HIGHLIGHTS

FISCAL YEAR 2010-2011

The report includes a series of graphs illustrating significant trends in major operational areas, financial analysis by fund and performance reporting on specific organizational objectives for fiscal year 2010-11. The financial data includes the 2010-11 budgets as revised and all recognized revenues and expenditures (year-end accruals included). Financial status may change with the completion of the independent audit.

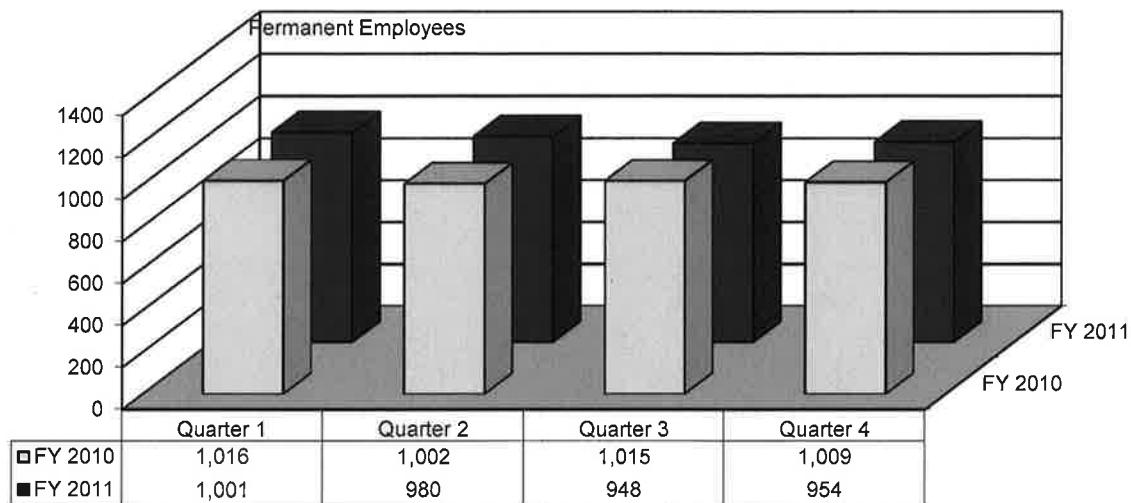

Roseville, like many other agencies, is struggling with the economic slowdown. However, the city took a proactive approach and reduced operating costs beginning in FY2007, at the first signs of the slowdown. This is the fifth consecutive year that departments reduced materials, supplies and services. These reductions have enabled the General Fund to maintain a 10% Economic Reserve.

The General Fund ended better than expected due to slightly higher than anticipated revenues along with expense savings. Approximately \$2.2 million of the expense savings from FY11 will be spent in FY12. The Electric Operations fund ended better than expected and was able to support the planned transfer of approximately \$6.3 million into the Rate Stabilization fund. Although utility sales revenues were lower than expected by \$6.7 million, expenses savings mainly from power supply, the power plant and debt service were \$16 million putting that fund in a better than anticipated position. Solid Waste Operations also ended the year with higher than anticipated available resources due revenues being slightly higher than expected and expenses being approximately \$1.3 million lower than anticipated due to savings of close to \$1 million in tipping fees. Wastewater operations ended the year nearly \$10.5 better than forecast due to almost \$7 million more in revenue than anticipated in reimbursed wastewater operating costs. Expenses were also \$2.8 million less than budget primarily in the operating costs at the Pleasant Grove wastewater treatment plant and in environmental utilities maintenance costs. The Water Operations fund ended the year with slightly more than \$2 million more than anticipated. Although revenues were slightly lower than forecast, expenses were \$2.2 million less than anticipated due primarily to lower costs for water treatment and storage, water distribution and purchased water.

The increase in unemployment insurance payments over the past few years is due to the initial and extended unemployment insurance payments that have been mandated by the federal government. The unemployment self-insurance premium rate increases from 0.225% in FY11 to 0.5% in FY12. This rate increase is intended to cover the increase in claims as well as the interfund loan payment. This fund is anticipated to have a positive available resource balance in FY12 and claims are expected to level off during the fiscal year.

