed-route bus service on a pilot basis. The service will begin in the City of Lincoln and continue along the Highway 65 corridor with stops at the Galleria Mall, Sutter Hospital, and Kaiser Hospital, terminating at the Watt/I-80 light rail station where passengers can travel to and from downtown Sacramento, the Railyards, and other key destinations within the Sacramento region.

**OPERATING BUDGET IMPACT**

Grants and other funds will support operating expenses during the three-year pilot period. After satisfactory completion of the pilot period and grant close-out, the project will be closed. If the project is successful, additional funding will be identified to continue operations. General Fund resources will not be used for the operating budget during the pilot years or future years.

## Highway Bike-Ped Overcrossings Study

**PROJECT NUMBER** F10054  
**CLASSIFICATION** Public Works  
**DEPARTMENT** Public Works  
**LOCATION** Citywide

**DESCRIPTION**

This project funds a study focusing on the feasibility of constructing bike-pedestrian crossings over Highways 65 and I-80 in the City. Highway overpasses typically are not friendly to those using alternative modes of transportation. The purpose of constructing these types of bike-ped overcrossings is to reduce transportation fatalities and severe injuries on public roads, making it safer for all to travel.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the study.

## Wastewater Industrial Pretreatment Program Update

**PROJECT NUMBER** 500342  
**CLASSIFICATION** Wastewater  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

The current industrial pretreatment program was created and approved by the Environmental Protection Agency (EPA) in the mid-1980s and covers the entire South Placer Wastewater Authority (SPWA) service area. This update will focus on maintaining compliance and proper funding for oversight of commercial and industrial dischargers as required by the EPA.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Water Treatment Plant Motor Control Center Replacements

**PROJECT NUMBER** 500350  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Water Treatment Plant, 9595 Barton Road, Granite Bay

**DESCRIPTION**

This project provides funding to replace the existing electrical equipment and filter gallery motor control centers at the Barton Road Water Treatment Plant. During a recent condition assessment, this equipment was identified as being at the end of its useful life, obsolete due to unavailable spares, no longer supported, and a safety concern due to age.

## SMUD Water Recharge

**PROJECT NUMBER** 500015  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

This project covers the cost of implementing the approved water transfers (original and extensions) from the Sacramento Municipal Utilities District (SMUD) to the City of Roseville for up to 6,000 acre-feet of water per year. It includes initial funding for 1,000 acre-feet of water purchased from SMUD each year to further test and develop Roseville's Aquifer Storage and Recovery (ASR) groundwater system injection capacity. As more ASR wells are constructed, the annual amount of water scheduled to transfer from SMUD may increase, leading to future adjustments to this budget.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

## Water Distribution Sites Programmable Logic Controllers Rehabilitation

**PROJECT NUMBER** F10071  
**CLASSIFICATION** Water  
**DEPARTMENT** Environmental Utilities Department  
**LOCATION** Citywide

**DESCRIPTION**

This project provides funding to upgrade water distribution sites' programmable logic controllers (PLCs). The existing controllers are reaching the end of their useful life, no longer being supported by the manufacturer, and it is becoming challenging to find replacement parts.

**OPERATING BUDGET IMPACT**

There is no operating budget impact expected upon the completion of the project.

# Debt Management Details

## Interfund Loans:

Youth Development Fund obligation to Fleet Replacement Fund

Funding for Adventure Club school site(s)/portable(s).

*Maturity date of 6/30/2047*

Diamond Oaks Golf Course obligation to Fleet Replacement Fund

Funding for renovations of the Diamond Oaks Golf Course.

*Maturity date of 6/30/2036*

Woodcreek Golf Course obligation to Fleet Replacement Fund

Funding for the construction of the Woodcreek Golf Course club house.

*Maturity date of 6/30/2037*

Successor Agency to the RDA Fund obligation to General Fund

Funding for Vernon Street streetscape improvements.

Funding for county school district pass-through payment.

*Maturity date of 6/30/2036*

Successor Agency to the RDA Fund obligation to Strategic Improvement Fund

Funding for the façade and landscape renovations for the Automall wall.

Funding for the startup of the RCDC.

Funding for Riverside Avenue infrastructure and streetscape enhancement project. Provided funding for significant improvements.

