

WATER TREATMENT PLANT OPERATOR – GRADE III

DEFINITION

To perform a variety of routine and skilled technical duties in the continuous operation of a water treatment plant, on an assigned shift.

DISTINGUISHING CHARACTERISTICS

This is the journey level class in the Water Treatment Plant Operator series and is distinguished from the Water Treatment Plant Operator - Grade II by the ability to perform the full range of duties assigned including those that require a Water Treatment Plant Operator Grade 3 certificate. Employees at this level receive only occasional instruction or assistance as unusual or unique situations arise.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from a Water Treatment Plant Chief Operator.

May exercise technical supervision over less experienced staff.

EXAMPLES OF ESSENTIAL DUTIES– Duties may include, but are not limited to, the following:

Operate SCADA (Supervisory Control and Data Acquisition) computer equipment to control and monitor flow of water treatment and processing chemicals through the treatment plant and water distribution system; monitor gauges and meters and record meter readings; maintain shift log.

Observe variations in operating conditions; interpret computer, meter and gauge readings; check, standardize, and calibrate instruments, analyzers and chemical feed pumps; start and stop electric driven pumps and motors to control and adjust flow and treatment processes.

Collect samples and perform routine laboratory tests and analysis; determine chemical and physical characteristics of raw, settled, filtered, and finished water.

Inspect mechanical equipment for proper working order and prepare/submit work orders for mechanic and/or electrical maintenance attention; perform routine maintenance work.

Participate in preparation of reports to various external regulatory agencies, as well internal divisions and department; and participate in preparing costs estimates related to budget recommendations.

Maintain records and documentation; respond to customer questions and complaints; and assist in oversight and training of less experienced water treatment operators.

Build and maintain positive working relationships with co-workers, other City employees, and the public using principles of good customer service.

May assist in the training of less experienced staff.

Perform related duties as assigned.

MINIMUM QUALIFICATIONS

Knowledge of:

Principles, practices, and regulations related to operating a water treatment plant in accordance with the scope of duties allowed by a Water Treatment Plant Operator Grade 3 certificate.

Ability to:

Perform water treatment plant operations/activities as provided within the scope of a Water Treatment Plant Operator Grade 3 certificate.

On a continuous basis, know and understand operations, and observe safety rules. Intermittently analyze problem equipment; identify and locate equipment; interpret work orders; remember equipment location; and explain jobs to others.

Intermittently, sit while studying or preparing reports; bend, squat, climb, kneel and twist when performing installation of equipment; perform simple and power grasping, pushing, pulling, and fine manipulation; and lift or carry weight of 40 pounds or less.

Communicate clearly and concisely, both orally and in writing.

Keep and maintain written records and reports.

Establish and maintain effective working relationships with those contacted in the course of work.

Experience and Training

Experience:

Two years of increasingly responsible experience operating a water treatment plant, similar to that of a Water Treatment Plant Operator – Grade II with the City of Roseville.

Training:

Equivalent to completion of the twelfth (12th) grade, GED, or higher level degree.

License or Certificate

Possession of a valid California driver's license by date of appointment.

Possession of a Water Treatment Plant Operator Grade 3 (T3) certificate issued by the California State Water Resources Control Board by date of appointment.
