

PUBLIC SAFETY

Emergency Access

Provide Police and Fire Access to Roadless Areas

- Linear Parks
- Open Spaces

Trail Use

Active Transportation and Recreation

- Safe Routes to School
- Separation from Vehicles
- Improve Air Quality
- Recreation

Respecting Boundaries

Clear Boundary between Trail and Private Property

- Landscaping
- Art
- Signs
- Fencing

Trail Access

Physical Elements to Define and Control Access

- Signage
- Entrance Features
- Well-delineated Access Points
- Divided Trail
- Landscaping

Non-physical Elements to Define and Control Access

- Paving Textures
- Nature strips
- Striping

Maintenance

Low Maintenance Design

- Careful Materials Selection
- Erosion control measures
- Drought tolerant plants

Natural Surveillance

Maximizing Eyes on the Trail

- Good Sight Lines
- Minimal Obstructions
- Light Key Locations