Funding for the acquisition of property located at 238 Vernon Street (JCPenney Building) to create a viable development site in Downtown.

*Maturity dates of 6/30/2026 - 6/30/2040*

Successor Agency to the RDA Fund obligation to Low & Moderate Income Fund

Loan for 20% of all Successor Loans obligations to the Low & Moderate Income Fund per AB1484 Section 34191.4(C).

*Maturity date of 1/31/2026*

Water Operations Fund obligation to Water Construction Fund

Funding for Advanced Metering Project.

*Maturity date of 6/30/2030*

Public Facilities Fund obligation to Fleet Replacement Fund

Funding of design and construction for second Downtown parking garage (Vernon Street and Oak Street).

*Maturity date of 6/30/2035*

Public Facilities Fund obligation to Strategic Improvement Fund

Funding of the 316 Vernon Building Project.

*Maturity date of 6/30/2027*

Downtown Parking Fund obligation to Strategic Improvement Fund

Funding of a portion of the Oak Street parking garage.

*Maturity date of 6/30/2028*

# Debt Management Details

Citywide Park Fund obligation to Fleet Replacement Fund

Funding for the Harry Crabb Park project.

*Maturity date of 6/30/2026*

Fire Facilities Fund obligation to General Fund Capital Reserve Fund

Funding for Fire Station No. 8 to augment the currently available balance in the Fire Facilities Fund.

*Maturity Date of 06/30/2028*

Traffic Mitigation Fund obligation to General Fund Capital Reserve Fund

Funding for the construction of the Soccer Complex traffic signals.

*Maturity Date of 06/30/4042*

## Loan:

State Revolving Fund Loan

Funding for the Pleasant Grove Wastewater Treatment Plant Expansion and Energy Recovery projects.

South Placer Wastewater Authority is obligated to provide the funding to service the debt for this loan.

*Maturity date of 7/03/2053*

## Revenue Bonds:

Roseville Natural Gas Financing Authority Gas Revenue Bonds, Series 2007

Funding the prepayment of about 46 billion cubic feet of natural gas that Merrill Lynch Commodities will supply over 20 years. The gas delivered is used in the Roseville Energy Park. The bonds are fixed rate.

*Maturity date of 2/15/2028*

Electric System Revenue Refunding Bonds, Series 2017A

Partial refunding of the 2009 Certificates of Participation and the 2010 Electric Refunding Bonds. The original issues were to finance certain improvements to the City's electric system and the Roseville Energy Park. The bonds are fixed rate.

*Maturity date of 2/01/2037*

Electric System Revenue Refunding Bonds, Series 2020

Refunding of the 2014 Electric Refunding Bonds and partial refunding of the 2014 Certificates of Participation. The original issues were to finance and refinance improvements to the City's electric system.

*Maturity date of 2/01/2034*

South Placer Wastewater Authority (SPWA) Wastewater Revenue Refunding Bonds, Series 2020 (64.57% City Share)

Refunding the 2013 SPWA Series bonds. The original issue was to fund the construction of the Pleasant Grove Wastewater Treatment plant and smaller related projects. The SPWA member agencies are responsible for the repayment of all revenue bonds. The City anticipates its regional wastewater connection fees paid to SPWA will cover the City's 64.57 percent share of the revenue bond debt service obligation.

*Maturity date of 11/01/2035*

South Placer Wastewater Authority (SPWA) Wastewater Revenue Refunding Bonds, Series 2017 (64.57% City Share)

Refunding of the SPWA Series 2014 Revenue Bonds, partial refunding of the SPWA Series 2011C Revenue Bonds, and new funding for the Wastewater Treatment Plant Expansion project. The SPWA member agencies

# Debt Management Details

are responsible for the repayment of all revenue bonds. The City anticipates its regional wastewater connection fees paid to SPWA will cover the City's 64.57 percent share of the revenue bond debt service obligation.

*Maturity date of 11/01/2037*

## Certificates of Participation:

### Electric System Revenue Refunding Certificates of Participation, Series 2004

Financing certain improvements to the City's electric system. The capital improvements include: construction of two new substations, 60KV line extensions, overhead to underground system conversions, and substation expansion and upgrades. The bonds are fixed rate. The 2004 bonds were partially refunded in 2014, leaving a principal amount of \$5,000.

