HOME OCCUPATION CLEARANCE FORM

Requests for Home Occupations that comply with the standards identified in Zoning Ordinance Section 19.42 are permitted nonresidential activities in residential zones. Requests for Home Occupations are reviewed by the Planning Division for compliance with the Home Occupation standards outlined in the Zoning Ordinance, as listed below.

A Home Occupation is an accessory, nonresidential business activity carried on within a dwelling by its inhabitants, incidental to the residential use of the dwelling, that does not change the character of the surrounding residential area by generating more traffic, noise or storage of material than would normally be expected in a residential zone.

The conduct of a home occupation shall be subject to the following conditions and criteria:

- A. Number.** More than one (1) Home Occupation may be permitted in a dwelling so long as the maximum cumulative impact of all such businesses shall not exceed the impact of a single Home Occupation.
- B. All Activities Indoors.** All Home Occupation activities shall occur within the dwelling or accessory structures. No Home Occupation activity shall occur outside at any time, nor shall any equipment or material relating to the Home Occupation be parked or stored outside the residence at any time.
- C. Customers.** Personal contact with customers at the residence is prohibited except when authorized by the Approving Authority through approval of an Administrative Permit. Instruction based Home Occupations may receive one (1) student/customer at a time, by appointment only, with no additional permit required.
- D. Deliveries.** No delivery shall be by vehicles larger than an auto, pickup, or standard sized delivery van.
- E. Employees.** The Home Occupation shall be operated by no more than two (2) individuals, both of whom shall be residents of the dwelling. Both residents shall be listed on this application. No other person shall operate or perform any function of the business at the residence. Personal contact with employees or having an employee perform work at the site is prohibited except when authorized by the Approving Authority through approval of an Administrative Permit.
- F. Flammable or Hazardous Materials.** A Home Occupation involving the storage of flammable or hazardous materials shall not be allowed unless the Fire Department approves, in writing, the amount and the method of such storage of materials.
- G. Inspection Required.** The City of Roseville may, at all reasonable times during normal business hours, enter the premises for the purpose of inspecting to determine whether or not the conditions of this chapter are being complied with.
- H. Maximum Area.** The Home Occupation shall not require the use of more than fifteen (15) percent of the total floor area of the dwelling (including garage and detached accessory buildings). The Home Occupation shall not result in any addition to, alteration of, or exterior remodeling of the dwelling, garage or accessory structures.
- I. Merchandise for Sale.** The making of merchandise for sale is permitted provided that the storage of such merchandise does not exceed the total allowable area for Home Occupations and does not require the transporting of material or finished product by means other than an automobile, pickup or standard sized delivery van.
- J. Parking.** No Home Occupation shall result in the elimination of required off-street parking spaces.
- K. Signs.** No signs advertising the Home Occupation shall be allowed, except one vehicle used for the Home Occupation may display the business name.
- L. Vehicles.** Not more than one (1) vehicle specifically designated to be used for a Home Occupation shall be parked at the subject residence at any time. Such allowed vehicle shall not be larger than a standard pickup or delivery van. No commercial vehicles, equipment or trailers shall be parked at the residence at any time.
- M. Noise, Odors.** A Home Occupation shall not create adverse levels of noise or odors above the ambient levels in the surrounding neighborhood.
- N. Equipment.** No equipment (other than a permitted vehicle) or material relating to a Home Occupation shall be parked or stored outside the subject residence.

NOTE: Thank you for opening a business in Roseville. We want your home based business to be successful. If you have any questions regarding the Home Occupation regulations, please contact the Planning Division at (916) 774-5276.

A Business License is required for all persons who transact and carry on business within the City of Roseville. Business License information may be obtained by contacting the Finance Department at (916) 774-5310.

DISCLAIMER: This handout is intended as a guideline and tool for business owners. The City of Roseville does not guarantee these are the only steps your particular business may need prior to opening. Any technical questions should be directed to the responsible agency or your professional consultant. Roseville cannot take responsibility for operation of your business.

Frequently Asked Questions.

What is a business license?