PROGRAM / PERFORMANCE REPORT

Fiscal Year 2010 - 2011

MAJOR SERVICE AREA	GENERAL GOVERNMENT	DEPARTMENT	CITY MANAGER (01500)	PROGRAM	COMMUNICATIONS (01520)
PROGRAM					
To promote and strengthen Roseville's identity by ensuring the City speaks with one voice in all communications--online, on our TV channel, in the news media, in newsletters, in speeches, in brochures and advertising.					
PROGRAM OBJECTIVE					
		<ul style="list-style-type: none"> - Provide accurate, consistent, timely information to news media as City's primary spokesperson and through new City news bureau. - Promote city services and initiatives through Web site, COR-TV, media relations, advertising, Reflections newsletter, brochures, and presentations. - Develop and monitor consistent brand practices. - Lead communications during citywide emergencies and EOC activation. - Lead citywide Centennial Celebration through community outreach, fundraising, historic remembrances, school outreach, special events and merchandising. - Strategize weekly the key messages to promote to regional media, on COR-TV, on Web site, and in Reflections newsletter. - Consult with departments and work teams on communications strategy for sensitive issues, special initiatives, and high-visibility projects. - Provide professional photography of people, places, and events to expand and catalog Roseville's archived digital photo library. - Monitor compliance of Comcast and SureWest with requirements of cable franchise agreements with City. - Create multi-media productions for broadcast on COR-TV, video streaming live on the Web as well as archived on the City's Web site. - Write newsletters, columns, speeches, news releases, brochure copy, and Web content. 			
PERFORMANCE MEASURES					
WORK VOLUME		Quarter 1	Quarter 2	Quarter 3	Quarter 4
<ul style="list-style-type: none"> - Number of citywide Communications Team meetings held - Number of special events supported (COR-TV, speech writing, publicity, Web) - Number of committees and work groups supported by Communications - Number of issues for which strategic communications consultation provided - Number of meeting/hours of live meeting coverage on COR-TV - Number of video projects streamed on Web site - Number of visitors to City's Web site - Number of photos taken 					
EFFICIENCY / EFFECTIVENESS		Quarter 1	Quarter 2	Quarter 3	Quarter 4
<ul style="list-style-type: none"> - Number of City Views, City Manager Messages, Chamber columns written - Number of print jobs monitored by Comms for cost savings and quality - Percentage of franchisee/subscriber disputes brought to City resolved - Number of departmental cross-marketing opportunities achieved - Number of Employee newsletter items posted on Intranet - Percentage of compliance with City brand guidelines in all messaging - Cost per capita for services 					
COMMENTS					
<p>Reduced staffing and lack of replacements have resulted in many changes. Meetings are less frequent. Photos are no longer taken. The Chamber newsletter is produced less frequently. The Cable Franchise management has been moved to Finance. The way we count visitors/page views has changed since the target was set. The employee newsletter has been on hold, along with the community newsletter since we have no support staff. At the same time we are producing more City Manager messages, having transitioned to a blog format and we now handle government affairs, neighborhood services, and special events.</p>

COMMENTS						
<p>The target number of good intent/service calls is much higher than actual due to the way we now categorize our incidents. 11/12 measures have been updated.</p> <p>The actual number of inspections/pre-fire plans is much higher than the target due to changes in the inspection program and a higher priority given to pre-fire planning.</p> <p>Public education programs have grown due to the addition of a 0.5 FTE dedicated staff. In addition, overall changes to the program through use of assemblies has increased outreach.</p>

MAJOR SERVICE AREA TRANSPORTATION	DEPARTMENT PUBLIC WORKS (08300)	PROGRAM (08350 - 08354)	LOCAL TRANSPORTATION			
PROGRAM						
Roseville's Alternative Transportation Division creates a vibrant, healthy community by providing safe transportation options.						
Simply put, we make it easier for people to get around.						
PROGRAM OBJECTIVE						
Implement Roseville's Short and Long Range Transit Plans, as well as the South Placer County DAR Study and BRT Study, which include the following:						
<ul style="list-style-type: none"> - Expand and provide a mix of transit services that fit the needs of the community. - Increase annual transit ridership and annual passenger miles using transit. - Meet the statutory 15% farebox recovery. - Maintain low service costs and seeking stable outside funding sources. - Operate the South Placer Call Center and Transit Ambassador Program 						
Implement the Bikeway Master Plan and provide feedback regarding the effectiveness of the City's Transportation Systems Management (TSM) Ordinance.						
Implement the Pedestrian Master Plan and promote programs which help achieve its goals.						
Adopt and implement the Pedestrian Master Plan and promote programs which help achieve its goals.						
Monitor air quality mandates and implement programs as necessary.						
Increase awareness of alternative transportation and its benefits for a safe and healthy community.						
Provide primary staff support to the Transportation Commission.