*Maturity date of 2/01/2034*

### Public Facilities Refunding Certificates of Participation, Series 2013

Refunding the 2003 Public Facility and Golf Course bonds. The original issue was to finance the construction of the City's Corporation Yard and construction of the Woodcreek Oaks Golf Course Club House. The bonds are fixed rate.

*Maturity date of 8/01/2023 (Golf Course)*

*Maturity date of 8/01/2025 (Public Facilities)*

### Water Utility Revenue Certificates of Participation, Series 2015

Refunding the 2007 water bonds and use a portion of the net proceeds to finance the acquisition and/or construction of certain capital improvements and additions to the City's water utility system. The 2015 water bonds included a new money component to assist in the construction of certain capital improvements and additions to the City's water utility system. The bonds are fixed rate.

*Maturity date of 12/01/2029*

### Certificates of Participation, Series 2015 (316 Vernon Street Project)

Completing the infrastructure component of the 316 Vernon Street mixed-use City building. Annual debt service payments will be covered from the lease revenues as well as contributions from the Public Facilities and Strategic Improvement Fund. The bonds are fixed rate.

*Maturity date of 8/01/2045*

## Tax Allocation Bonds:

### Successor Agency to the Redevelopment Agency of the City of Roseville Tax Allocation Refunding Bonds, Series 2014

Refunding the 2002 RDA bonds. The original issue was to finance various capital improvement projects, including the renovation of the Tower Theater, the Civic Plaza Parking Garage and the streetscape projects for Riverside Avenue and Historic Old Town.

*Maturity date of 9/01/2033*

### Successor Agency to the Redevelopment Agency of the City of Roseville Tax Allocation Refunding Bonds, Series 2016-T

Refunding the 2006A, 2006A-T and the 2006H-T RDA bonds. The original 2006A issue was to complete the Downtown Roseville infrastructure designing and the engineering of public improvements identified in the Downtown Vision. The original 2006A-T issue was to establish a low interest rate revolving loan fund for private property improvements; incentivizing for private projects such as fee subsidies or waivers. The original 2006H-T issue was to develop and sell a mixed use development project and provide down payment assistance to first time homebuyers.

*Maturity date of 9/01/2040*

# Glossary of Budget Terms

Appropriation:	Legal authorization to make expenditures and incur obligations for specific purposes.
Budgetary Basis of Accounting:	Budgetary basis of accounting refers to the timing of when revenues and expenditures are recognized in the accounts and reported. In accordance with GAAP (Generally Accepted Accounting Principles), the City budgets for all governmental funds using the modified accrual basis of accounting, with the exception of interfund loan disbursements and repayments, which are budgeted as expenditures and revenue. Governmental fund revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within 120 days after year-end, with the exception of sales taxes and property taxes, which are considered available if collected within 60 days after year-end. Proprietary and fiduciary funds are budgeted using the modified accrual basis of accounting for expenses, with the exception of interfund loan transactions, which are budgeted as expenditures and revenue, and the full accrual basis of accounting for revenues. Proprietary and fiduciary fund revenues are recorded when earned regardless of when the cash flows occur.
Capital Improvement Projects (CIP):	Expenditures related to the acquisition, design, construction or expansion of an element of the City's infrastructure (physical capital assets such as streets, public buildings, public services infrastructure, and parks, as well as equipment and technology infrastructure).
Non-Capital Multi-Year Projects:	Expenditures related to maintenance work performed on a routine basis for facilities, bike trails, open space and roadways; equipment maintenance and repairs; technology improvements not reaching the capitalization threshold; plans, models and fee updates; systems assessments and evaluations; and operating grants.
Capital Project Fund:	A fund used to account for financial resources for the acquisition or construction of major capital facilities, which are separate from ongoing operating activities.
Capital Outlays:	Expenditures which result in acquisitions of, or additions to, capital assets; includes expenditures for furniture, vehicles, and all types of machinery and equipment, including all costs necessary to place the capital outlay item into service. In order to qualify as a capital outlay expenditure, it must: <ol style="list-style-type: none"><li>1. have an estimated useful life of more than one year;</li><li>2. have a unit cost of more than \$5,000; and represent a betterment or improvement.</li></ol>
Department:	Major unit of organization in City government comprised of sub-units named divisions.
Division:	Major sub-unit of a department represented in the financial system by a Cost Center.
Enterprise Fund:	A fund that provides goods or services to the public for a fee or charge that makes the entity self-supporting.
Fiscal Year:	Twelve-month period to which the operating budget applies. The twelve-month period begins on July 1st and ends on June 30th.