A business license is an annual tax for doing business within the City of Roseville (City). Roseville Municipal Code requires that you obtain a license when you conduct any business activity within the City limits, even if your business is located OUTSIDE the city limits or you have a business license from another City. The business license certificate is evidence only that your tax has been paid. Other permits may be required to open your business.

Who is required to have a license?

Any person who conducts business in the City or is based in the City must obtain a business license on or before the date the business commences. Conducting business in the City without a license can result in penalties, violation notices, citations, and finally, court action.

Why must I pay a tax to do business in the City?

By City Ordinance, the tax imposed through the taxing power of the City is solely for the purpose of obtaining general revenue. Business taxes help pay for City services like roads, fire, police and other community services. These services benefit businesses, business owners and the general public.

How long is the license valid?

The business license is valid for the calendar year, January - December and it must be renewed every year in January.

What if I have more than one business or more than one location?

If you own more than one business, a separate business license is required for each type of business and for each location.

I just purchased this business... Can I use the business license from the previous owner?

No. A business license cannot be transferred or assigned. As a new owner, you need to apply for a business license in your name.

What if I close or sell the business?

Business licenses are NOT automatically canceled. We need to hear from you. You may send written notification, call or email. Please be prepared to provide the date the business closed or sold and the name of the new owner, if applicable.

I conduct business in several cities ... Can I get just one license to do business in ALL of them?

Unfortunately, you cannot. Each city has its own business license requirements. It is important to know that most California cities have a business license tax ordinance. However, each city has its own tax rate, structure, and requirements. Check with the appropriate City or County for their rules and regulations.

Will the City notify me when it is time to renew my license?

Yes, a renewal notice will be mailed each year. However, it is your responsibility to renew the business license on time even if the renewal notice is not received. Penalties are assessed for delinquent accounts, regardless of whether you receive a renewal notice or not. If you do NOT receive a notice two weeks prior to the expiration date, contact staff immediately.

What if I want to move the business?

Always check with the City's Planning Department to verify that the new location is zoned properly for the intended use and whether a use permit or other type of approval is required. Notify our office whenever you change your business name, address, phone number, business activity or ownership information. We will be happy to update the information on your account and issue a printed copy of the business license with the new information.

How long will it take to get my business license?

The actual process to apply for a business license takes only a few minutes. When the application is complete and payment is received, we issue a business license account number. The permanent business license will be mailed in about two weeks. If you need your certificate sooner, we can email you a copy to the email address provided during the application process.

Do I need a D.B.A. or Fictitious Business Name?

If your business name is anything other than your surname or has more than one owner - a partnership, association or company - you may need to file a fictitious business name statement with the Placer County Clerk's Office. Should you accidentally "infringe" upon another business name you may face legal action. You must attach a copy of your approved Fictitious Name Statement to your business license application.

Must I apply in person or can I do it by mail?

We no longer take applications in person. You may apply online, by mail, or over the phone. Be sure to include any required documents when applying by mail. Missing documentation will delay the process. Please call if you need help with either process.

Are there any restrictions on where I do business?

Every business must meet zoning requirements to ensure that the business activity and site are compatible. BEFORE SIGNING any lease or rental agreement, check with the City's Planning Department to make sure your business activity is appropriate for the zoning and that it will not heavily impact the neighborhood or require special parking considerations.

What about commercial business locations?

Check with the City's Permit Center to determine what building modifications, if any, may be necessary for your business type. A fire inspector or building inspector may visit your business in order to verify that your building or tenant area meets Fire and Building Code requirements. A Certificate of Occupancy will be issued if necessary.

I want to distribute handbills at homes to advertise my business.

Leaving handbills or flyers on doors, porches, driveways, or car windshields is discouraged.

Do I need a license if I work out of my home?

Yes. Businesses operated from the home require a business license and must comply with the City's Zoning Ordinance. The Zoning Ordinance regulates the methods in which a home-based business operates and the approved business types. Prior to starting a home-based business, a Home Occupation Application must be submitted. This serves as an agreement to abide by the conditions to operate a business from your home in Roseville.