COMMENTS						
* Farebox recovery ratio figures are firm, but still not final to reflect close of year end accounting by Finance Department.						
** Riderhip projections were created before service reductions approved by Council in April 2010. Although commuter ridership is up over 15% for the year, overall ridership has declined based upon 15% reduction in local fixed route services and local economic conditions.						
*** More than 19 Transit Ambassadors have been trained this year; those who remain as active is a reflection of the ability of the volunteers to dedicate time to the program. The program, for the first time, is truly regional and has expanded to all of Placer County.

MAJOR SERVICE AREA	WASTEWATER	DEPARTMENT	ENVIRONMENTAL UTILITIES (08400)	PROGRAM	WASTEWATER COLLECTION (08432)
PROGRAM					
To eliminate health hazards and inconvenience to the general public by maintaining the integrity of the existing wastewater collection system, with special emphasis on old development. To monitor and maintain the recycled water system that will provide irrigation water users an alternative water source.					
PROGRAM OBJECTIVE					
- To devote at least 80% of working staff time to the preventive maintenance program (wastewater and recycled).					
- To ensure capital improvements are made as required during the fiscal year.					
- To flush 300 miles of sewer mains and vacuum 1,054 manholes during the fiscal year.					
- To ensure safety on-the-job through frequent safety inspections and training and incur "0" on-the-job accidents during the fiscal year.					
- To T.V. inspect 20 miles of sewer mains during the fiscal year.					
- To devote at least 1500 hours towards the recycled system.					
- To install 75 clean outs during the fiscal year.					
- To maintain a reliable and efficient wastewater collection system.					
- To have no reportable spills during the fiscal year.					
- To clean 8 miles of service laterals.					
- To chemically treat 2 miles of service laterals to control root growth.					
PERFORMANCE MEASURES

- Number of accidents on-the-job		0	1	0	2
- Number of reportable spills		0	0	0	0
COMMENTS					
3 on the job accidents were a laceration through PPE , laceration to the head, and concrete debris in eye					
CIP for Manhole rehabilitation has been completed, but has yet to receive City Council Approval.					
The number of services that have been rehabilitated is low due to sole source issues of our lateral lining system. Equipment not yet received.					
Manhole cleaning numbers are up, due to inspection process where each MH is pressure washed and inspected to assist in the development of CIP for Manhole rehab					
Chemically treated service laterals are zero, due to limited testing dates for State Applicator.

COMMENTS																																																													
Water use was so low throughout the City, aggressive public education was not necessary. Emphasis was placed on water waste patrols. For various reasons, there were 44 participants that dropped out of the Cash for Grass program throughout the fiscal year dropping the goal below target.

COMMENTS	<p>The explanation regarding the significant difference in the year to date total of the storm drain marker installation is that we had a volunteer that was able to take on more projects than we anticipated. We may need to modify that number in the future as we have completed that project. As for the difference in the number of materials created (66 % vs 100%) we did not complete one of our large exhibits and the handouts that went with it in time to count it for this report.</p>

(1) Measure was incorrectly stated. The actual work volume being measured is "Perform a detailed inspection to all distribution equipment once every 5 years" Based on that work volume measure we hit our goal of 100%. ⁽²⁾ The actual program was replacing bulbs every 4 years, thus the large increase in numbers for that measure.

(3) Regarding the Work Volume measure "Inventory counts annually" RE did not take over the inventory count process from Stores until the second quarter. The reliability numbers for this year have significantly outperformed the goals. This can be attributed to the increased focus on maintenance and the cable replacement program. This is the first year the cable replacement program has addressed the smaller or primary loop cables within the city.

(4) Targets were set without historical data. Managers view training as vital and increased attendance surpassing goals.

(5) This rate is based on a calendar year end values and can only be reported post year end. Injury rate was 3.87 for the year, below the target.

(6) The goal was inaccurately stated at 200, should have been 620. High number is due to large number of service requests from Finance Billing related to commercial meters.

Reduced number of REP estimated system and water quality assurance checks was due to the facility dispatch being reduced for economics. The majority of these checks only take place when the facility is online. The 5090 account values are estimated based on forecasts and actual bills. This is not the final number that will be in IFAS, but should be close.