# Glossary of Budget Terms

Fund:	Fiscal entity with revenue and expenses which are segregated for the purpose of carrying out a specific purpose or activity. The major funds for financial reporting are the General, Electric, Water, Wastewater, and Waste Services funds.
General Fund:	The primary operating fund of the City used to account for all financial resources except those required to be accounted for in another fund.
Indirect Allocations:	<p>The City uses the indirect cost allocation process to allocate departmental costs from the General Fund to all funds that receive benefit from the services that the General Fund departments provide. The City uses a consulting firm, which specializes in indirect cost studies to prepare the indirect cost allocation plan. The plan is based on the most current budget information available at the time the study is completed typically six months prior to the adoption of a new budget. The consulting firm interviews staff from the General Fund departments that provide services to other departments. Cost allocation drivers are confirmed during the interview process and budget data is provided to the consultant. The budget data used in the study excludes reimbursed expenses. Examples of reimbursed expenditures are Capital Improvement Projects and secondary labor that is direct charged from one fund to another. The consultant provides a comprehensive study that is provided to all departments for review and comment. Staff has an opportunity to comment on the plan and to correct any errors.</p> <p>Internal service funds used by the City directly charge costs of service to funds and departments receiving the service; therefore, the only fund that uses the indirect method of allocating costs is the General Fund.</p> <p>Indirect cost charges are budgeted in the fund that is paying for the service and reduces the expenditures of the departments providing the services. The purpose is to ensure that the General Fund is reimbursed for the services that it is providing throughout the City.</p>
Internal Service Fund:	A fund established to finance and account for services and supplies furnished by a designated department to other departments within the City. Examples of the City's Internal Service Funds include the Fleet Services Fund, the Fleet Replacement Fund, the Information Technology Operations Fund, the Facility Services Fund, and Workers Compensation Fund. Costs from these funds are directly charged to those funds and departments receiving the benefits of the services provided.
Materials, Supplies, and Services:	Materials and supplies are expendable items having a unit cost of less than \$5,000 or, which by their nature, can be consumed during the course of the fiscal year. Examples are paper, writing instruments, ink cartridges, safety and protective gear, and small tools that are not capital in nature. Services may be performed by outside firms, individuals, or City departments and may include consulting services, subscriptions and memberships, advertising, training and development, office equipment maintenance, insurance, and utilities (including those utilities provided by City departments).
Cost Center:	A sub-unit of a division.
Performance Measures/ Workload Measures:	Indicators which are used to assess a department's progress toward achieving stated goals and strategies and level of work performed.

# Glossary of Budget Terms

Permanent Fund:	A fund used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support or benefit the government or its citizens.
Reimbursed Expenditures:	Accounting adjustments that credit a budget expenditure, thus serving to reduce the total expenditures of a program. Reimbursements generally result from expenditures chargeable to other programs, such as work performed by one department or division for another. The allocation of indirect costs is budgeted as reimbursed expenditures.
Revenue:	Income, including transfers and excluding proceeds from the sale of bonds and notes, for the fiscal year. The major categories of revenue include local taxes, state shared revenues, charges for current services, public utility sales, federal revenue sharing, and licenses and permits.
Salaries, Wages, and Benefits:	Compensation paid to employees of the City, and the employee benefits costs, such as the City's contributions for retirement, deferred compensation, group insurance, uniform allowance, and workers' compensation insurance. Also included is compensation paid to elected officials as provided by the City Charter. It does not include fees for professional and other services obtained on a contractual basis.
Special Revenue Fund:	A fund that is used to account for the proceeds of a specific revenue source that is restricted or committed to expenditure for specified purposes other than debt service or capital projects.
Trust Fund:	A fund that is restricted for specific programs and purposes in accordance with a statute that designates the fund as a trust.
Private Purpose Trust Fund:	A fund that accounts for other trust arrangements under which the principal and income benefit individuals, private organizations, or other governments.