For your convenience, we have included a copy of the Home Occupation application form in this package. Home Occupation applications are also available on line. If you have questions regarding zoning, please contact the Planning Department at: 916-774-5276.

Do State Licensed Contractors need a Business License too?

Any person licensed as a contractor by the State Contractor's Board must obtain a business license if:

1. Conducting business in the City
2. Based in the City, whether conducting business in or outside the City

When do I need a Seller's Permit?

Every business intending to sell tangible goods - wholesale or retail, commercial or home based, sales or repair oriented - requires a California Seller's Permit. To apply, contact the State Board of Equalization. You are required to provide your seller's permit number on your business license application.

Do Non-Profit Organizations need a business license?

Yes. Non-Profit organizations located within the City limits are required to obtain a business license. However, upon presentation of 501(c)(3) or 501(c)(4) documents, the business license fee is waived.

I am paid on a "1099" basis with my employer (not as an employee) ... Do I need a business license?

Yes. If you are not an employee, you are considered an independent contractor. Determining the relationship between you and your employer (or employee) can sometimes be confusing. However, put simply, if you are not paid as a W-2 employee, you are considered an independent contractor and are required to have a business license. Fortunately, the State Department of Employment Development (EDD) has a very helpful booklet highlighting specific guidelines to follow in determining the correct relationship between you and your employer/employee. Contact EDD if you are unsure of the relationship. Once a determination has been made that your relationship is not that of an employee/employer, by default then, it is that of an independent contractor subject to a business license.

What if my business has employees?

Contact the Employment Development Department for their requirements regarding State Withholding Taxes, Disability and Unemployment Insurance.

What about selling food?

Before applying for a Business License, apply for a health permit from the Placer County Environmental Health Department if you are selling or preparing food.

I have this neat idea for a great sign!

Check with the Planning Department before using or installing ANY type of sign, flag or banner, even balloons. Permanent and temporary signs require review and approval prior to issuance of permits and installation. Posting signs, handbills, or flyers on any utility pole, traffic pole, fence, tree, pier, bridge, mailbox or other public structure is prohibited.

I want to solicit a product and/or a service door-to-door. Do I need a permit?

Yes, a business license is required to solicit. Registration with and a permit from the Police Department are also required.

I want to sell merchandise outside ... What do I need to do?

Selling merchandise on any public roadway, sidewalk or on public property requires a conditional use permit. Selling merchandise or services in public parks is prohibited.

In addition to a business license, selling outdoors on private property requires an outdoor vending permit issued by the Planning Department. Approval of the Fire Department may be required as well. Most vendors at Denio's Farmer's Market and Auction do not need a business license. Please contact them for more information.

Once I get the business license it means everything is OK - I don't need anything else - right?

No. The issuance of a business license does not entitle the licensee to engage in any business that for any reason is in violation of any federal, state or local law, the Roseville Municipal Code or other ordinance. Issuance of a business license does not constitute zoning approval. Prior to opening any business, it is the responsibility of the business owner to ensure that the business is in compliance with the City's Zoning Ordinance and applicable building code requirements. A visit to the City's Permit Center is strongly recommended. You may also need the approval of other City departments, and County, State and Federal government agencies.

What else do I need to do?

Because of the vast variety of business types, we cannot cover every possibility. However, the list of agencies at the back of this booklet should help get you on your way.

How much does a business license cost?

There are five categories (schedules) of businesses. The amount you pay is based on the type of business. Your business license tax is determined by the ONE category that best describes your business type. If you are applying online, please contact us toll free at 888-602-0239 if you need assistance determining the correct business type or fee category for your business.

Certain types of business activities require additional steps in the licensing process. If you are involved in any of the following business activities, call our office for more detailed information:

- Adult Oriented Businesses
- Bingo Games
- Firearms Sales
- Fireworks Stands
- Housecleaning / Janitorial Services
- Massage Therapists / Establishments
- Public Dances
- Secondhand Vendors
- Solicitors and Itinerant Merchants
- Taxicabs and Drivers
